DUNN MICHAEL

Grumpy Monkey Are We There Yet? Basic Books

This is the story of a Chinese doctor, his book, and the creatures that danced within its pages. The Monkey and the Inkpot introduces natural history in sixteenth-century China through the iconic Bencao gangmu (Systematic materia medica) of Li Shizhen (1518 - 1593). In the first book-length study in English of Li's text, Carla Nappi reveals a "cabinet of curiosities" of gems, beasts, and oddities whose author was devoted to using natural history to guide the application of natural and artificial objects as medical drugs.

Monkey Vs Robot Simon and Schuster

Mac Gimbensky is an eight hundred pound intelligent gorilla and expert fighter mechanic on the flagship Fist of Earth, where, with the help of his cadet assistant Robin Plotnik, he maintains the ships of the all-female Barbarian Squadron.

The Lost City of the Monkey God Vintage

Able to shape-shift and ride the clouds, wielding a magic cudgel and playing tricks, Sun Wukong (aka Monkey or the Monkey King) first attained superstar status as the protagonist of the sixteenth-century novel Journey to the West (Xiyou ji) and lives on in literature and popular culture internationally. In this far-ranging study Hongmei Sun discusses the thousand-year evolution of this figure in imperial China and multimedia adaptations in Republican, Maoist, and post-socialist China and the United States, including the film Princess Iron Fan (1941), Maoist revolutionary operas, online creative writings influenced by Hong Kong film A Chinese Odyssey (1995), and Gene Luen Yang's graphic novel American Born Chinese. At the intersection of Chinese studies, Asian American studies, film studies, and translation and adaptation studies, Transforming Monkey provides a renewed understanding of the Monkey King character as a rebel and trickster, and demonstrates his impact on the Chinese self-conception of national identity as he travels through time and across borders.

Journey to the West Simon and Schuster

Throughout the world, closely related species are found on landmasses separated by wide stretches of ocean. What explains these far-flung distributions? Why are such species found where they are across the Earth? Since the discovery of plate tectonics, scientists have conjectured that plants and animals were scattered over the globe by riding pieces of ancient supercontinents as they broke up. In the past decade, however, that theory has foundered, as the genomic revolution has made reams of new data available. And the data has revealed an extraordinary, stranger-than-fiction story that has sparked a scientific upheaval. In The Monkey's Voyage, biologist Alan de Queiroz describes the radical new view of how fragmented distributions came into being: frogs and mammals rode on rafts and icebergs, tiny spiders drifted on storm winds, and plant seeds were carried in the plumage of sea-going birds to create the map of life we see today. In other words, these organisms were not simply constrained by continental fate; they were the makers of their own geographic destiny. And as de Queiroz shows, the effects of oceanic dispersal have been crucial in generating the diversity of life on Earth, from monkeys and guinea pigs in South America to beech trees and kiwi birds in New Zealand. By toppling the idea that the slow process of continental drift is the main force behind the odd distributions of organisms, this theory highlights the dynamic and unpredictable nature of the history of life. In the tradition of John McPhee's Basin and Range, The Monkey's Voyage is a beautifully told narrative that strikingly reveals the importance of contingency in history and the nature of scientific discovery.

Kai and the Monkey King. Brownstone's Mythical Collection 3 Roaring Brook Press

In this hilarious original story for the littlest grumpy monkey, Jim learns that sometimes it's hard to

get over a bad case of grumpiness, but having a good friend can help. What can make a grumpy monkey less grumpy? A ball? A banana? A rainbow? How about a frog in a fluffy wig? Nothing seems to work, but fortunately for young readers Jim's frown is finally turned upside down with the help of his good friend Norman. With just a few words and truly expressive artwork Suzanne and Max Lang give toddlers the perfect funny book to help them deal with a grumpy mood.

DEADHEAD COMICS Presents : the RISE and FALL of the MONKEY KING Candlewick

From the New York Times bestselling Grumpy Monkey series comes a new story that tackles a common toddler problem as Jim Panzee finds that waiting is never easy, but sometimes patience is necessary. Jim Panzee is faced with something everyone hates... waiting...and waiting...and more waiting. Jim tries to be patient but he's even impatient waiting for patience. It doesn't happen right away, but eventually, Jim realizes that some things are worth waiting for. A simple text and humorous artwork offer parents the perfect funny book to help their toddler with waiting, even when they really don't want to. Also look for Grumpy Monkey Says No!

Grumpy Monkey's Little Book of Grumpiness B&H Publishing Group

From the National Book Award-winning author of Just Kids and M Train, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs—including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith—inveterately curious, always exploring, tracking thoughts, writing—the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, Year of the Monkey is a moving and original work, a touchstone for our turbulent times.

Rise of the Monkey King National Geographic Books

From the author of the beloved classic Where the Red Fern Grows comes a timeless adventure about a boy who discovers a tree full of monkeys. The last thing fourteen-year-old Jay Berry Lee expects to find while trekking through the Ozark Mountains of Oklahoma is a tree full of monkeys. But then Jay learns from his grandpa that the monkeys have escaped from a traveling circus, and there's a big reward for the person who finds and returns them. His family could really use the money, so Jay sets off, determined to catch them. But by the end of the summer, Jay will have learned a lot more than he bargained for—and not just about monkeys. From the beloved author of Where the Red Fern Grows comes another memorable adventure novel filled with heart, humor, and excitement. Honors and Praise for Wilson Rawls' Where the Red Fern Grows: A School Library Journal Top 100 Children's Novel An NPR Must-Read for Kids Ages 9 to 14 Winner of 4 State Awards Over 7 million copies in print! "A rewarding book . . . [with] careful, precise observation, all of it rightly phrased." —The New York Times Book Review "One of the great classics of children's literature . . . Any child who doesn't get to read this beloved and powerfully emotional book has missed out on an important piece of childhood for the last 40-plus years." —Common Sense Media "An exciting tale of love and adventure you'll never forget." —School Library Journal

The Monkey and the Inkpot Bantam

"The Rise of the Monkey King" is the first book in the "Journey to the West" series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include "Trouble in Heaven", "The Immortal Peaches" and "The Young Monk". Sun Wukong, the Handsome Monkey King, is one of most famous characters in Chinese literature and culture. His legendary bravery, his foolish mistakes, his sharp-tongued commentary and his yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films. The full story of Sun Wukong's adventures is told in Journey To The West, an epic 2,000 page novel written in the 16th Century by Wu Cheng'en. Journey To The West is probably the most famous and best-loved novel in China and is considered one of the four great classical novels of Chinese literature. Its place in Chinese literature is roughly comparable to Homer's epic poem The Odyssey in Western literature. Wikipedia sums up the book's role perfectly, saying "Enduringly popular, the tale is at once a comic adventure story, a humorous satire of Chinese bureaucracy, a spring of spiritual insight, and an extended allegory in which the group of pilgrims journeys towards enlightenment by the power and virtue of cooperation." Journey To The West is a very, very long story, consisting of a hundred chapters. It is loosely based on an actual journey by the Buddhist monk Xuanzang who traveled from the Chinese city of Chang'an westward to India in 629 A.D. and returned 17 years later with priceless knowledge and texts of Buddhism. Over the course of the book Xuanzang and his companions face the 81 tribulations that Xuanzang had to endure to attain Buddhahood. This book, The Rise of the Monkey King, covers the events in the first two chapters of this epic story. We learn how the little stone monkey is born, becomes king of his troop of monkeys, leaves his home to pursue enlightenment, receives the name Sun Wukong (literally, "ape seeking the void") from his teacher, and returns home to defend his subjects from a ravenous monster. Future books in this series will tell more stories from the life of this famous monkey and his companions. Because of this story's importance in Chinese culture, we've made every effort to remain faithful to the original while retelling it in simple language suitable for beginning Chinese learners at the HSK 3 level. We have tried to not add or change anything, though of course we've had to leave out a lot of detail. Wherever we had to use a word or phrase not contained in the 600-word HSK 3 vocabulary (which for example does not include the word "monkey"! or that has not entered common usage since the HSK lists were created, those new words are defined in footnotes on the page where they first appear. New compound (multi-character) words and expressions are, whenever possible, chosen so that they use characters already in HSK 3. An English version of the story is included for reference at the end, as well as a complete glossary. In the main body of the book, each page of Chinese characters is matched with a facing page of pinyin. This is unusual for Chinese novels but we feel it's important. By including the pinyin, the English version and the glossary, we hope that every reader, no matter what level of mastery they have of the Chinese language, will be able to understand and enjoy the story we tell here. The story is written, as much as possible, using the 600 word vocabulary of HSK 3. It is presented in simplified Chinese characters and pinyin, and includes an English version and complete glossary. A free Chinese language audiobook is also available on YouTube, on the Imagin8 Press channel.

The Monkey on My Back Grand Central Publishing

Monkey depicts the adventures of Prince Tripitaka, a young Buddhist priest on a dangerous pilgrimage to India to retrieve sacred scriptures accompanied by his three unruly disciples: the greedy pig creature Pipsy, the river monster Sandy – and Monkey. Hatched from a stone egg and given the secrets of heaven and earth, the irrepressible trickster Monkey can ride on the clouds, become invisible and transform into other shapes – skills that prove very useful when the four travellers come up against the dragons, bandits, demons and evil wizards that threaten to prevent them in their quest. Wu Ch'êng-ên wrote Monkey in the mid-sixteenth century, adding his own distinctive style to an ancient Chinese legend, and in so doing created a dazzling combination of nonsense with profundity, slapstick comedy with spiritual wisdom.

The Monster of Black Wind Mountain Journey to the West

A deeply personal memoir spanning three generations of women, this is the intimate autobiography of Emmy Award-winning actress Debbi Morgan, best known as Angie Hubbard on the long-running soap opera All My Children. Raised in the South Bronx and beloved for the diverse and captivating characters she's played, Debbi Morgan enjoyed a thirty-year tenure on All My Children before joining the cast of The Young and the Restless and later appearing opposite Denzel Washington and Samuel L. Jackson in several films. But this book is not about her career, and it's not about Hollywood. It's not even about her rise to stardom. Charting her family history as well as her own life from childhood to the present in this compelling memoir, Debbi reveals the fear, doubt, and insecurities she's struggled with for much of her life—and how she escaped a vicious cycle of pain to find self-confidence, happiness, and success. Early on in her family history, an ugly pattern of abuse developed into fear, insecurity, self-doubt, and emotional trauma, which passed down from one generation to the next. From her maternal grandmother, who was beaten by her husband as they

struggled through the Great Depression, to Debbi's mother, who became pregnant as a young teen and suffered the same abuse as her mother, down to Debbi, who internalized the physical abuse she watched her mother endure, a deep-rooted fear plagued all three generations of women. But through it all, Debbi endured, and with a good dose of humor and self-compassion, she emerged with the deepest love of herself—and her mojo quite intact! Told with intense emotion, candor, and a barrage of belly laughs, Debbi shares a deeply moving, explosive, yet inspirational journey about what it took to break the cycle and emerge as a confident, fearless woman.

Monkey Wars Knopf Canada

Media coverage at the time of the Scopes trial was far from accurate. This book sets the record straight, revealing how inaccuracies distorted the view of the Christian faith.

Monkey See, Monkey Die Journey to the West

When Kai grows tired of her bookish mum not being adventurous enough for a Brownstone, she decides to seek out the mischievous and rebellious Monkey King. Will he bring her the adventure she craves, or will he cause her more trouble than he's worth? Read the latest story from the mythical Brownstone's family vault where we venture to China and learn about the story of the Monkey King, fight dangerous beasts, taste powerful peaches and see that maybe ... our heroes aren't always what they're cracked up to be.

The Rise of the Monkey King: A Story in Traditional Chinese and Pinyin, 600 Word Vocabulary Level Sasquatch Books

A hilarious and reassuring New York Times Number 1 bestseller about feeling your emotions - sometimes it's okay not to feel okay! Meet Jim Panzee. He's in a BAD mood. Nothing feels right! Nothing will do, and Jim just doesn't know why... His friends can't understand it - HOW can he be in a mood when it's such a beautiful day!? They have lots of suggestions for how to make him feel better. But Jim can't take all the advice... and has a bit of a meltdown. Could it be that he just needs a day to feel grumpy? This modern classic is the perfect reminder that 'grumpy monkey' days never last long.

The Monkey's Voyage Penguin Canada

Yee-haw! Sock Monkey lassoes a part in a singing cowboy movie — if he can only get up the nerve to kiss the leading lady. Sock Monkey, the famous toy actor, can hardly believe his ears. He's landed the starring role in a singing cowboy movie! Now he'll get to yodel, ride a horse, lasso a cow, and — yikes! — kiss the leading lady. Sock Monkey doesn't want to kiss anyone! But it's the role of a lifetime, so the woolen thespian corrals all his friends to help him prepare. Can he resist the urge to ride into the sunset when the big moment comes? In a brilliant performance of (inadvertent) bravery in the face of panic, Sock Monkey is back — to do his fans proud.

Bunny vs. Monkey Delacorte Press

NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017 #1 New York Times and #1 Wall Street Journal bestseller! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God—but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, THE LOST CITY OF THE MONKEY GOD is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

The Hungry Pig Grumpy Monkey

"When Magic Monthly magazine nominates both Oscar the magician and Milton the Magnificent for the title of Magician of the Year, a ruthless game of monkey vs. monkey ensues"--
