Monkey and Me Teacher Created Materials

The animal rights movement has reached a tipping point. No longer a fringe extremist cause, it has become a social concern that leading members of society endorse and young people embrace. From Michael Vick's dog fighting scandal to CNN's airing of the eye-opening film *Blackfish*, animal rights issues have hit the headlines—and are being championed by students and senators, pop stars and producers, and actors and activists. Don't you want to be part of the conversation? In *Thanking the Monkey*, Karen Dawn covers pets, fur, fashion, food, animal testing, activism, and more. But as the title playfully suggests, this isn't like any previous animal rights book. *Thanking the Monkey* is light on lectures meant to make you feel guilty if you're not yet a leather-eschewing vegan. It lets you have fun as you learn why so many of your favorite actors and musicians won't eat or wear animals. And you'll laugh over scores of cartoons by Dan Piraro's *Bizzaro* and other animal-friendly comics. This fun primer for a smart and socially committed generation delivers some serious surprises in the form of facts and figures about the treatment of animals. Yes, it will shock you with tales of primates still used in animal testing on nicotine or killed for oven cleaner. But it will also let you lighten up and laugh a little as we work out how to do a better job of thanking the monkey.

Mandrill Monkey Harper Collins

The story of how the Monkey King came to be.

You Can't Make a Monkey Out of Me Houghton Mifflin Harcourt

Bread Illustrated America Star Books

Maya Monkey has a very long tail. Follow Maya through the jungle as she comes across many different animals and sees that they each have a unique tail. With large font, descriptive text, and fantastic illustrations, early readers will be engaged as they learn that our differences are what make us special!

Bunny Vs. Monkey Bearport Publishing

Third Monkey was the smallest and the ugliest in the nest, but he was also the smartest, quickest, most independent. He decided to be anything but a monkey, but the harder he tried to be different, the more monkeylike he became, until he learned that monkey tricks are monkeys' business.

Spider Monkey HarperCollins

Elephant leads a troop of monkeys into a cave they have been afraid to explore, and after admiring the paintings found on the walls they make their own art with mud, squabbling over whose painting is best until Elephant explains that this is not a game to win or lose.

Make a Monkey Pan Asian Publications (USA)

It's hard being a little monkey in a big troop, in an even bigger jungle - and this little monkey has had enough of always missing out! She's off to climb to the top of the tallest tree in the jungle and she's going to do it all on her own. Except that there's someone following close behind. Someone with claws and stripes and rather sharp teeth . . . *Little Monkey* is a beautiful, funny and empowering picture book from renowned author/illustrator, Marta Altés. *Little Monkey* shows us that the world is a big, wild and wonderful place where anything is possible.

Thanking the Monkey Carolrhoda Books ®

When Monkey is sent into space by a team of scientists, he thinks everything will be smooth sailing. But not everything goes according to plan, and soon Monkey's spaceship crash-lands in a forest, disrupting the peaceful atmosphere. Convinced that he has discovered a new world, power-mad (but mostly incompetent) Monkey claims the forest as his own and determines that all other animals must be banished, including his soon-to-be nemesis, Bunny. As Bunny gathers reinforcements and goes head-to-head with the gadget-obsessed Monkey, hilarious hijinks ensue. This hilarious middle-grade adventure is a graphic novel like no other. Jamie Smart's energetic, expressive cartooning and antic plots will take readers on a mind-bending screwball journey into the beating heart of wackiness itself. Colorful, dynamic, smart alecky, and with more twists and turns than you can count, the *Bunny vs. Monkey* books are the perfect read for humor-loving kids ages 8 to 12. PRAISE FOR THE BUNNY VS MONKEY SERIES: "Brilliant. Perfect for fans of *Dog-Man*"-- Jamie Littler, author-illustrator of *Frostheart* "Jamie Smart is a comics genius!"-- Philip Reeve, author *Mortal Engines* "One of the best children's comics of all time."--Starburst Magazine "The funniest thing around."--Comicon "Wonderfully wacky, witty and wild!"—Laura Ellen Anderson, author-illustrator of *Amelia Fang* "Inventive, original, and completely wacky."—BookTrust "Endlessly inventive, sublimely funny, and outrageously addictive."--Now Read This!

If you like your cakes delicious, cute and stylish, then you'll love cake POPs the delicious little treats designed by one of London's most fashionable bakeries. Cake POPs are here to stay. Since launching onto the cake scene a couple of years ago, these moist cakes on sticks have been a huge hit amongst anyone with a sweet tooth. In her second book, *POP Party*, Clare O'Connell presents 40 brilliant ideas to create the perfect party for any occasion, including brand new cake POPs designs,

pretty party props and decadent layer cakes. Everyone will love the cute tortoise POPs, or why not make the quirky science POPs for a clever friend? Make the corpse bride and groom POPs for Halloween, or a beautiful ruffle layer cake with Swiss meringue icing for a special birthday, and decorate your event with colourful paper pompoms and fun tassel garlands. The basic techniques section will tell you everything you need to know for your cake POP journey, and each recipe and project has clear, step-by-step photography and easy-to-follow instructions so you'll be cake POPping in no time! Clare O'Connell has always loved baking, and after undertaking work experience at a combined bakery and chocolate shop, she decided to start selling her own cake POPS. She runs her business, the Pop Bakery, from her family home in West Hampstead, London, and supplies cake POPS to Harvey Nichols and the Sanderson and St Martin's Lane hotels. Clare was also provided Cake POPS for a Topshop launch party in Bath in southwest England and will be working with Topshop on similar events across the UK. Visit her website at www.popbakery.co.uk

Tyler the Monkey and Andy the Mouse HarperCollins Children's Books

Some people, however many times they read that spider monkeys are not good pets, decide to buy one. This book is a guide of how to make the monkeys as happy as possible in a domesticated environment, knowing that they will never really be happy as they are born to live in the wild. There really is no "good way" of keeping any monkeys as pets and the spider monkey is no exception. Spider monkeys are strong, wild animals who can cause serious damage if taken away from their natural environment. They can become very scared, very aggressive towards other animals and human beings and often, they end up in very poor health. Too many monkeys die because their owners don't know how to care for them. A lot of monkeys are bought from the black market but the people buying them don't even know this. Breeders are extremely cruel by ripping away baby monkeys from their mothers when they are only a few weeks old, making it a very distressing experience for the baby monkey and the mum. Keeping primates as pets is wrong and cruel for the animal. You cannot take a non-domesticated animal and then expect to have a lovely pet like a cat or a dog. Spider monkeys are unfortunately fast turning into endangered species. People, sadly, are their greatest enemy. People hunt them down for meat and also drag them into lucrative pet trade. However, despite all this, people still get spider monkeys as pets. This book is for those people. If you DO decide to get a spider monkey, regardless of all the problems surrounding these animals, please make their home as pleasant as possible and please, please, love them dearly. The opening chapter of this book, which explores the fascinating lives of these creatures in the tropical rain forests of South and Central America, proves otherwise. No one should attempt to welcome a spider monkey into their home or life without first understanding their social and psychological complexity, which has a direct bearing on their behaviour in captivity. This book provides a thoughtful commentary on the importance of environment, which is crucial to creating an appropriate habitat for a pet spider monkey. I also focus on the daily care these creatures require, the intricacies of constructing a home environment for them, and the necessity of regular and thorough veterinary care. You will also find a resource and reference section, which includes common terms, sources for supplies, and owner discussion and support groups, followed by concluding remarks and a Glossary. Appendix I is a list of legal provisions in the United States and the United Kingdom relevant to keeping spider monkeys as pets. Appendix II lists primate sanctuaries. Sadly, many pet monkeys are

given up as they age. At sexual maturity, monkeys become more aggressive and are often uncontrollable. Zoos will not adopt primates that have been raised as pets, so sanctuaries play a vital role in protecting these animals that, by the circumstances of their raising, really don't act like monkeys. Where applicable, the text provides information for both the United States and the United Kingdom. The end result is not just another pet "how to" book, but an honest attempt to prepare any prospective spider monkey owner for the life-long commitment they are undertaking. Having a spider monkey as a pet is rather like adopting a child. This easily accessible text is a must read for anyone contemplating adopting a monkey. The advice is straightforward and practical and will benefit both sides of the equation - man and monkey.

Monkey See, Monkey Do Astra Publishing House

Have you ever been asked by your child to draw something simple like a dog or a bird but you have been unable to? Your child looks to you for guidance and support in all aspects of life. Your lack of artistic ability is not something you thought of as a hindrance, but now that you have children, this simple skill can make the world of difference in creating moments of deep bonding. When you are able to teach your child how to draw an animal or a house with accuracy and see that look of awe and admiration in their eyes, you will know that you made the right choice buying this book. This guide will start you on a magical trip with your little one that begins with a single mark on the page and ends with a rich and creative world that the two of you have drawn together.

Monkey See, Monkey Draw Harper Collins

Why do some monkeys rub noses? Your children will learn the ins-and-outs of monkey business when they use this book to make a black-faced vervet. Not only will children learn that monkeys have an opposable thumb to grasp things, their craft monkey will have one, too! This monkey also has a long flexible tail, useful for balancing on trees or hanging from the thumbs of a first grader.

Monkey Do! Gardners Books

Funny monkey Jim Panzee, star of the #1 New York Times bestselling series, tries to show emerging readers how to get rid of a bad mood. Grumpy Monkey Jim Panzee wakes up one morning and decides that it's time for a new Jim. He asks his jungle friends to get him so mad that he can get rid of all his grumpy feelings. It seems to work until his friend Norman reminds Jim that it's best just to be himself, grumps and all. Easy-to-read words and colorful illustrations will hook young readers on the lifelong habit of reading. Step 2 readers use basic vocabulary and short sentences to tell simple stories. They are perfect for children who recognize familiar words and can sound out new words with help.

Humorous West Indian folktale about a monkey who thought molasses was called "trouble" and got into just that when he tried to buy some.

The Making of Monkey King The Rosen Publishing Group, Inc

When a person goes to the boss with a problem and the boss agrees to do something about it, the monkey is off his back and onto the boss's. How can managers avoid these leaping monkeys? Here is priceless advice from three famous experts: how managers can meet their own priorities, give

back other people's monkeys, and let them solve their own problems.

Someone's Making a Monkey Out of You! Viking Children's Books

Engage Literacy is the new reading scheme from Raintree that introduces engaging and contemporary content to motivate and support early readers while providing a reliable and instructional framework. All titles are precisely levelled, with new vocabulary being introduced and reinforced throughout the levels. The Red book band comprises 6 fiction and 6 non-fiction books at levels 3, 4 and 5. This is a 6-pack of one of these individual titles.

Maya Monkey Capstone Global Library Limited

When Little Monkey's curiosity causes her to slip and fall to the dark, shadowy rainforest floor, she must hide—quick!—because an ocelot is looking for lunch. Thanks to Papa, Little Monkey knows just what to do to stay safe. And thanks to her own wit and speed, she escapes. But no sooner is she safe from the ocelot than she finds herself wrapped in the coils of an emerald tree boa. This exciting adventure will enthrall readers as Little Monkey faces one challenge after another and will also teach them about the fascinating lives of pygmy marmoset monkeys, the smallest monkeys in the world.
