This book describes the different ways in which children care for horses and includes a brief story about Sara taming her wild horse, Clyde. This title includes a Fun Facts page and a Glossary.

The Arabian Art of Taming and Training Wild and Vicious Horses Yearling

Daoism is a global religious and cultural phenomenon characterized by multiculturalism and ethnic diversity. Daoism: A Guide for the Perplexed offers a clear and thorough survey of this ancient and modern religious tradition. The book includes an overview of Daoist history, including key individuals and movements, translations of primary Daoist texts, and discussions of key dimensions of Daoist religiosity, covering primary concerns and defining characteristics of the religion. Specifically designed to meet the needs of students and general readers seeking a thorough understanding of the religion, this book is the ideal guide to studying and understanding Daoism as a lived and living religious community.

ART OF TAMING & EDUCATING THE Abela Publishing Ltd
Using a historical, textual and ethnographic approach, this is the most comprehensive presentation of Daoism to date. In addition to revealing the historical contours and primary concerns of Chinese Daoists and Daoist communities, The Daoist Tradition provides an account of key themes and defining characteristics of Daoist religiosity, revealing Daoism to be a living and lived religion. Exploring Daoism from a comparative religious studies perspective, this book gives the reader a deeper understanding of religious traditions more broadly. Beginning with an overview of Daoist history, The Daoist Tradition then covers key elements of Daoist worldviews and major Daoist practices. This is followed by a discussion of the importance of place and sacred sites as well as representative examples of material culture in Daoism. The work concludes with an overview of Daoism in the modern world. The

book includes a historical timeline, a map of China, 25 images, a glossary, text boxes, suggested reading and chapter overviews. A companion website provides both student and lecturer resources: <http://www.bloomsbury.com/the-daoist-tradition-9781441168733/>
Shawnee, Wild and Tame: The True Story of a Missouri Wild Horse
Sagwan Press

Get swept away by daring romance in the first novel in the Claimed by the Highlander series. In the Highlands of Scotland, plays for power are fought without rules, treachery and intrigue hold court, and, in one woman's heart, danger stirs as relentlessly as passion... Wrongfully accused of murder and left to die in a hellish Highland dungeon, Ana Bisset has lost all hope of freedom. But the beautiful healer's luck takes an unexpected turn when a hooded stranger appears as her rescuer. After a harrowing escape, Ana settles alone in a quiet village where no one knows her past or her reputation. The last thing she ever expects is to meet her mysterious savior again... Niall MacCurran is no hero, but a warrior on a dangerous mission to expose a threat to the realm. After his decision to free Ana, he now realizes that it is he who needs her help—willing or no—to advance his quest. But his growing feelings for the delicate yet resilient beauty soon jeopardize their safety—and not even Ana's healing gifts may be enough to protect their love, or their lives.

The Arabian Art of Taming and Training Wild & Vicious Horses by P. R. Kincaid et al.

The Standard Horse Book Literary Licensing, LLC

Winnie Willis must find enough money to buy the horse of her dreams, while also trying to convince her father not to move to another town again.

The Art of Taming and Educating the Horse Balboa Press

While many horse training books are written specifically for experienced trainers, The Arabian Art of Taming and Training Wild and Vicious Horses breaks the mold. It's a comprehensive and highly accessible resource written specifically for the non professional horse owner. P. R. Kincaid gives you the principles of a new theory of taming wild horses, which is the result of his many experiments and a thorough investigation and trial of the

different methods of horsemanship still currently in use. Written over 100 years ago, it is still considered the standard reference with basic lessons in foundation training with clear, step-by-step instructions meant to give every horse owner the ability to bring a green animal or one from troubled beginnings to a point where both horse and rider have the essential skills to pursue any equestrian discipline with confidence.

You Can Learn to Tame and Train Wild Horses ABDO Publishing Company

Winner of a 2020 Border Regional Library Association Southwest Book Award "Truly transcendent." —Jessica Lustig, New York Times Book Review This riveting memoir follows professional horse trainer Ginger Gaffney's year-long odyssey to train a herd of neglected horses at an alternative prison ranch in New Mexico. Working with her is a small team of ranch "residents," men and women who are each uniquely broken by addiction and incarceration. Gaffney forms a bond with them as profound as the kinship and trust the residents discover among the troubled horses. Through these unforgettable characters—both animal and human—Half Broke tells a new kind of recovery story and speaks

to the life-affirming joy of finding a sense of belonging.

Handsome Horses W. W. Norton & Company

Back in the day before automobiles, a good horse trainer and veterinarian was the equivalent of "Mr Goodwrench". A badly behaving or unhealthy equine was equivalent to breaking down on the highway or running out of gas on a lonely stretch of highway somewhere in Utah. My sources tell me that most of the training methods are ok, but stay away from the medical tips unless you are prepared to become the poster boy or girl for the local SPCA. Listen with tongue in cheek, and check with a professional before attempting any of these techniques on a real animal.

Taming the Wild Penguin Random House New Zealand Limited

They share a passion to heal what is broken, but it's their own hearts that need to be made whole. Brody McQuaid is a broken man, and he knows it. While his body survived the war, his soul did not. Besides loving his little niece, his only sense of purpose comes from saving the wild horses that roam South Park. Ranchers in the area have taken to killing the horses, which are competing with their cattle to feed on the open grass. Savannah Marshall is a veterinarian on her family's Colorado ranch. She longs to keep her father happy following the tragic death of her older brother, including marrying a man of his choosing. But days before her wedding, she gets cold feet and disappears to South Park. As she learns more about the destruction of the horses, she joins Brody in an attempt to save the wild creatures. But when Savannah's family and the resentments of the area cattlemen catch up with them both, Brody and Savannah will have to tame their fears if they've any hope to let love run free.

Wild Thing Penguin Random House New Zealand Limited

Well over 150 years before Robert Redford directed and starred in "The Horse Whisperer", inspired by Tom Dorrance, Ray Hunt and Buck Brannaman, Willis J. Powell was whispering to horses and training them much in the way the fictitious character Tom Booker did in the 1985 film. Indeed this volume was first issued in 1848, a hundred and thirty-seven years before the famous movie. By then Powell had been in business for over 30 years. In this volume Powell and Rarey tell: How to break and ride colts; How to tame the most vicious horses and gentle them to all kinds of vehicles or work; How to break them of kicking or any other bad tricks; How to teach them tricks or actions; etc., etc. This volume also has Numerous valuable receipts for diseases of horses as well as tips for farmers dealing with troublesome cows as well as remedies for oxen that lie down, and won't get up. As such, we recommend this book to anyone wanting to start a career in Horse Whispering. We also recommend it to young people who are just breaking into equine activities for either pleasure or sport, if only to give a valuable understanding of the nature of the equine breeds. In this volume Powell recounts how he read of a man who had lived a century earlier who had a secret method of taming horses and he resolved to discover the method for himself. Powell commenced his career as a horse whisperer shortly after 1811 and was so successful he was invited to Mexico to train and tame wild and troublesome horses. Thereafter Powell lived in Mexico for about 12 years, and then travelled to Cuba, Guatemala and California taming horses and making a good living doing so. 10% of the profit from the sale of this book will be donated to charities. ===== KEYWORDS/TAGS: The Real Horse Whisperer, Tom Dorrance, Ray Hunt and Buck Brannaman, Willis J. Taming the Wild Horses Harper Collins

In thirteenth-century China, a Daoist monk named Gao Daokuan (1195-1277) composed a series of illustrated poems and accompanying verse commentary known as the Daoist Horse Taming Pictures. In this annotated translation and study, Louis Komjathy argues that this virtually unknown text offers unique insights into the transformative effects of Daoist contemplative practice. *Taming the Wild Horse* examines Gao's illustrated poems in terms of monasticism and contemplative practice, as well as the multivalent meaning of the "horse" in traditional Chinese culture and the consequences for both human and nonhuman animals. The Horse Taming Pictures consist of twelve poems, ten of which are equine-centered. They develop the metaphor of a "wild" or "untamed" horse to represent ordinary consciousness, which must be reined in and harnessed through sustained self-cultivation, especially meditation. The compositions describe stages on the Daoist contemplative path. Komjathy

provides opportunities for reflection on contemplative practice in general and Daoist meditation in particular, which may lead to a transpersonal way of perceiving and being.

Wentworth Press

"To appreciate Shy Boy," writes horse gentler Monty Roberts, "you must see him or his kind running free and easy, in a wide open space." This compelling story, and the breathtaking photographs that accompany it, offer a chance to do just that. During a dramatic three-day ride across miles of high desert, Monty Roberts used all his skill to connect with the little mustang he finally befriended. In the year that followed, Shy Boy grew to love life on the farm, playfully demanding attention, and becoming fascinated by children. After a year of challenges and one frightening illness, the wild horse's exceptional spirit earned the respect and admiration of his trainers. And, as a result of a PBS-aired program based on his initial encounter with Roberts, Shy Boy gained international fame. Yet throughout this extraordinary year, Monty Roberts struggled with the question, "Would Shy Boy rather be free?" With trepidation, he took Shy Boy back to the wild to let him choose. The event, and its stunning conclusion, are memorably captured in these magnificent photographs and in a story that is both unforgettable and inspiring.

Tyndale House Publishers, Inc.

Wild Kaimanawas set her on a journey of self-discovery, teaching her not only the language of horses, but the powerful impact they can have on our lives. In *Taming the Wild*, Kelly Wilson shares her training philosophies for creating happy horses that love their lives among humans. From learning how to read a horse's body language to taming a horse and starting it under saddle, this book is the ultimate how-to guide for everyday people training their own horse, whether wild or domestic. It is also the personal, uplifting story of the 24 wild horses Kelly helped save from slaughter during the 2018 Kaimanawa muster, and the experience of mentoring 10 riders as they tamed their very first horses. Full of breathtaking photography, *Taming the Wild* will educate and inspire novice and experienced riders alike, or anyone who wants to better understand the wild ways of these exquisite creatures.

Taming the Wild Horse Hardpress Publishing

While waiting for a delayed airplane, old Henry Dailey, the Black's trainer, tells young Alec Ramsay a story of his own youth, travelling with his brother, Bill. Bill Dailey's talent as a horse-whisperer was unmatched in the days before the automobile and young Henry tells of an unscrupulous con-man who mistreats horses into behaving temporarily. Bill is determined to show that the man is a fraud, but can he unmask the con without getting hurt? Walter Farley experimented with many genres of writing and here, in his only foray into historical fiction, he weaves a fascinating tale of life when horses were the primary means of transportation.
