The True Story of Murder on Music Row through the eyes of the sole survivor, Sammy Sadler. "A story of survival. A story of revival. A story that had to be told. An incredible read that will keep you on the edge of your seat!" - Country Music Star Deborah Allen In 1989, country newcomer Sammy Sadler had already charted several critically-acclaimed singles and was ready to release his first album when he was shot during the assassination of then Cash Box chart-manager, Kevin Hughes, an incident known around the world as the "Murder on Music Row." The police had no suspects, and even though Sammy suffered a nearly fatal bullet wound, the officers kept him under suspicion during the 13-year investigation. Eventually, the investigation would reveal an elaborate web of corruption, chart-rigging and payola, a clear motive and suspect for the murder. An ending that rocked the music industry for many years to come. In this first-hand account, Sadler recounts his personal and sensational journey from wide-eyed, promising, Top-40 newcomer to "person of interest" and survivor of one of the most infamous killings in the music business. From his struggle to recover from his nearly-fatal injuries to the turmoil endured during the 13-year career-throttling investigation, this autobiographical account is a demonstration of his faith and his resilient passion for music that would allow him to move forward and continue to pursue his dreams. How to Hit a Curveball, Grill the Perfect Steak, and Become a Real Man Simon and Schuster

Copiously researched and documented, *Hit Men* is the highly controversial portrait of the pop music industry in all its wild, ruthless glory: the insatiable greed and ambition; the enormous egos; the fierce struggles for profits and power; the vendettas, rivalries, shakedowns, and payoffs. Chronicling the evolution of America's largest music labels from the Tin Pan Alley days to the present day, Fredric Dannen examines in depth the often venal, sometimes illegal dealings among the assorted hustlers and kingpins who rule over this multi-billion-dollar business. Updated with a new last chapter by the author.

In order to save her mother, a teen is forced to become an indentured assassin in this sizzling "movie ready" (Kirkus Reviews) dystopian thriller. No one reads the fine print. The good news is that the USA is finally out of debt. The bad news is that it was bought out by Valor National Bank, and debtors are the new big game, thanks to a tricky little clause hidden deep in the fine print of a credit card application. Now, after a swift and silent takeover that leaves 9-1-1 calls going through to Valor voicemail, they're unleashing a wave of anarchy across the country. Patsy didn't have much of a choice. When the suits showed up at her house threatening to kill her mother then and there for outstanding debt unless Patsy agreed to be an indentured assassin, what was she supposed to do? Let her own mother die? Patsy is forced to take on a five-day mission to complete a hit list of ten names. Each name on Patsy's list has only three choices: pay the debt on the spot, agree to work as a bounty hunter, or die. And Patsy has to kill them personally, or else her mom takes a bullet of her own. Since yarn bombing is the only anarchy in Patsy's past, she's horrified and overwhelmed, especially as she realizes that most of the ten people on her list aren't strangers. Things get even more complicated when a moment of mercy lands her with a sidekick: a hot rich kid named Wyatt whose brother is the last name on Patsy's list. The two share an intense chemistry even as every tick of the clock draws them closer to an impossible choice. An absorbing, frightening glimpse at a reality that is eerily just steps away from ours—Hit is a taut, suspenseful thriller that absolutely mesmerizes from start to finish.
