Rooted in folklore, medieval ideals of chivalry, and the last gallant struggles of the British against the Saxon invaders, the legends of King Arthur have been told in song and story since the middle ages. The Sword and the Circle by Rosemary Sutcliff tells of the birth of Arthur, the gift of Excalibur, the forming of the Round Table and the first noble quests of its knights until the arrival of Percival . . .

Through the Forest Simon and Schuster 'Traitor! Now is your death-time upon you!' You may think you know all about King Arthur, the young boy who plucked the sword from the stone. You've probably heard stories about Merlin's magic powers and the Knights of the round table...these are the stories we learn at school. But they are just the beginning. Here are tales of human sacrifice, dragons, sword fights to the death, noble quests, tragedy and great courage: this the real world of King Arthur. Are you brave enough to enter? Includes exclusive material: In the Backstory you can test your knowledge of the legends and find out which Knight of the Round Table you most resemble. The instant #1 New York Times and USA Today best seller by Karen Kilgariff and Georgia Hardstark, the voices behind the hit podcast *My Favorite Murder!* Sharing

never-before-heard stories ranging from their struggles with depression, eating disorders, and addiction, Karen and Georgia irreverently recount their biggest mistakes and deepest fears, reflecting on the formative life events that shaped them into two of the most followed voices in the nation. In *Stay Sexy & Don't Get Murdered*, Karen and Georgia focus on the importance of self-advocating and valuing personal safety over being 'nice' or 'helpful.' They delve into their own pasts, true crime stories, and beyond to discuss meaningful cultural and societal issues with fierce empathy and unapologetic frankness. "In many respects, *Stay Sexy & Don't Get Murdered* distills the *My Favorite Murder* podcast into its most essential elements: Georgia and Karen. They lay themselves bare on the page, in all of their neuroses, triumphs, failures, and struggles. From eating disorders to substance abuse and kleptomania to the wonders of therapy, Kilgariff and Hardstark recount their lives with honesty, humor, and compassion, offering their best unqualified life-advice along the way." —Entertainment Weekly "Like the podcast, the book offers funny, feminist advice for survival—both in the sense of not getting killed and just, like, getting a job and working through your personal shit so you can pay your bills and have friends." —Rolling Stone At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In Mary's world there are simple truths. The Sisterhood always knows best. The Guardians will protect and serve. The Unconsecrated will never relent. And you must always mind the fence that surrounds the village; the fence that

protects the village from the Forest of Hands and Teeth. But, slowly, Mary's truths are failing her. She's learning things she never wanted to know about the Sisterhood and its secrets, and the Guardians and their power. And, when the fence is breached and her world is thrown into chaos, about the Unconsecrated and their relentlessness. Now, she must choose between her village and her future, between the one she loves and the one who loves her. And she must face the truth about the Forest of Hands and Teeth. Could there be life outside a world surrounded in so much death? [STAR] "A bleak but gripping story...Poignant and powerful."- Publishers Weekly, Starred "A postapocalyptic romance of the first order, elegantly written from title to last line."-Scott Westerfeld, author of the *Uglies* series and *Leviathan* "Intelligent, dark, and bewitching, *The Forest of Hands and Teeth* transitions effortlessly between horror and beauty. Mary's world is one that readers will not soon forget."- Cassandra Clare, bestselling author of *City of Bones* "Opening *The Forest of Hands and Teeth* is like cracking Pandora's box: a blur of darkness and a precious bit of hope pour out. This is a beautifully crafted, page-turning, powerful novel. I thoroughly enjoyed it."- Melissa Marr, bestselling author of *Wicked Lovely* and *Ink Exchange* "Dark and sexy and scary. Only one of the Unconsecrated could put this book down."-Justine Larbalestier, author of *How to Ditch Your Fairy*

This "stunning journey through a country that is home to exhilarating natural wonders, and a scarring colonial past . . . makes breathtakingly clear the connection between nature and humanity, and offers a singular portrait of the complexities inherent to our ideas of identity, family, and love" (Refinery29). A chance discovery of letters written by her immigrant grandfather leads Jessica J. Lee to her ancestral homeland, Taiwan. There, she seeks his story while growing closer to the land he knew. Lee hikes mountains home to Formosan flamecrests, birds found nowhere else on earth, and swims in a lake of drowned cedars. She bikes flatlands where spoonbills alight by fish farms, and learns about a tree whose fruit can float in the ocean for years, awaiting landfall. Throughout, Lee unearths surprising parallels between the natural and human stories that have shaped her family and their beloved island. Joyously attentive to the natural world, Lee also turns a critical gaze upon colonialist explorers who mapped the land and named plants, relying on and often effacing the labor and knowledge of local communities. *Two Trees Make a Forest* is a genre-shattering book encompassing history, travel, nature, and memoir, an extraordinary narrative showing how geographical forces are interlaced with our family stories.

A 2021 National Jewish Book Award Finalist One of Smithsonian Magazine's Best History Books of 2021 "An uplifting tale, suffused with a karmic righteousness that is, at times, exhilarating." —Wall Street Journal "A gripping narrative that reads like a page turning thriller novel." —NPR In the summer of 1942, the Rabinowitz family narrowly escaped the Nazi ghetto in their Polish town by fleeing to the forbidding Bialowieza Forest. They miraculously survived two years in the woods—through brutal winters, Typhus outbreaks, and merciless Nazi raids—until they were liberated by the Red Army in 1944. After the war they trekked across the Alps into Italy where they settled as refugees before eventually immigrating to the United States. During the first ghetto massacre, Miriam Rabinowitz rescued a young boy named Philip by pretending he was her son. Nearly a decade later, a chance encounter at a wedding in Brooklyn would lead Philip to find the woman who saved him. And to discover her daughter Ruth was the love of his life. From a little-known chapter of Holocaust history, one family's inspiring true story.

Can forests think? Do dogs dream? In this astonishing book, Eduardo Kohn challenges the very foundations of anthropology, calling into question our central assumptions about what it means to be human—and thus distinct

from all other life forms. Based on four years of fieldwork among the Runa of Ecuador's Upper Amazon, Eduardo Kohn draws on his rich ethnography to explore how Amazonians interact with the many creatures that inhabit one of the world's most complex ecosystems. Whether or not we recognize it, our anthropological tools hinge on those capacities that make us distinctly human. However, when we turn our ethnographic attention to how we relate to other kinds of beings, these tools (which have the effect of divorcing us from the rest of the world) break down. *How Forests Think* seizes on this breakdown as an opportunity. Avoiding reductionistic solutions, and without losing sight of how our lives and those of others are caught up in the moral webs we humans spin, this book skillfully fashions new kinds of conceptual tools from the strange and unexpected properties of the living world itself. In this groundbreaking work, Kohn takes anthropology in a new and exciting direction that offers a more capacious way to think about the world we share with other kinds of beings. Winner of the Hugo Award! In *A Psalm for the Wild-Built*, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people

need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? Fighting for the Forest Simon & Schuster Books for Young Readers

Spanning from 1902 to 1953, covering four generations, tracing intertwined lives that travel from the dark north country of Europe to challenges and opportunities in America, the novel *Beyond the Forest* is a story about family, commitment, devotion and love. It begins as a homey tale of three families on a winding gravel road in northern Sweden. Although many miles separate the Gunderson's remote cottage from the prosperous Kronberg farm and Potatohead's rough hovel, Eva, Mats and Dagny are still considered neighbors. *Beyond the Forest* traces their early years, and follows them as teenagers when separately they move to the south of Sweden. Eva works as a kitchen maid in the affluent Lindholm Manor. Mats attends college in Stockholm. Dagny descends into a dilapidated boarding house where men go for food and other pleasures. The three find themselves on the same ship, sailing to America in search of happiness and hopeful opportunities in a new land. Their story contains darkness and enlightenment, struggle and success, love lost and found. Their journey is a saga. But the novel unfolds in short episodes that keep you moving with keen interest through all the novel's twists, turns, dips and ascents. So do as author Ann Stearns invites you in her opening note, "pour yourself a cup of

coffee, snuggle into a comfy chair and enjoy "

Where the Forest Meets the Stars

Usborne Publishing Ltd

"Oz conjures up a fairy story in which we may well recognize ourselves, our history and our nations . . . be prepared simply to be enchanted." —The Guardian

In a gray and gloomy village, all of the animals—from dogs and cats to fish and snails—disappeared years before. No one talks about it and no one knows why, though everyone agrees that the village has been cursed. But when two children see a fish—a tiny one and just for a second—they become determined to unravel the mystery of where the animals have gone. And so they travel into the depths of the forest with that mission in mind, terrified and hopeful about what they may encounter. From the internationally bestselling author Amos Oz, this is a hauntingly beautiful

fable for both children and adults about tolerance, loneliness, denial, and remembrance. "In this swiftly moving fable, Oz creates palpable tension with a repetitive, almost hypnotic rhythm and lyrical language that twists a discussion-provoking morality tale into something much more enchanting." —Booklist

"Short, poetic, and haunting, the book operates on a plane of mystery somewhere between fable and fairy tale . . . The great beauty of this story is the rhythm and clarity of its evocative language." —New York Journal of Books

"From the whispered tales of a local monster to the brash, spunky heroes on a quest, internationally acclaimed Israeli author Oz litters his story with fairy-tale tropes that give this narrative a fable-like quality; the atmosphere is intriguingly secretive and shadowed, but the prose is measured and accessible and the length manageable." —The Bulletin
