*Lobo's Back (1992-) #1* 2000 AD

The ABC Warriors are sent into the dreaded Time Wastes on a desperate mission to close a black hole. The fate of the universe hangs on the success of seven ex-war robots, even as the comrades begin to fight amongst themselves. The Termight Empire was able to expand across the universe once an artificial black and white hole was constructed on Terra. Now Nemesis the Warlock's wayward son Thoth, on a quest for vengeance against Torquemada, has destabilised the cosmic subways around the Termight Capital bringing destruction to Terra. Nemesis, in an

attempt to stop the end of time has sent the ABC Warriors into the dreaded Time Wastes. Now the fate of everything hangs on the success of seven ex-war robots, even as the comrades begin to fight amongst themselves. The ABC Warriors are back. Spread the word.

*Resident Evil Code Veronica* Penguin

They are the ultimate fighting force - seven atomic, bacterial, and chemical proof robots who tamed the planet Mars. As a team they are undefeatable, but how do they fare when operating alone? Joe Pineapples shows why he is considered the galaxy's greatest (and most stylish) assassin, as he targets the president of the world.

**Slaine: Dragontamer** 2000 AD

Robots with attitude; a world to tame; a future to save. The

Volgan War has raged for years, spreading off of earth and onto Mars. Now an earth general has assembled a team of advanced robots - capable of withstanding atomic, bacterial or chemical attack - to finally conquer the 'devil planet.' They are the ABC Warriors - and they've come to tame a planet. Spread the word! Created by 2000 AD's creator, Pat Mills, with art by Kevin O'Neill (The League of Extraordinary Gentlemen), Mike McMahon (The Last American) and Dave Gibbons (Watchmen), amongst others, this is classic 2000 AD at its very best!

*The Art of Simon Bisley Redux* Dynamite Entertainment

The boundaries between artificial intelligence and human intelligence are explored and the history of how the atomic, bacterial and chemical robots are initiated into the service of the Khaos agency, and tested on subsequent missions.

Be Pure! Be Vigilant! Behave! DC

Mars, the far future. War droids created for a conflict that ended centuries ago, the ABC Warriors are resistant to Atomic, Bacterial and Chemical warfare. Charged with bringing peace to the civil war-ravaged frontier colonies on the Red Planet, the Warriors have finally recruited ex-member Happy Shrapnel. Realising that their maker, Ro-Busters CEO Howard Quartz, is the figurehead behind most of the devastation on Mars, the Warriors decide to terminate him. The problem is that due to their programming, they can't. And yet, there was one robot who defied Quartz on a regular basis. An ex-sewer droid with a bad attitude... An ally of the A.B.C. Warriors called Ro-Jaws...

Sláine: Warrior's Dawn 2000 AD

The second graphic novel taken from the hit video game and movie series - Resident Evil Code Veronica Vol. 2 finds Steve and

Claire continuing to try and find their way off of Umbrella's zombie-infested island. These flesh-eating zombies, monstrous beasts and strange mutations are spreading around the globe. The big question is: Will Claire ever uncover the details behind the bio-tech conspiracy?

**Strontium Dog: Search/destroy Agency Files** DC Comics

"Termight, a world at the heart of a cruel galactic empire. A world devastated by nuclear warfare. Deep below ground, its inhabitants try to eke out a mere existence, continually threatened by the Terminators, lead by the diabolically evil Torquemada....There is a resistance though, and a new kind of hero. Meet Nemesis the Warlock, champion of the coming rebellion!"--P. [4] of cover.

On Call in Hell 2000 AD

At age thirty-eight, Navy Dr. Richard Jadick was too old to be called up to the front lines-but not too old to volunteer. This is the inspiring story of one man's decision to enter into the fray-and a compelling account of courage under fire. Both wrenching and uplifting, On Call in Hell is a portrayal of brothers-in-arms that few will be able to forget. Awarded a Bronze Star with a Combat V for valor, Jadick has become a modern American legend-and a true American hero.

*Nemesis the Warlock* 2000 AD

The Volgan war has raged for years, spreading off Earth and on to Mars. Now an Earth general has assembled a team of advanced robots capable of withstanding atomic, bacterial or chemical attack, to finally conquer the devil planet. They are Hammerstein, a war-droid whose chest puffs with pride when he hears the national anthem; Joe Pineapples, a secretive, ice-cool sniper;

Blackblood, so evil he drinks the oil of fallen robots; Mongrol, a mindless killing machine; Happy Shrapnel, a sharp-shooting old-timer; Steelhorn, the self-styled greatest robot ever created; and Deadlock, the mysterious Khaos-worshipper and wielder of the mystical Ace of Swords. They are the A.B.C. Warriors and they've come to tame a planet. Spread the word!

#### *Hellbringer* Del Rey

Saved from the scrap heap by billionaire Howard Quartz, sewer droid Ro-Jaws and battle-weary war-bot Hammerstein became part of Ro-Busters - Quartz's international, robotic rescue squad. Plunged into situations far too dangerous for human beings to handle, the robotic duo need to maintain a 100% success rate, or face the threat of being dismantled by the sadistic battle tank Mek-Quake! Written by Pat Mills (The ABC Warriors) and featuring several British comic art luminaries, including Dave Gibbons (Watchmen), Ian Kennedy (Commando) and Kevin O'Neill (League of Extraordinary Gentlemen), this first volume includes all of the original Starlord strips and colour spreads.
