The Case for a Four Day Week Libros
Mentores

You and your company can work less, be
more productive, and make time for
what's really important. The idea of
success embraced by the global economy
means being always-on, never missing an
opportunity, and outworking your peers.
But working ever-longer hours is't

sustainable for companies or individuals.
Fatigue-induced mistakes, whether in the
operating room or factory line, cost
companies billions, and overwork alienates
and burns out valuable employees. But
what if there is another way? Shorter tells
the story of entrepreneurs and leaders all
over the world who have discovered how
to shrink the workweek without cutting
salaries or sacrificing productivity or
revenues. They show that by reducing
distractions, eliminating inefficiencies, and
creating time for high-quality focus and
collaboration, 4-day workweeks can boost

recruitment and retention, make leaders more thoughtful and companies more sustainable, and improve work-life balance. Using design thinking, a business and product development process pioneered in Silicon Valley, futurist and consultant Alex Pang creates a step-by-step guide for readers to redesign their workdays.

George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while describing a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and where the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and initiates a forbidden love affair with another party member.

Pretty Little Liars 4-Book Collection: Books 1-4 Houghton Mifflin Harcourt

FORBES #1 CAREER BOOK TO READ IN 2018 The larger-than-life journey of an 18-year-old college freshman who set out from his dorm room to track down Bill

Gates, Lady Gaga, and dozens more of the world's most successful people to uncover how they broke through and launched their careers. The Third Door takes readers on an unprecedented adventure—from hacking Warren Buffett's shareholders meeting to chasing Larry King through a grocery store to celebrating in a nightclub with Lady Gaga—as Alex Banayan travels from icon to icon, decoding their success. After remarkable one-on-one interviews with Bill Gates, Maya Angelou, Steve Wozniak, Jane Goodall, Larry King, Jessica Alba, Pitbull, Tim Ferriss, Quincy Jones, and many more, Alex discovered the one key they have in common: they all took the Third Door. Life, business, success... it's just like a nightclub. There are always three ways in. There's the First Door: the main entrance, where ninety-nine percent of people wait in line, hoping to get in. The Second Door: the VIP entrance, where the billionaires and celebrities slip through. But what no one tells you is that there is always, always... the Third Door. It's the entrance where you have to jump out of line, run down the alley, bang on the door a hundred times, climb over the dumpster, crack open the window, sneak through the

kitchen—there's always a way in. Whether it's how Bill Gates sold his first piece of software or how Steven Spielberg became the youngest studio director in Hollywood history, they all took the Third Door.

DESCRIPCION DEL LIBRO ORIGINAL:

Encontrarás en este libro los argumentos que avalan la idea de que trabajar menos conduce a grandes objetivos y a mayores ganancias. Se trata de poner en práctica los hábitos y los principios que usan los dueños de grandes fortunas: vivir una vida disfrutando el momento y no morir como un esclavo. Este libro está dirigido a

aquellos que están dispuestos a cambiar, que quieren mejorar su estilo de vida, que aspiran a ser felices en su trabajo, que tienen la mente abierta para experimentar nuevos comportamientos que les permitirán ser más eficientes y ganar más dinero en menos horas. ¿Qué propone Timothy Ferriss? Sugiere una serie de acciones encaminadas a trabajar sólo 4 horas a la semana ganando más dinero que el que se obtendría en un trabajo normal, disfrutando además de mini vacaciones periódicas que permiten disfrutar más de la vida. Vale la pena leerlo. La vida pasa muy rápidamente y cada momento que pierdas, no se recupera.

Pueden guiarnos lo que hacemos en nuestras vidas y cómo lo hacemos. Muchos de nosotros amamos los libros mientras los leemos y hasta resuenan con nosotros algunas semanas después, pero luego de 2 años no podemos recordar si lo hemos leído o no. Y eso no está bien. Recordamos que en el momento, aquel libro significó mucho para nosotros. ¿Por qué es que tiempo después nos hemos olvidado de

todo? Este resumen toma las ideas más importantes del libro original. A muchas personas no les gusta leer, solo quieren saber qué es lo que el libro dice que deben hacer. Si confías en el autor no necesitas de los argumentos. La gran parte de los libros son argumentos de sus ideas, pero muy a menudo no necesitamos argumentos si confiamos en la fuente. Podemos entender la idea de inmediato. Toda esta información está en libro original. Este resumen hace el esfuerzo de reducir las redundancias y convertirlas en instrucciones directas al grano para las personas que no tienen intención de leer el libro en su totalidad.
