*The Cambridge Companion to Nineteenth-Century American Women's Writing* John Wiley & Sons  
All of the essays in this volume capture the body in a particular attitude: in distress, vulnerability, pain, pleasure, labor, health, reproduction, or preparation for death. They attend to how the body's transformations affect the social and political arrangements that surround it. And they show how apprehension of the body - in social and political terms - gives it shape.

This guide to the Twelve Steps from Dr. Stephanie S. Covington, a pioneer in the field of women's issues, addiction, and recovery, preserves the spirit of the Alcoholics Anonymous program with a focus on healing language with women's needs in mind. Published in 1994, *A Woman's Way* through the Twelve Steps has long been a unique resource that helps women find their own paths in recovery—paths shaped by the way women experience not only addiction and recovery, but also relationships, self, sexuality, spirituality, and everyday life. Now, stories from five new voices expand the perspective of this recovery classic. Over the past thirty years, what it means to identify as a woman in recovery has broadened to include transgender, nonbinary, and other gender-diverse people. This new edition includes updated, inclusive language to be more trauma-sensitive and welcoming to all women. This compilation of diverse voices and wisdom from real people illuminates how women understand the Twelve Steps of Alcoholics Anonymous (AA) and offers inspiring stories of how they travel through the Steps and discover what works for them. The book can be used alone or as a companion to AA's Twelve Steps and Twelve Traditions. By identifying and addressing the special issues that recovery presents for women, this book empowers women to take ownership of their own journeys and to grow and flourish in recovery.

Military institutions have everywhere and always shaped the course of history, but women's near universal participation in them has largely gone unnoticed. This volume addresses the changing relationships between women and armed forces from antiquity to the present. The eight chapters in Part I present broad, scholarly reviews of the existing literature to provide a clear understanding of where we stand. An extended picture essay documents visually women's military work since the sixteenth century. The book's second part comprises eight exemplary articles, more narrowly focused than the survey articles but illustrating some of their major themes. Military history will benefit from acknowledging women's participation, as will women's history from recognizing military institutions as major factors in molding women's lives. Contributors include Jorit Wintjes, Mary Elizabeth Ailes, John A. Lynn, Barton C. Hacker, Kimberly Jensen, Margaret Vining, D'Ann M. Campbell, Carol B. Stevens, Jan Noel, Elizabeth Prelinger, Donna Alvah, Karen Hagemann, Yehudit Kol-Inbar, Dorotea Gucciardo and Megan Howatt, and Judith Hicks Stiehm.

A Woman's Way through the Twelve Steps Oxford University Press

The Cambridge Companion to Medieval Women's Writing seeks to recover the lives and particular experiences of medieval women by concentrating on various kinds of texts: the texts they wrote themselves as well as texts that attempted to shape, limit, or expand their lives. The first section investigates the roles traditionally assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses dead to the world, and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive.
