## LILLY BLACKBURN

*Singing in the Rain* Amsco Music

He sang and danced in the rain, proclaimed New York to be a wonderful town, and convinced a group of Parisian children that they had rhythm. One of the most influential and respected entertainers of Hollywood's golden age, Gene Kelly revolutionized film musicals with his innovative and timeless choreography. A would-be baseball player and one-time law student, Kelly captured the nation's imagination in films such as *Anchors Aweigh* (1945), *On the Town* (1949), *An American in Paris* (1951), and *Singin' in the Rain* (1952). In the first comprehensive biography written since the legendary star's death, authors Cynthia Brideson and Sara Brideson disclose new details of Kelly's complex life. Not only do they examine his contributions to the world of entertainment in depth, but they also consider his political activities -- including his opposition to the Hollywood blacklist. The authors even confront Kelly's darker side and explore his notorious competitive streak, his tendency to be a taskmaster on set, and his multiple marriages. Drawing on previously untapped articles and interviews with Kelly's wives, friends, and colleagues, Brideson and Brideson illuminate new and unexpected aspects of the actor's life and work. *He's Got Rhythm* is a balanced and compelling view of one of the screen's enduring legends.

A summer thunderstorm is approaching, bringing with it all the rain, thunder, lightening, wonder, and excitement a storm can bring. Lightning's flashing trees are thrashing cymbals clashing big boom bashing! Bright, cheerful watercolors and a bouncing rhythmic poem-text come together to create this energetic child-friendly picture book.

**A Chance to Dance** Frederick Ungar

"I'm singing in the rain, Just singing in the rain. What a glorious feeling. I'm happy again!" Based on the classic song, this beautifully illustrated picture book celebrates rain and all its fun. Jump in puddles, raise umbrellas, and dance with joy through the pages of this gorgeous story. Sweet and positive in its message, with bright, eye-catching art, this book is an uplifting celebration of rain! "Singing in the Rain" is one of the world's best-loved songs and the centerpiece of one of my favourite films. I love the song's positive message, and the iconic sequence of Gene Kelly dancing in the rain always raises a smile. As adults we tend to think of rain as an inconvenience rather than the joyous thing that it is. Next time it rains, step outside, feel the rain on your face, and give the clouds up above your biggest smile!"

The most celebrated "voice" in Hollywood speaks for herself! Everyone knows Marni Nixon...even if they think they don't. One of the best-known and best-loved singing voices in the world, Nixon dubbed songs for Natalie Wood in *West Side Story*, Audrey Hepburn in *My Fair Lady*, and Deborah Kerr in *The King and I*. She was the voice of Hollywood's leading ladies, arriving in film land after a debut with the Los Angeles Philharmonic at 17 and continuing her career with Leonard Bernstein, Aaron Copland, Charles Ives, Stephen Sondheim, Rogers and Hammerstein, and many others. Her inspiring autobiography reveals Nixon as a singer, an actress, and a woman fighting for artistic recognition. Today, a survivor of breast cancer, she works on Broadway and television's *Law & Order SVU*, tours with her own stage show, and teaches master classes in voice. *I Could Have Sung All Night* reveals the woman behind the screen in a frank, funny biography that is as remarkable as the woman whose story it tells. • Beloved show-biz icon Nixon dubbed the singing of Natalie Wood in *West Side Story*, Deborah Kerr in *The King and I*, and Audrey Hepburn in *My Fair Lady*—she now tells her story for the first time • Entertaining behind-the-scenes celebrity stories from six decades of performing • Nostalgia appeal, plus insider's account of the music and film worlds of the 20th century • Breast cancer survivor Nixon is an inspiration to millions of women

Children are inherently musical. They respond to music and learn through music. Music expresses children's identity and heritage, teaches them to belong to a culture, and develops their cognitive well-being and inner self worth. As professional instructors, childcare workers, or students looking forward to a career working with children, we should continuously search for ways to tap into children's natural reservoir of enthusiasm for singing, moving and experimenting with instruments. But how, you might ask? What music is appropriate for the children I'm working with? How can

music help inspire a well-rounded child? How do I reach and teach children musically? Most importantly perhaps, how can I incorporate music into a curriculum that marginalizes the arts? This book explores a holistic, artistic, and integrated approach to understanding the developmental connections between music and children. This book guides professionals to work through music, harnessing the processes that underlie music learning, and outlining developmentally appropriate methods to understand the role of music in children's lives through play, games, creativity, and movement. Additionally, the book explores ways of applying music-making to benefit the whole child, i.e., socially, emotionally, physically, cognitively, and linguistically.

... both fresh and informed, as well as a pleasure to read. --Film Quarterly Since 1982, when this book first appeared, the Hollywood musical has undergone a rebirth, with the rise of teen musicals such as *Dirty Dancing* and *Flashdance*. In a chapter written especially for this second edition of her well-known study, Jane Feuer shows how this new development in the genre relates to important changes in the cinema audience itself. It is the text for the study of Hollywood musicals.

The Wizard of Oz, *Singin' in the Rain*, *Easter Parade*, *Gigi*. These and many other classics of the American musical film were the products of Arthur Freed and his incredible MGM production unit, which ruled over Hollywood's golden age like a royal family. Freed brought together the top talent of the day - actors, writers, directors, choreographers, composers, and set designers - and gave them all the freedom to express themselves creatively and without concern for the usual constraints of monet, time, location, and equipment. The results are the films that will still have people singing and dancing for generations to come. Now, in anecdotes drawn from over 500 hours of taped interviews, studio documents, and with over 300 photographs, Hugh Fordin brings the Freed Unit together again for a nostalgic and fascinating look back at what happened - and what might have happened - in the movies' greatest musicals.

This anthology of specially commissioned essays introduces students to some of the central questions and debates which have concerned the development of Film Studies. It differs from other readers in that it does not start with the intellectual history of the evolution of film theory, or the history and criticism of film, but with the problems and questions that confront us now. The contributors begin with questions that are central to the field,

asking what we need to know and what theories, concepts, and methods help us to know. These questions that confront the discipline at the beginning of a new century, either reframe or depart from the concerns of the 1970s when film first became an academic subject of study. This second century of moving images, new questions, and a new knowledge animate the field. The aim of this collection is to reinvent film studies in the light of these new questions, rethinking and refiguring what is most useful from the past. There are four key issues in this reinvention: that film studies can no longer ignore its interdisciplinary invention next to media studies, cultural studies and visual culture, and that film studies thus needs to confront the 'massness' of its existence as mass media; that film studies has a distinctive and historically changing sensory appeal; that since mass mediated culture is the only terrain on which we have to work, we need to re-confront the aesthetic, generic and modal forms of this mass media; and, finally, that the pressure of postmodernity has compelled a new urgency in the understanding of film history, which is never wholly about then and certainly always about now.

Step into a town where all the children are friends, but a drought has made the adults so grumpy they can't stop arguing! Only a miracle can heal this divided town. Folks are so hopeless, they almost don't recognize that miracle when it appears as a woman who specializes in rainsongs. Yet slowly the townspeople realize that with faith they can sustain each other during the dry times, and then sing down the rain together. Joy Cowley's lyrical text and Jan Spivey Gilchrist's impassioned paintings create a story of a community's struggle to believe, and to connect with each other.

From the New York Times bestselling author Kristin Hannah comes a powerful novel of love, loss, and the magic of friendship. . . . now a #1 Netflix series! In the turbulent summer of 1974, Kate Mularkey has accepted her place at the bottom of the eighth-grade social food chain. Then, to her amazement, the "coolest girl in the world" moves in across the street and wants to be her friend. Tully Hart seems to have it all—beauty, brains, ambition. On the surface they are as opposite as two people can be: Kate, doomed to be forever uncool, with a loving family who mortifies her at every turn. Tully, steeped in glamour and mystery, but with a secret that is destroying her. They make a pact to be best friends forever; by summer's end they've become Tully and Kate. Inseparable. So begins Kristin Hannah's magnificent new novel. Spanning more than three decades and playing out across the ever-changing face of the Pacific Northwest, *Firefly Lane* is the poignant, powerful story of two women and the friendship that becomes the bulkhead of their lives. From the beginning, Tully is desperate to prove her worth to the world. Abandoned by her mother at an early age, she longs to be loved unconditionally. In the glittering, big-hair era of the eighties, she looks to men to fill the void in her soul. But in the buttoned-down nineties, it is television news that captivates her. She will follow her own blind ambition to New York and around the globe, finding fame and success . . . and loneliness. Kate knows early on that her life will be nothing special. Throughout college, she pretends to be driven by a need for success, but all she really wants is to fall in love and have children and live an ordinary life. In her own quiet way, Kate is as driven as Tully. What she doesn't know is how being a wife and mother will change her . . . how she'll lose sight of who she once was, and what she once wanted. And how much she'll envy her famous best friend. . . . For thirty years, Tully and Kate buoy each other through life, weathering the storms of friendship—jealousy, anger, hurt, resentment. They think they've survived it all until a single act of betrayal tears them apart . . . and puts their courage and friendship to the ultimate test. *Firefly Lane* is for anyone who ever drank Boone's Farm apple wine while listening to Abba or Fleetwood Mac. More

than a coming-of-age novel, it's the story of a generation of women who were both blessed and cursed by choices. It's about promises and secrets and betrayals. And ultimately, about the one person who really, truly knows you—and knows what has the power to hurt you . . . and heal you. *Firefly Lane* is a story you'll never forget . . . one you'll want to pass on to your best friend.
