**Wise Words for Boys - 31 Days of Proverbs** Daily Bible

Critical to the sustainability of this growing movement is the ability of Christians to read, reflect on, and see the implications of the Bible for themselves and their daily contexts – their frontlines. It's a goal that we've pursued through a variety of publications - the work series, *Frutifulness on the Frontline*, and the *Whole of Life for Christ*. What we have not done is to self-consciously equip people to read different genres of the Bible through a whole-life lens. In light of this, we're developing a

series of Bible studies which align with LICC's mission and activities and support biblical literacy in the UK church more broadly. The study series has emerged from the regular Bible Days we've been running over the last years for leaders and preachers. The whole-life aspect of the Bible is seen not only in the big story it tells, but also in the different kinds of writings it contains – stories and songs, laws and letters, proverbs and parables, poetry and prophecy. It's the specific lens of genre which has provided insight into the Word of God for the whole of life through LICC's Bible Days. The Proposal We propose to publish a 7-study series for individuals and small groups around the main genres of the Bible that will enable Christians to:

- Study seven single books of the Bible (independently of one another, though they form a series)
- Develop insight and skills in reading 7 different genres of Bible literature
- Reflect on the implications of each book and genre for the whole of life
- Develop applications which support and direct their life as disciples in their everyday, frontline contexts

In addition, the series will:

- Provide a resource to church leaders that supports their preaching and programmes in creating sustainable whole-life discipling communities
- Complement a 'Preaching Pack'

A Proverb a Day has been composed to assist with breakthroughs. Our society has been going through much dysfunction. We are in need of the prayer warriors and intercessors like never before. Most of the Proverbs are prayers composed by King David, who is buried on Mt. Zion just above the Wailing Wall. His prayers are written to assist us today, tomorrow, and forever more! Read the Proverb with conviction. There are Proverbs that were written as songs of thanksgiving. No matter if you are led to sing it, recite, or read it, Proverbs are powerful they can open up blessings and protection. Many find it comforting to recite a Proverb when going through difficult times or just to seek an answer to a prayer. Recite while praying. I also would encourage you to keep a journal of your daily prayer along with the Proverb you are led to recite throughout this journey of everyday life. When you have received the answer to your prayer make note of your victory. This will allow you to see how God has worked out your situation even if He said "No", there is a victory in that "No". Your prayer journey will not only encourage you it will also help you to encourage others

that may be going through a similar circumstance. You will have answers to their questions and will be able to witness issues that you may have a continual cycle of repetition in your own life. Prayer changes things and the book of Proverb has great insight and helpful prayers of issues that we may find difficult wording ourselves. There is nothing new on this earth. King David went through and has given us some powerful words in the book of Proverb.

Does absence really make the heart grow fonder? Can beggars be choosers? Is it always better late than never? Proverbs are short, well-known, pithy sayings that

offer advice or words of encouragement and are used in everyday English without much thought ever being given to their meanings, or indeed, usefulness. In *An Apple A Day* Caroline Taggart explores the truth behind our favourite proverbs, their history and whether they offer any genuine help to the recipient. Did you know that The Old Testament has an entire book devoted to proverbs? Or that 'a bird in the hand is worth two in the bush' is a proverb from falconry that dates back to the Middle Ages? Many proverbs are still in use today, including the very famous 'slow and steady wins the race', which derives from one of the many fables of Aesop. Lighthearted but authoritative, *An Apple A Day* proves that proverbs are as useful today as they ever were.

*Perspectives from Proverbs* Inspiring Life Books

In a world of increasing choices, we need wisdom more than ever. Honestly, I didn't want to write this book. There are tons of other devotionals about the book of Proverbs and I didn't want to be one of thousands out there on the same topic. But then the Lord began doing some metaphorical heart surgery on me. A book I had no desire to write, that I felt wasn't necessary in the world, became something I couldn't let go of if I wanted to! Writing this book was a tool God used to help heal my heart and teach me to care for my heart because it truly is the source from which everything else flows. Writing this has changed my life and I hope and pray it does the same for you!
