An overlooked classic of Italian literature, this epic and unforgettable novel recounts one man's long and turbulent life in revolutionary Italy. At the age of eighty-three and nearing death, Carlo Altoviti has decided to write down the confessions of his long life. He remembers everything: his unhappy childhood in the kitchens of the Castle of Fratta; romantic entanglements during the siege of Genoa; revolutionary fighting in Naples; and so much more. Throughout, Carlo lives only for his twin passions in life: his dream of a unified, free Italy and his undying love for the magnificent but inconstant Pisana. Peopled by a host of unforgettable characters - including drunken smugglers, saintly nuns, scheming priests, Napoleon and Lord Byron - this is an epic historical novel that tells the remarkable and inseparable stories of one man's life and the history of Italy's unification. Ippolito Nievo was born in 1831 in Padua. *Confessions of an Italian*, written in 1858 and published posthumously in 1867, is his best known work. A patriot and a republican, he took part with Garibaldi and his Thousand in the momentous 1860 landing in Sicily to free the south from Bourbon rule. Nievo died before he reached the age of thirty, when his ship, en route from Palermo to Naples, went down in the Tyrrhenian Sea in early 1861. He was, Italo Calvino once

said, the sole Italian novelist of the nineteenth century in the 'daredevil, swashbuckler, rambler' mould so dear to other European literatures. Frederika Randall has worked as a cultural journalist for many years. Her previous translations include Luigi Meneghello's *Deliver Us* and Ottavio Cappellani's *Sicilian Tragedy* and Sergio Luzzatto's *Padre Pio: Miracles and Politics in a Secular Age*. Lucy Riall is Professor of Comparative History at the European University Institute. Her many books include *Garibaldi. Invention of a Hero*. 'Of all the furore that came out of the Risorgimento, only Manzoni and Nievo really matter today' - Umberto Eco 'The one 19th century Italian novel which has [for an Italian reader] that charm and fascination so abundant in foreign literatures' - Italo Calvino 'Perhaps the greatest Italian novel of the nineteenth century' - Roberto Carnerò 'A spirited appeal for liberté, égalité and fraternité, the novel is also an astute, scathing and amusing human comedy, a tale of love, sex and betrayal, of great wealth and grinding poverty, of absolute power and scheming submission, of idealism and cynicism, courage and villainy' - The Literary Encyclopedia

A resolute defense of philosophy and hermeneutics against the threats of dogmatism and relativism. Luigi Pareyson (1918–1991) was one of the most important Italian philosophers to emerge after World War II and stands shoulder to shoulder with fellow hermeneutic thinkers Hans-Georg Gadamer and Paul Ricoeur. The product of a well-developed theory of interpretation that stretches back to the late 1940s, his 1971 masterpiece *Truth and Interpretation* provides the historical impetus and theoretical framework for

the questions of existence, art, and politics that would motivate his most famous students, Umberto Eco and Gianni Vattimo. In a time when the meaning of truth as an interpretation is challenged by the chaotic din of media on the one side and the violent force of absolute claims from science, religion, and political economy on the other, Pareyson's meditation on the value of thinking that is shaped by the traditions of philosophy and yet responds to contemporary demands remains timely and pressing more than forty years after its initial publication.

The Nobel Prize-winning "master of the bizarre plunges the reader into a world of tortured imagination" in this four-novella collection (*Library Journal*). In this startling quartet of his most provocative stories, the multiple prize-winning author of *A Personal Matter* reaffirms his reputation as "a supremely gifted writer" (*The Washington Post*). In *The Day He Himself Shall Wipe My Tears Away*, a self-absorbed narrator on his deathbed drifts off to the comforting strains of a cantata as he recalls a blistering childhood of militarism, sacrifice, humiliation, and revenge—a tale that is questioned by everyone who knew him. In *Prize Stock*, winner of the Akutagawa Prize, a black American pilot is downed in a Japanese village during World War II, where the local children see him as some rare find—exotic and forbidden. In *Aghwee The Sky Monster*, the floating ghost of a baby inexplicably haunts a young man on the first day of his first job. And in the title story, a devoted father believes he is the only link between his mentally challenged son and reality. "[A] remarkable book."

*Sport and Society in Ancient Greece* provides a concise and readable introduction to ancient Greek sport. It covers such topics as the links between sport, religion and warfare, the origins and history of the Olympic games, and the spirit of competition among the Greeks. Its main focus, however, is on Greek sport as an arena for the creation and expression of difference among individuals and groups. Sport not only identified winners and losers. It also drew boundaries between groups (Greeks and barbarians, boys and men, males and females) and offered a field for debate on the relative worth of athletic and equestrian competition. The book includes guides to the ancient evidence and to modern scholarship on the subject.

The first women representatives in the United States were elected in 1894 when Colorado votes sent three women to the state legislature. Now, a century later, women almost everywhere are the majority of voters but a distinct minority of elected officials. This discrepancy is a puzzle for those who thought democratic institutions would incorporate newly enfranchised women, and a problem for those working to expand democratic representation. Darcy, Welch, and Clark examine women candidates and candidacies in the United States and several other democratic nations. Their careful analysis reveals that male voters and political elites are not the barriers to women's election that common wisdom suggests. Instead, they find that a party's ability to determine candidate selection, along with election procedures

that benefit incumbents, produces slow turnover of elected officials and few opportunities for new women candidates. In addition, the authors analyze nomination procedures and election systems to document both the conditions that lead political parties to nominate more women and the mechanisms that yield more victories by women candidates. *Women, Elections, and Representation* is an extensively revised and expanded edition of a successful text that provides a thorough and up-to-date account of research on women and politics.

Most studies of immigration to the New World have focused on the United States. Samuel L. Baily's eagerly awaited book broadens that perspective through a comparative analysis of Italian immigrants to Buenos Aires and New York City before World War I. It is one of the few works to trace Italians from their villages of origin to different destinations abroad. Baily examines the adjustment of Italians in the two cities, comparing such factors as employment opportunities, skill levels, pace of migration, degree of prejudice, and development of the Italian community. Of the two destinations, Buenos Aires offered Italians more extensive opportunities, and those who elected to move there tended to have the appropriate education or training to succeed. These immigrants, who adjusted more rapidly than their North American counterparts, adopted a long-term strategy of investing savings in their New World home. In New York, in contrast, the immigrants found fewer skilled and white-collar jobs, more competition from previous immigrant groups, greater discrimination, and a

less supportive Italian enclave. As a result, rather than put down roots, many sought to earn money as rapidly as possible and send their earnings back to family in Italy. Baily views the migration process as a global phenomenon. Building on his richly documented case studies, the author briefly examines Italian communities in San Francisco, Toronto, and Sao Paulo. He establishes a continuum of immigrant adjustment in urban settings, creating a landmark study in both immigration and comparative history.

This bestselling, seminal book - a general survey of Europe in the era of 'Renaissance and Reformation' - was

originally published in Denys Hay's famous Series, 'A General History of Europe'. It looks at sixteenth-century Europe as a complex but interconnected whole, rather than as a mosaic of separate states. The authors explore its different aspects through the various political structures of the age - empires, monarchies, city-republics - and how they functioned and related to one another. A strength of the book remains the space it devotes to the growing importance of town-life in the sixteenth century, and to the economic background of political change.

*The Letters of Lady M. W. Montagu, During the Embassy to Constantinople 1716-18* U of Nebraska Press

The setting for his collection of eighteen stories by Gabriele D'Annunzio (1863-1938) was the Adriatic seaport of Pescara and its hinterland in the Italian region of Abruzzo, the author depicting events and personalities from the time of his youth, but also drawing from bygone incidents that were yet memorable in the area's folk history.

Pescara may not have had the cachet of celebrated cities such as Venice or Florence, but sympathetically and wryly revealed here by the pen of one of Italy's great writers it lives and breathes with a vitality probably best compared to that of James Joyce's 'dear dirty Dublin'. Indeed Joyce, who admired D'Annunzio, may well have been inspired by the Italian's cameos of small-town life, his parade of saints, voluptuaries and reprobates, their repressions, obsessions, individual dissolutions, collective explosions of anarchy, and their aptness for bizarre behavior that extended from the catatonic to the manic. D'Annunzio came to recognize just how exotic his native region was after he had left it for Rome, where he worked for some years as a journalist and essay writer in the employ of various literary magazines. His Abruzzo articles, and especially those in which he records examples of extraordinary devotional behavior (akin to what Mark Twain was witnessing at that time on the

banks of the Ganges), became the basis of the stories in this collection. D'Annunzio was a published poet at the age of sixteen, and his verse has never been absent from the Western Canon since. Something of his painterly style, the layered brushwork of his descriptions, the gorgeous romantic renderings of rural scenes and the moods of the sea, his celebrations of sensuality, his aesthete's fascination with all the possible bodily conditions, from the virginal-voluptuous to the decayed and moribund (he has been hailed as 'the body's poet'), will amaze and delight the reader even in the blandest and most dictionary-dependent translation. The present one is no such, however. Vladislav Zhukov is an experienced translator who has rendered works from four languages into English, including a substantial book of poetry, three volumes of short stories, and a novel (all available on Amazon.com). His knowledge of Italian is that of someone who acquired the language while living in Italy during his youth.
