 Something from the Nightside is an interesting first book for a series. It caught my attention from the start, and after I read it I bought the second book in the series. The Nightside is an unusual place, and with some development I think this series will be really good.

 "Something From the Nightside" is a 2003 novel by British fantasy novelist Simon R. Green, and is in the genre "urban fantasy", and in the subgenre of "hardboiled urban fantasy".
