The False Friend Legare Street Press
 With *People of the Mist*, bestselling authors W. Michael Gear and Kathleen O'Neal Gear take us to the Chesapeake Bay of six hundred years ago, when the unprovoked and brutal murder of a young woman on the eve of her wedding threatens to turn the entire Algonquin Nation against itself in a brutal war that could destroy them as a people. No ordinary woman, Red Knot was the heir to the Greenstone Clan and the future leader of the independent villages. Her death has shattered all alliances and left a power void that several ambitious clan chiefs see as their destiny to fill. The very air vibrates with the drums and war cries of the rallying warriors. Into the eye of this brewing storm steps the bitter old man they call The Panther. Feared as a sorcerer, The Panther is the only one with the power to demand to be heard by all. But as he digs deeper into the ever-thickening web of lies surrounding the murder, and uncovers darker, more deeply rooted secrets, he fears there may be no words to stop the impending bloodshed. Bestselling author Robin Jones Gunn brings readers a poignant Christmas novella about a woman, desperate for a place to belong, who finds herself in London a few days before Christmas, looking for the father she never knew. In *FINDING FATHER CHRISTMAS*, Miranda Carson's search for her father takes a turn she never expected when she finds herself in London with only a few feeble clues to who he might be. Unexpectedly welcomed into a family that doesn't

recognize her, and whom she's quickly coming to love, she faces a terrible decision. Should she reveal her true identity and destroy their idyllic image of her father? Or should she carry the truth home with her to San Francisco and remain alone in this world? Whatever choice she makes during this London Christmas will forever change the future for both herself and the family she can't bear to leave. Robin Jones Gunn brilliantly combines lyrical writing and unforgettable characters to craft a story of longing and belonging that will stay with readers long after they close the pages of this book.

When the Chinese arrive in Ridge Manor, Florida, Sheriff Wayne is the only one who knows they're coming. He tried to warn the rest of the town, but no one would listen and now it's too late. Joanna Markes has just come back to town after ten years on the run from her parents who didn't want her to have the child she was carrying at only sixteen. The sudden death of her husband and father of her child forces her to come home just in time for the invasion. As the days pass in the small town, now heavily invaded by soldiers, Joanna and Wayne both realize something is off with this invasion and with their invaders. Why are there so many of them, especially in their little town, and why is the highest in command settling at City Hall? Why are there no airplanes in the sky, tanks or bombs going off? Where is their own military and how could they invade the entire country so easily? Each step closer to the truth is more terrifying than the last and Joanna finds herself moving further from the world she knows and soon she dives into a world she didn't know existed.

Anna Katharine Green (1846–1935) was an American novelist and poet. Among the first writers of detective fiction in America, she is considered to be the

“mother” of the genre for her legally-accurate and well-thought-out plots. Her novel “Hand and Ring” centres around the curious case of Widow Clemmens who is murdered in her parlour while the town's lawyers are congregating outside the courthouse. During the investigation, two possible culprits are identified, but whether or not either of them is really guilty and the role of the enigmatic Miss Imogene Dare are the subject of a rigorous courtroom debate. The fourth instalment of Green's detective series featuring Mr. Gryce, “Hand and Ring” is a riveting tale of mystery and justice not to be missed by fans of classic detective fiction. Other notable works by this author include: “The Leavenworth Case” (1878), “A Strange Disappearance” (1880), and “The Circular Study” (1900). Read & Co. Classics is proudly republishing this vintage detective novel now in a brand new edition complete with a specially-commissioned new biography of the author.

Minoru Onoda is best known as a member of Gutai, Japan's first postwar radical artistic movement, which challenged what it saw as the rigid, reactionary ideologies of the art of the time and initiated new ones that redefined the relationships among matter, time, and space. Concurrent to the inception of Gutai, Onoda became enchanted by concepts of repetition, producing paintings and drawings with amalgamations of gradually increasing dots and organically growing shapes. But less is known in the West about Onoda's early and late-career work. At long last, this first full book on Minoru Onoda introduces him as an artist in his own right. Apart from his role with Gutai, the book mines Onoda's sketchbooks and completed works to explore his creative process over time, from his artistic education in the 1960s at the Osaka

Institute of Fine Arts and the Osaka School of Art to his later works following the 1972 disbanding of Gutai, which see the artist moving toward a monochrome and more conceptual style. Alongside critical essays by Edward M. Gómez, Astrid Handa-Gagnard, Shoichi Hirai, and Koichi Kawasaki, and Takesada Matsutani are 175 full-color illustrations.
