The Art Of Zootopia  
The Art of Zootopia is such a treat in the way that it not only revisits the movie's delightfully heartwarming characters and fantastic art, but gives us an engaging look at what went into the making of Zootopia. The book starts with author Jessica Julius describing the movie's original story pitch - a 1960s spy story - and

how it evolved over four years into the modern day tale of underdogs, prejudice, and fighting for justice for all. Amazon.com:
