MYA ANNA

Political Ethics and The United Nations Narr Francke Attempto Verlag

The contributions of this volume offer both a diachronic and synchronic approach to aspects relating to different areas of colonial life as for example colonial place-naming in a comparative perspective. They comprise topics of diverse interests within the field of language and colonialism and represent the linguistic fields of sociolinguistics, onomastics, historical linguistics, language contact, obsolescence convergence and divergence, (colonial) discourse, lexicography and creolistics.

Vielfalt und Multikulturalität. Das Lexikon zeigt die US-amerikanische Literatur in 350 Porträts repräsentativer Autorinnen und Autoren und ihrer Werke. Dabei liefert es einen Überblick über die außergewöhnlich vielfältige Literatur der Vereinigten Staaten von der Kolonialzeit bis zur

unmittelbaren Gegenwart.

Jürgen Habermas Walter de Gruyter GmbH & Co KG

The Position of the German Language in the World focuses on the global position of German and the factors which work towards sustaining its use and utility for international communication. From the perspective of the global language constellation, the detailed data analysis of this substantial research project depicts German as an example of a second-rank language. The book also provides a model for analysis and description of international languages other than English. It offers a framework for strengthening the position of languages such as Arabic, Chinese, French, Portuguese, Spanish and others and for countering exaggerated claims about the global monopoly position of English. This comprehensive handbook of the state of the German language in the world was originally published in 2015 by Walter de Gruyter in German and has been critically acclaimed. Suitable for scholars and researchers of the German language, the handbook shows in detail how intricately and thoroughly German and other second-rank languages are tied up with a great number of societies and how these statistics support or weaken the languages' functions and

maintenance.

Sprache als Instrument der Change- und Innovationskommunikation Walter de Gruyter

Eine kompakte und dabei fundierte Darstellung des Bereichs der Wirtschafts- und Unternehmenskommunikation ist ein Desiderat der linguistischen Forschung. Das Handbuch Sprache in der Wirtschaft schließt diese Lücke und behandelt die theoretischen Grundlagen der Wirtschaftskommunikation (Wirtschaftsfachsprachen, Unternehmenskommunikation, interkulturelle Kommunikation in der Wirtschaft). Des Weiteren werden zentrale linguistische Fragestellungen thematisiert, z.B. Stil / Rhetorik, Text-Bild-Verhältnis, Semantik, Pragmatik, Argumentationsstrategien, Textsorten, Gesprächsanalyse. Dabei liegt ein Fokus auf der externen und internen Unternehmenskommunikation. Daneben werden im Band Themen wie die interkulturelle Wirtschaftskommunikation, kommunikative Netzwerke und neue Medien, Markenkommunikation und vieles weitere behandelt. *Invisibilising Austrian German* Walter de Gruyter
Journalistic activity crosses national borders in creative and sometimes unexpected ways. Drawing

on many interviews and newsroom observation, this book addresses an overlooked but important aspect of international journalism by examining how journalists carry out their daily work at the transnational and regional transborder level.

Heidegger: The Critique of Logic Routledge

The author presents an original proposal for a shared Celtic-Germanic accentual system, which has fundamental implications for Proto-Germanic.

Handbuch Sprache in der Wirtschaft Walter de Gruyter GmbH & Co KG

First published in 2002. This is Volume XV of seventeen in the Library of Philosophy series on Metaphysics. Written in 1939, this book looks at Language and Reality and the Philosophy of Language and the Principles of Symbolism and is related to the movement of Logical Positivism, initiated by Wittgenstein's *Tractatus Logico-Philosophicus*.

Sprachsensibler Religionsunterricht Walter de Gruyter

The writings of Martin Heidegger are fundamental to any understanding of contemporary philosophic problems and movements. Heidegger is considered the most original and profound philosopher of our age. He addresses himself to the contemporary world, attempting to interpret it and telling us what our place in the world is. He calls for a new awareness of freedom and he searches for the uniqueness of the human reality. Heidegger speaks of a new humanism; his philosophy is a fundamental re-evaluation of the relation of man to the world.

Journalism Across Boundaries Manchester University Press

Der Ausgangspunkt dieser Überblicksdarstellung zur aktuellen linguistischen Forschung ist die Frage, inwiefern Sprache als vermeintlich neutrales Medium Sachverhalte und Gegenstände der Wirklichkeit zu repräsentieren vermag. Sprachwissenschaftler stellen das Thema Sprache am Beispiel gesamtgesellschaftlich relevanter Themen und Forschungsrichtungen vor. Der Band richtet sich damit an Wissenschaftler und Studenten der Linguistik, Germanistik und angrenzender Fachgebiete sowie an sprachinteressierte Laien.

Gateways to the Book Verlag Theater der Zeit

This book explores the dynamics of language and social change in central Europe in the context of the end of the Cold War and eastern expansion of the European Union. One outcome of the profound social transformations in central Europe since the Second World War has been the reshaping of the relationship between particular languages and linguistic varieties, especially between 'national' languages and regional or ethnic minority languages. Previous studies have investigated these transformed relationships from the macro perspective of language policies, while others have taken more fine-grained approaches to individual experiences with language. Combining these two perspectives for the first time--and focusing on the German language, which has a uniquely complex and problematic history in the region--the authors offer an understanding of the complex constellation of language politics in central Europe. Stevenson and Carl's analysis draws on a range of theoretical, conceptual and analytical approaches - language ideologies, language policy, positioning theory, discourse analysis, narrative analysis and life histories - and a wide range of data sources, from European and national language policies to individual language biographies. The authors demonstrate how the relationship between German and other languages has played a crucial role in the politics of language and processes of identity formation in the recent history of central Europe.

Was Ist Das--die Philosophie? The Lab's Quarterly

The present study adds to TEFL discourse in several ways. First of all, it contributes to the widening of the canon as it focuses on Ugandan children's fiction. Secondly, the research connects to the few empirical studies that exist in the field. It provides further implications for cultural and global learning and literary didactics in TEFL derived from insights into the mental processes of a group of Year 9 students in Germany engaging with Ugandan children's fiction within the scope of an extensive reading project.

Handbuch Sprache in den Public Relations Springer-Verlag

Wer würde bezweifeln, dass Sprache ein wesentliches Medium aller Schriftreligionen und dass religiöse Sprachfähigkeit ein wesentliches Ziel religiöser Bildung sind? Doch angesichts gesellschaftlicher Transformationsprozesse wird religiöse Sprache immer mehr zur Fremdsprache,

immer häufiger zeigen sich mit Blick auf Sinn- und Orientierungsfragen religiöse Sprachlosigkeiten bzw. Sprachbarrieren. Gleichzeitig wächst die sprachliche Vielfalt in der Schule, was vielfach als Herausforderung erkannt, bislang jedoch nur selten als Chance aufgegriffen wurde.

Bildungsprozesse anzuregen bedarf der Fähigkeit zu Reflexion und Verständigung, welche wiederum ohne Sprachfähigkeit nicht zu denken sind. Der vorliegende Band des Jahrbuchs für Religionspädagogik versucht die Frage nach einem "sprachsensiblen Religionsunterricht" zu klären. Anhand der gesetzten Impulse können für heutige Kinder und Jugendliche Sprach- und Verstehensräume in Sachen Religion erschlossen, gemeinsam mit ihnen Wege zur Über-Setzung traditioneller theologischer Sprache und gegenwärtiger Erfahrungen und Einstellungen entdeckt werden.

Wagner's Melodies Springer

Since his inaugural lecture at Freiburg in 1929 in which Heidegger delivered his most celebrated salvo against logic, he has frequently been portrayed as an anti-logician, a classic example of the obscurity resultant upon a rejection of the discipline of logic, a champion of the irrational, and a variety of similar things. Because many of Heidegger's statements on logic are polemical in tone, there has been no little misunderstanding of his position in regard to logic, and a great deal of distortion of it. All too frequently the position which is attacked as Heidegger's is a barely recognizable caricature of it. Heidegger has, from the very beginning of his career, written and said much on logic. Strangely enough, in view of all that he has said, his critique of logic has not been singled out as the subject of any of the longer, more detailed studies on the various aspects of his thought.

Essential 25000 English-German Law Dictionary Springer

This book presents both a historical overview of the absorption of Heidegger's thought into English-language philosophical schools as well as a philosophical discussion of his thought provided by contemporary scholars. The text describes the ways in which a philosophical methodology and worldview seemingly so inhospitable to Anglophone academia has managed to find an unlikely home. This volume is roughly divided into two types of contributions: discussions of Heidegger's reception in the English-speaking world, and outstanding examples of English-language Heidegger scholarship. The first type includes both historiographical accounts of the encounters between Heidegger's thought and the Anglo-American world, as well as their philosophical expositions and critiques. The second group of chapters reveal the latest contemporary scholarship by contemporary Heideggerians writing in English. It is moreover the first volume to bring together thinkers from both genealogies of Anglo-American Heideggerianism appealing to students and researchers working in both of these camps.

Duration and Change Springer-Verlag

Das Handbuch bietet einen umfassenden und systematischen Überblick zur Rolle von Sprache und Texten in den Public Relations. Das Interesse einer interdisziplinären Beschäftigung mit Sprachgebrauch in der internen und externen Unternehmenskommunikation ist in der Praxis und Wissenschaft gestiegen. Von der Text- und Diskursanalyse über die Systemtheorie und den kommunikativen Institutionalismus bis zur Sprachphilosophie: Das Handbuch zeigt theoretische Ansätze für die Beschäftigung mit Sprache in Organisationen. Es beleuchtet zudem, wie sprachwissenschaftliche Modelle und Methoden für die Analyse von Handlungsfeldern der PR eingesetzt werden können. Darüber hinaus zeigen die Beiträge, wie die konkrete Analyse von Textsorten zu einem Erkenntnisgewinn führen, der die Grundlage für eine moderne Unternehmenskommunikation in der heutigen medialen Landschaft bieten kann. Das Handbuch bietet eine umfassende Bestandsaufnahme des aktuellen Forschungsstandes zum Thema Sprache in den Public Relations.

Sprache und Empathie Berghahn Books

What we think music is shapes how we hear it. This book traces the history of the idea of pure - 'absolute' - music from Pythagoras to the present, with special emphasis on efforts to reconcile the irreducible essence of the art with its profound effects on the human spirit. The core of this study focuses on the period 1850-1935, beginning with the collision between Richard Wagner and the

Viennese critic Eduard Hanslick.

Metzler Lexikon amerikanischer Autoren Walter de Gruyter GmbH & Co KG

Die Autorinnen und Autoren präsentieren in diesem Buch die neuesten Erkenntnisse in der Anwendung von qualitativen Forschungsmethoden in den Wirtschafts-, Gesundheits- und Sozialwissenschaften. Der Sammelband stellt Beiträge des 2. Qualmet-Symposiums 2018 (Qualitative Methoden) vor und fördert den Dialog und Austausch mit qualitativen Forscherinnen und Forschern im deutschsprachigen Raum. Die vorgestellten Projekte zeigen sehr anschaulich, welchen wichtigen Beitrag qualitative Forschung zum Erkenntnisgewinn in Wissenschaft und Praxis liefern kann.

Peace and conflict research in times of radical change Springer Science & Business Media

The Essential 25000 English-German Law Dictionary is a great resource anywhere you go; it is an easy tool that has just the words you want and need! The entire dictionary is an alphabetical list of Law words with definitions. This eBook is an easy-to-understand guide to Law terms for anyone anyways at any time. The content of this eBook is only to be used for informational purposes and an invaluable legal reference for any legal system. It's always a good idea to consult a professional lawyer or attorney with legal issues. Just remember one thing that learning never stops! Read, Read, Read! And Write, Write, Write! A thank you to my wonderful wife Beth (Griffo) Nguyen and my amazing sons Taylor Nguyen and Ashton Nguyen for all their love and support, without their emotional support and help, none of these educational language eBooks and audios would be possible. The Essential 25000 Deutsch-Englisch-Wörterbuch Law ist eine großartige Ressource, wohin Sie gehen; es ist ein einfaches Werkzeug, das gerade die Worte, die Sie wünschen und brauchen hat! Das gesamte Wörterbuch ist eine alphabetische Liste der Rechts Wörter mit Definitionen. Dieses eBook ist eine einfach zu verstehende Anleitung zu Recht Begriffe für jedermann sowieso jederzeit. Der Inhalt dieses eBook wird nur zu Informationszwecken zur Verfügung und eine unschätzbare gesetzlichen Bezugs jedem Rechtssystem verwendet werden. Es ist immer eine gute Idee, einen professionellen Rechtsanwalt oder Anwalt mit rechtlichen Fragen zu beraten. Denken Sie daran, eine Sache, dass das Lernen nie aufhört! Lesen, lesen, lesen! Und schreiben, schreiben, schreiben! Ein Dankeschön an meine wundervolle Frau Beth (Griffo) Nguyen und meine Söhne erstaunliche Taylor Nguyen und Nguyen Ashton für ihre Liebe und Unterstützung, ohne die emotionale Unterstützung und Hilfe wäre keines dieser Bildungssprache eBooks und Audios möglich.

Sprache John Benjamins Publishing Company

Since the 1840s, critics have lambasted Wagner for lacking the ability to compose melody. But for him, melody was fundamental - 'music's only form'. This incongruity testifies to the surprising difficulties during the nineteenth century of conceptualizing melody. Despite its indispensable place in opera, contemporary theorists were unable even to agree on a definition for it. In Wagner's *Melodies*, David Trippett re-examines Wagner's central aesthetic claims, placing the composer's ideas about melody in the context of the scientific discourse of his age: from the emergence of the natural sciences and historical linguistics to sources about music's stimulation of the body and inventions for 'automatic' composition. Interweaving a rich variety of material from the history of science, music theory, music criticism, private correspondence and court reports, Trippett uncovers a new and controversial discourse that placed melody at the apex of artistic self-consciousness and generated problems of urgent dimensions for German music aesthetics.

Sociolinguistics / Soziolinguistik. Volume 3 Routledge

During his political career, Helmut Kohl used his own life story to promote a normalization of German nationalism and to overcome the stigma of the Nazi period. In the context of the cold war and the memory of the fascist past, he was able to exploit the combination of his religious, generational, regional, and educational (he has a PhD in History) experiences by connecting nationalist ideas to particular biographical narratives. Kohl presented himself as the embodiment of "normality": a de-radicalized German nationalism which was intended to eclipse any anti-Western and post-national peculiarities. This book takes a biographical approach to the study of nationalism by examining its manifestation in Helmut Kohl and the way he historicized Germany's past.
