MATTEO ORTIZ

Descent and Return HarperCollins

'Gorgeous and heightened and fully of glittering icy people' TIMES
 'I loved this smart and subtle exploration of modern motherhood
 and womanhood' Daisy Buchanan 'How can anyone leave
 someone they love?' Martin Berg is falling into crisis. Decades
 ago, he was an aspiring writer, his girlfriend was the wildly
 intelligent Cecilia Wickner, and his best friend was the hellraising
 artist Gustav Becker. But Martin's manuscript is now languishing
 in a drawer, Gustav has stopped answering his calls, and Cecilia
 has vanished - leaving him to raise their children alone. Cecilia:
 an eccentric wife and absent mother, a woman who was perhaps
 only true to herself. When Rakel stumbles across a clue as to why
 her mother left, she sets out to fill the gaps in her family's story
 and discovers that some questions have no clear answers...

_____ PRAISE FOR COLLECTED WORKS: 'Utterly gripping... a
 magnificent doorstop of a novel' Guardian 'An assured,
 bittersweet novel that, like youth, seems to have it all' Financial

Times 'Blends the thrill of a mystery with the curiosity and depth
 of philosophical enquiry' New Yorker 'Eminently readable and
 engrossing' Spectator 'A real knickerbocker glory of a novel...
 manages to out-Franzen Jonathan Franzen and is addictive as any
 box-set' The Crack Magazine 'Thrilling, brilliant and immense in
 the best possible way' Francesca Reece 'The most convincing
 work of literary fiction I've read in years... vibrating with
 intelligence and style' Emily Temple

War Diary Routledge

This outstanding memorial volume records and reassesses the
 contributions of Merton M. Gill (1914-1994), a principal architect
 of psychoanalytic theory and a principled exemplar of the
 modern psychoanalytic sensibility throughout the second half of
 the 20th century. Critical evaluations of Gill's place in
 psychoanalysis and a series of personal and professional
 reminiscences are joined to substantive reengagement of central
 controversies in which Gill played a key part. These controversies
 revolve around the "natural science" versus "hermeneutic"
 orientation in psychoanalysis (Holt, Eagle, Friedman); the status
 of psychoanalysis as a one-person and/or two-person psychology
 (Jacobs, Silverman); psychoanalysis versus psychotherapy

(Wallerstein, Migone, Gedo); and the meaning and use of transference (Kernberg, Wolitzky, Cooper).

The Forgotten Letters of Esther Durrant I.B. Tauris

This work presents a collaboration between photographer Robert Mapplethorpe and body builder/performance artist Lisa Lyon. It explores the themes of gender, stereotype and role-playing and has become a cult classic since its initial publication in 1983.

The most helpful, complete, and yearly up-to-date name book What's new about names? The new edition of 100,000+ Baby Names by Bruce Lansky features the most up-to-date lists of names, trends, advice, and fascinating facts about names, including: Hundreds of newly popular names and variations The latest list of top 100 names for boys and girls The latest naming trends: what's hot and what's not The most rapidly rising and falling top 1,000 names Updated lists of names to consider, including names of newly famous people and fictional characters The most popular gender-neutral names and their rates of use (more for boys, more for girls, or 50/50) New (and classic) celebrity baby names And our list of names from around the world keeps growing! Here you'll find more than 100,000 names--complete with origins, meanings, variations, and famous namesakes. You'll find names from major linguistic and ethnic groups of origin, including English (19,000 names), Latin (11,000 names), Greek (11,000 names), American (11,000 names), Hebrew (9,000 names), Hispanic (9,000 names), French (8,000 names), Irish (7,000 names), and German (6,000 names)--plus thousands of Scottish, Welsh, Italian, Russian, Japanese, Chinese, Scandinavian, Polish, Native American, Hawaiian, Korean, Thai, Vietnamese, Australian/Aboriginal, African, and Hindi names. The list features unique spellings of popular names that are catching on, plus newly popular names and variations not listed in other books and websites.

Victorian Cities New York, Columbia U. P

Named a Best Book of the Year for the Know-It-All by The Globe and Mail In this richly illustrated volume, a leading neurobiologist presents fascinating stories of plant migration that reveal unexpected connections between nature and culture. When we talk about migrations, we should study plants to understand that these phenomena are unstoppable. In the many different ways plants move, we can see the incessant action and drive to spread life that has led plants to colonize every possible environment on earth. The history of this relentless expansion is unknown to most people, but we can begin our exploration with these surprising tales, engagingly told by Stefano Mancuso. Generation after generation, using spores, seeds, or any other means available, plants move in the world to conquer new spaces. They release huge quantities of spores that can be transported thousands of miles. The number and variety of tools through which seeds spread is astonishing: we have seeds dispersed by wind, by rolling on the ground, by animals, by water, or by a simple fall from the plant, which can happen thanks to propulsive mechanisms, the swaying of the mother plant, the drying of the fruit, and much more. In this accessible, absorbing overview, Mancuso considers how plants convince animals to transport them around the world, and how some plants need particular animals to spread; how they have been able to grow in places so inaccessible and inhospitable as to remain isolated; how they resisted the atomic bomb and the Chernobyl disaster; how they are able to bring life to sterile islands; how they can travel through the ages, as they sail around the world.

The Silent University Orion

The North-South divide in Europe represents a geographical and cultural boundary that has influenced how European nations think about their history and identity. This study explores German

representations of the South by examining the Italian travel writings of Goethe and Heine to reveal the changing meaning of Italy for German cultural identity.

Radio Hal Leonard

A comparative study in urban history, *Victorian Cities* examines the 19th-century history of four developing cities in England in a period of rapid growth, with chapters on London and Melbourne and references to Los Angeles and Chicago as well.

The Weight of All Flesh New York Review of Books

An insightful philosophical essay on the work of minimalist sculptor Carl Andre by Brooklyn-based poet and critic Jeremy Sigler (b.1968). While researching and editing the catalog for Andres recent retrospective at Dia Art Foundation, Sigler gleaned surprising new readings from a series of lost negatives that resurfaced at Dia. Shot by Andres close friend and collaborator Hollis Frampton in the 1960s, the photos depict small, carved wooden artworks many lost or destroyed shortly after being photographed. Sigler draws connections between these early inchoate artworks and Andres later scatters, spills and floor pieces, all of which are analyzed through a compellingly personal lens. Writing on Andres poetry and his confounding book-length masterpiece, *Stillanovel*, Sigler further proposes that Andres greatest contribution may be to literature. Is it possible that one of the modern eras greatest experimental love poets is hiding in plain sight, disguised as a unionized blue-chip art worker? Sigler taught at Yale University School of Arts, edited the Swiss art journal *Parkett*, and has published numerous books of poetry.

Oscar Peterson Trios Songbook New World Library

(Artist Transcriptions). 19 authentic piano transcriptions from this jazz legend, including: Alice in Wonderland * Blues Etude * Cheek to Cheek * Emily * Hymn to Freedom * Indiana (Back Home Again in Indiana) * It's Only a Paper Moon * Jitterbug Waltz * Laura * Lover * Misty * Night and Day * Quiet Nights of Quiet Stars (Corcovado) * Tangerine * Teach Me Tonight * That Old Black Magic * Watch What Happens * Witchcraft * Yesterdays.

Eduard von Keyserlings Erzählung "Am Südhang" erschien erstmals 1911 (nicht 1914, wie auch zu lesen ist). Ein Beitrag der "Zeit" wertet sie als sein "Meisterwerk".

The Realms of Arkania Vintage

The Handbook of Sociology of Aging is the most comprehensive, engaging, and up-to-date treatment of developments within the field over the past 30 years. The volume represents an indispensable source of the freshest and highest standard scholarship for scholars, policy makers, and aging professionals alike. The Handbook of Sociology of Aging contains 45 far-reaching chapters, authored by nearly 80 of the most renowned experts, on the most pressing topics related to aging today. With its recurring attention to the social forces that shape human aging, and the social consequences and policy implications of it, the contents will be of interest to everyone who cares about what aging means for individuals, families, and societies. The chapters of the Handbook of Sociology of Aging illustrate the field's extraordinary breadth and depth, which has never before been represented in a single volume. Its contributions address topics that range from foundational matters, such as classic and contemporary theories and methods, to topics of longstanding and emergent interest, such as social diversity and inequalities, social relationships, social institutions, economies and governments, social vulnerabilities, public health, and care arrangements. The volume closes with a set of personal essays

by senior scholars who share their experiences and hopes for the field, and an essay by the editors that provides a roadmap for the decade ahead. The Handbook of Sociology of Aging showcases the very best that sociology has to offer the study of human aging.

Annie Dunne Prima Lifestyles

Eric Santner offers a radically new interpretation of Marx's labor theory of value as one concerned with the afterlife of political theology in secular modernity. What Marx characterized as the dual character of the labor embodied in the commodity, he argues, is the doctrine of the King's Two Bodies transferred from the political theology of sovereignty to the realm of political economy. This genealogy, leading from the fetishism of the royal body to the fetishism of the commodity, also suggests a new understanding of the irrational core at the center of economic busyness today, its 24/7 pace. The frenetic negotiations of our busy-bodies continue and translate into the doxology of everyday life the liturgical labor that once sustained the sovereign's glory. Maintaining that an effective critique of capitalist political economy must engage this liturgical dimension, Santner proposes a counter-activity, which he calls "paradoxological." With commentaries by Bonnie Honig, Peter Gordon, and Hent de Vries, an introduction by Kevis Goodman, and a response from Santner, this important new book by a leading cultural theorist and scholar of German literature, cinema, and history will interest readers of political theory, literature and literary theory, and religious studies.

New Ceramics Australian and New Zealand Studies in German Language and Literature

A proud and powerful warrior, Selissa von Jergenquell must flee when treachery brands her a traitor and a murderess. Selissa and her rag-tag allies must cross hostile lands to confront the vengeful enemy and his evil sorceress. With only bravery, swords, and uncertain magic, the desperate band of warriors must challenge a madman whose occult forces grow stronger with every strike! About the Author Ulrich Kiesow is the author of numerous Realms of Arkania novels. He lives in Germany.

Brandenburg Sources for West African History, 1680-1700 Faber & Faber

A Schoolboy's Diary brings together more than seventy of Robert Walser's strange and wonderful stories, most never before available in English. Opening with a sequence from Walser's first book, "Fritz Kocher's Essays," the complete classroom assignments of a fictional boy who has met a tragically early death, this selection ranges from sketches of uncomprehending editors, overly passionate readers, and dreamy artists to tales of devilish adultery, sexual encounters on a train, and Walser's service in World War I. Throughout, Walser's careening, confounding, delicious voice holds the reader transfixed.

The Radio Family Рипол Классик

When Hitler launched Operation Barbarossa with his attack on the Soviet Union in June 1941, the Wehrmacht deployed 600,000 troops to the Eastern Front. Their numbers were later swelled by a range of foreign volunteers so that, at the height of World War II, astonishingly one in three men fighting for the Germans in the East was not a native German. Hitler's declaration of the 'struggle against Bolshevism' reverberated throughout all of Europe - among convinced fascists as well as among non-Russian eastern Europeans seeking to regain their independence from the USSR. Many of these volunteers subsequently became involved in the atrocities of the Wehrmacht and the SS. Vilified by Hitler for their supposed failures, condemned and forgotten by their homelands for treason and collaboration, their involvement in the war has been largely ignored or swept aside by historians. Rolf-Dieter Müller here offers a fascinating new perspective on a little-known

aspect of World War II.

Inspired Baby Names from Around the World Harmony

Thousands of Names and the Blessings They Can Impart This unique guide includes 6,000-plus names from all corners of the globe, and each entry illuminates the name's distinctive spiritual, historical, and cultural background — its poetry. Names, from the traditional to the newly coined, are fully explained. Pronunciation guide, origin, alternate spellings, and meaning are enhanced by the affirmation carefully chosen for each name. Lists of names by meaning, names by ethnicity, and most popular names by decade provide easy reference. Whether your aim is to honor ancestors, capture a child's essence, or convey parental hopes, Inspired Baby Names from Around the World will help you greet and bless your new baby with heartfelt meaning.

Lady Random House

In this whimsical fantasy adventure, a novelist's search for an author takes him to a magical city, a villainous literary scholar, and perilous catacombs. Optimus Yarnspinner's search for an author's identity takes him to Bookholm—the so-called City of Dreaming Books. On entering its streets, our hero feels as if he has opened the door of a gigantic second-hand bookshop. His nostrils are assailed by clouds of book dust, the stimulating scent of ancient leather, and the tang of printer's ink. Soon, though, Yarnspinner falls into the clutches of the city's evil genius, Pfistomel Smyke, who treacherously maroons him in the labyrinthine catacombs underneath the city, where reading books can be genuinely dangerous . . . In *The City of Dreaming Books*, Walter Moers transports us to a magical world where reading is a remarkable adventure. Only those intrepid souls who are prepared to join Yarnspinner on his perilous journey should read this book. We wish the rest of you a long, safe, unutterably dull, and boring life! Praise for *The City of Dreaming Books* "German author and cartoonist Moers returns to the mythical lost continent of Zamonia in his uproarious third fantasy adventure to be translated into English, a delightfully imaginative mélange of Shel Silverstein zaniness and oddball anthropomorphism à la Terry Pratchett's Discworld. . . . A wonderfully whimsical story that will appeal to readers of all ages." —Publishers Weekly "A salmagundi of whimsy, imagination and book lore—remarkable fun." —Cleveland Plain Dealer "Moers puts Tolkien through some sort of Willy Wonka sweetening process and comes up with characters such as Optimus Yarnspinner, who, names being fate and all, just has to be a storyteller." —Kirkus Reviews

Empty Heaven Springer Nature

What does it mean to be human? Human development unfolds in a twofold way. On the one hand, there is an ever-more profound incarnation, or "inhabitation," of the physical body. On the other hand, there is the increasing discrimination of the individual objects of the world. Difficulties and obstacles along this path can lead to so-called disabilities. König's approach to curative education allows us to see these disabilities as meaningful ways of coping with or resolving the various problems that arise in living in a physical body. From this point of view, "disabilities" are exaggerated forms of ways we all use to cope with life. "The point is not only to see the deviations, but to see them against the mighty backdrop of a comprehensive child anthropology." *Being Human* presents the outline of just such a comprehensive anthropology. *Being Human* is of value not only to those working in special education, but to anyone interested in the dynamics of incarnation and "normal" development.

The Collector of Worlds Verso Books

Nach dem Tod ihrer Mutter zieht die neunzehnjährige Mina zu ihrem Stiefvater nach Miami, um ihr Studium an der U aufzunehmen. Wegen des Schicksalsschlags in sich gekehrt und weil sie in der Uni übersehen wird, ist die junge Frau zunehmend

einsam. Während eines Spaziergangs mit ihrem Hund Cody begegnet sie Cassian Sharpe, einem aufstrebenden Eishockeyspieler, der sofort hin und weg von ihr ist. Die beiden verstehen sich auf Anhieb, allerdings fällt es Mina schwer, ihre Gefühle für den charismatischen Sportler zuzulassen. Und als sie

ihm endlich ihr Herz geschenkt hat, begeht Cassian einen Fehler, der Minas Welt aus den Angeln hebt und sie auf den harten Boden der Realität aufschlagen lässt. Wird Cassian Mina zurückgewinnen oder wird er sie für immer verlieren?
