LIZETH POTTS

The Cranks Bible Cambridge University Press

When Pippa Dunn, adopted as an infant and raised terribly British, discovers that her birth parents are from the American South, she finds that "culture clash" has layers of meaning she'd never imagined. Meet *The English American*, a fabulously funny, deeply poignant debut novel that sprang from Larkin's autobiographical one-woman show of the same name. In many ways, Pippa Dunn is very English: she eats Marmite on toast, knows how to make a proper cup of tea, has attended a posh English boarding school, and finds it entirely familiar to discuss the crossword

rather than exchange any cross words over dinner with her proper English family. Yet Pippa -- creative, disheveled, and impulsive to the core -- has always felt different from her perfectly poised, smartly coiffed sister and steady, practical parents, whose pastimes include Scottish dancing, gardening, and watching cricket. When Pippa learns at age twenty-eight that her birth parents are from the American South, she feels that lifelong questions have been answered. She meets her birth mother, an untidy, artistic, free-spirited redhead, and her birth father, a charismatic (and politically involved) businessman in Washington, D.C.; and she moves to America to be near them. At the same time, she relies on the guidance of a young man with whom she feels a mysterious connection; a man who discovered his own estranged father and

who, like her birth parents, seems to understand her in a way that no one in her life has done before. Pippa feels she has found her "self" and everything she thought she wanted. But has she? Caught between two opposing cultures, two sets of parents, and two completely different men, Pippa is plunged into hilarious, heart-wrenching chaos. The birth father she adores turns out to be involved in neoconservative activities she hates; the mesmerizing mother who once abandoned her now refuses to let her go. And the man of her fantasies may be just that... With an authentic adopted heroine at its center, Larkin's compulsively readable first novel unearths universal truths about love, identity, and family with wit, warmth, and heart.
Pure, White, and Deadly Simon and Schuster

CHOSEN BY THE ECONOMIST AS A BEST BOOK OF THE YEAR An American linguist teaching in England explores the sibling rivalry between British and American English "English accents are the sexiest." "Americans have ruined the English language." Such claims about the English language are often repeated but rarely examined. Professor Lynne Murphy is on the linguistic front line. In *The Prodigal Tongue* she explores the fiction and reality of the special relationship between British and American English. By examining the causes and symptoms of American Verbal Inferiority Complex and its flipside, British Verbal Superiority Complex, Murphy unravels the prejudices, stereotypes and insecurities that shape our attitudes to our own language. With great humor and new insights, Lynne Murphy looks at the social, political and linguistic forces that have driven American and British English in different directions: how Americans got from centre to center, why British accents are growing away from American ones, and what different things we mean when we say estate, frown, or middle class. Is anyone winning this war of the words? Will Yanks and Brits ever really understand each other?

Room Sourcebooks, Inc.

Bestselling author Mhairi McFarlane returns with another heartfelt romantic comedy perfect for fans of Josie Silver, Sophie Kinsella, or Sally Thorne. One of Shondaland's 5 Must-Read Books for March and a Best Romance of 2020 by Amazon, OprahMag, Insider, Buzzfeed, Bustle, Cosmo, PopSugar, and BookPage. If faking love is this easy... how do you know when it's real? When her partner of over a decade suddenly ends things, Laurie is left reeling—not only because they work at the same law firm and she has to see him every day. Her once perfect life is in shambles and the thought of dating again in the age of Tinder is nothing short of horrifying. When news of her ex's pregnant girlfriend hits the office grapevine, taking the humiliation lying down is not an option. Then a chance encounter in a broken-down elevator with the office playboy opens up a new possibility. Jamie Carter doesn't believe in love, but he needs a respectable, steady girlfriend to impress their bosses. Laurie wants a hot new man to give the rumor mill something else to talk about. It's the perfect proposition: a fauxmance played out on social media, with strategically staged photographs and a specific end date in mind. With the plan hatched, Laurie and Jamie begin to flaunt their new couple status, to the astonishment—and jealousy—of their friends and colleagues.

But there's a fine line between pretending to be in love and actually falling for your charming, handsome fake boyfriend...

In It for the Long Run Bloomsbury Publishing

HE'S BACK AND HE'S FUHRIOUS!

"Desperately funny . . . An ingenious comedy of errors." --Janet Maslin, *The New York Times* "Satire at its best." --

Newsweek "Thrillingly transgressive." --

The Guardian A NEW YORK TIMES SUMMER

READING PICK In this record-breaking

bestseller, Timur Vermes imagines what

would happen if Adolf Hitler reawakened in

present-day Germany: YouTube stardom.

Adolf Hitler wakes up on a patch of open

ground, alive and well. It's the summer of

2011 and things have changed--no Eva

Braun, no Nazi party, no war. Hitler barely

recognizes his beloved Fatherland, filled

with immigrants and run by a woman.

People certainly recognize him--as a

flawless impersonator who refuses to

break character. The unthinkable happens,

and the ranting Hitler goes viral, becomes

a YouTube star, gets his own TV show, and

people begin to listen. But the Fuhrer has

another program with even greater

ambition in mind--to set the country he

finds in shambles back to rights. With

daring humor, *Look Who's Back* is a

perceptive study of the cult of personality

and of how individuals rise to fame and

power in spite of what they preach.

About Town Createspace Independent

Publishing Platform

Based on new archaeological finds, this

book introduces a novel rethinking of the

whole of British history before the coming

of the Romans. So many extraordinary

archaeological discoveries (many of them

involving the author) have been made

since the early 1970s that our whole

understanding of British prehistory needs

to be updated. So far only the specialists

have twigged on to these developments;

now, Francis Pryor broadcasts them to a

much wider, general audience. Aided by

aerial photography, coastal erosion (which

has helped expose such coastal sites as

Seahenge) and new planning legislation

which requires developers to excavate the

land they build on, archaeologists have

unearthed a far more sophisticated life

among the Ancient Britons than has been

previously supposed. Far from being the

wounded barbarians of Roman propaganda,

we Brits had our own religion, laws, crafts,

arts, trade, farms, priesthood and royalty.

And the Scots, English and Welsh were

fundamentally one and the same people.

That's Not English Random House

Millie's quiet, single summer is about to

get turned upside down... When her dear

friend and bestselling novelist Orla Hart

invites Millie to spend the summer with her in Cornwall, Millie leaps at the chance to spend the summer alone, recovering from a bad breakup. But Orla has other ideas. Envisioning Millie as the heroine of her next novel, Orla is determined that Millie should meet the man of her dreams this summer. The trouble is, Millie's taste in men doesn't match with Orla's at all. Hugh Emerson, dashing young widower, is the one who really interests her. He is also the one man Orla insists she shouldn't get involved with. With dropped wallets, rollerskating gorillagrams, the world's most flirtatious boss, and a helicopter in the back garden, it's sure to be an unforgettable summer... A fresh and fun British women's fiction and a great romantic book with plenty of humor, friendship, and some madcap fun. Fans of Meg Cabot, Sophie Kinsella, Helen Fielding and Jennifer Weiner will want to escape to Cornwall this summer to find their own romance. What reviewers are saying about *Millie's Fling*: "Millie's Fling is a super cute and wicked funny book and I thoroughly enjoyed myself while reading it."—Night Owl Romance "Readers will find a CHARMING ROMP in Jill Mansell's *Millie's Fling*."—BookPage "Ms. Mansell creates such likable and heartwarming characters (like Millie and Orla) that the reader can't help but root for them."—Booking Mama "Millie's Fling is a feel-good book for chick lit fans or readers looking for a light and funny novel packed with memorable characters."—Diary of an Eccentric *That's Not English* Macmillan A spot-on guide to how and why Americans have become so bloody keen on Britishisms—for good or ill The British love to complain that words and phrases imported from America—from French fries to Awesome, man!—are destroying the English language. But what about the influence going the other way? Britishisms have been making their way into the American lexicon for more than 150 years, but the process has accelerated since the turn of the twenty-first century. From acclaimed writer and language commentator Ben Yagoda, *Gobsmacked!* is a witty, entertaining, and enlightening account of how and why scores of British words and phrases—such as one-off, go missing, curate, early days, kerfuffle, easy peasy, and cheeky—have been enthusiastically taken up by Yanks. After tracing Britishisms that entered the American vocabulary in the nineteenth century and during the world wars, *Gobsmacked!* discusses the most-used British terms in America today. It features chapters on the American embrace of British insults and curses, sports terms,

and words about food and drinks. The book also explores the American adoption of British spellings, pronunciations, and grammar, and cases where Americans have misconstrued British expressions (for example, changing can't be arsed to can't be asked) or adopted faux-British usages, like pronouncing divisive as "divissive." Finally, the book offers some guidance on just how many Britishisms an American can safely adopt without coming off like an arse. Rigorously researched and documented but written in a light, conversational style, this is a book that general readers and language obsessives will love. Its revealing account of a surprising and underrecognized language revolution might even leave them, well, gobsmacked.

The Owl Who Liked Sitting on Caesar

Clarkson Potter

For word nerds and grammar geeks, a witty guide to the most commonly mispronounced words, along with their correct pronunciations and pithy forays into their fascinating etymologies and histories of use and misuse. With wit and good humor, this handy little book not only saves us from sticky linguistic situations but also provides fascinating cocktail-party-ready anecdotes. Entries reveal how to pronounce boatswain like an old salt on the deck of a ship, trompe l'oeil like a bona fide art expert, and haricot vert like a foodie, while arming us with the knowledge of why certain words are correctly pronounced the "slangy" way (they came about before dictionaries), what stalks of grain have to do with pronunciation, and more. With bonus sidebars like "How to Sound like a Seasoned Traveler" and "How to Sound Cultured," readers will be able to speak about foreign foods and places, fashion, philosophy, and literature with authority.

The Duke Who Didn't Random House

Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor's garden for seven years. Her five year old son, Jack, has no concept of the world outside and happily exists inside Room with the help of Ma's games and his vivid imagination where objects like Rug, Lamp and TV are his only friends. But for Ma the time has come to escape and face their biggest challenge to date: the world outside Room.

That's Not English Princeton University Press

Eliot Lamb has dreaded this moment for the past three years of his life: the final night of university. Gathered with his mates in the King's Arms, he begins the ultimate descent - Pub, Bar, Club. Staring into the foam of his first pint, he knows

that before the night reaches its climactic conclusion on the sweaty dance-floor of Filth, he must solve the dilemma of his knotty love-life, risk his closest friendship, face up to a tragic secret, and deal with the fact that he hasn't a clue what to do with the rest of his life. And with the entire literary canon running wild in his imagination and a series of ominous text messages lighting up his mobile phone, things aren't going to be easy. Noughties is an inventive and lyrical comic novel about the highs and lows of modern university life. Eliot may know a lot about Renaissance poetry, the post-modern novel, French literary theory, and how to get hammered at a highly competitive rate, but he is fast realising that adulthood beckons, and it's going to be asking a lot more of him than that.

That's Not English Profile Books

More than 40 years before Gary Taubes published *The Case Against Sugar*, John Yudkin published his now-classic exposé on the dangers of sugar—reissued here with a new introduction by Robert H. Lustig, the bestselling author of *Fat Chance*. Scientist John Yudkin was the first to sound the alarm about the excess of sugar in the diet of modern Americans. His classic exposé, *Pure, White, and Deadly*, clearly and engagingly describes how sugar is damaging our bodies, why we eat so much of it, and what we can do to stop. He explores the ins and out of sugar, from the different types—is brown sugar really better than white?—to how it is hidden inside our everyday foods, and how it is harming our health. In 1972, Yudkin was mostly ignored by the health industry and media, but the events of the last forty years have proven him spectacularly right. Yudkin's insights are even more important and relevant now, with today's record levels of obesity, than when they were first published. Brought up-to-date by childhood obesity expert Dr. Robert H. Lustig, this emphatic treatise on the hidden dangers of sugar is essential reading for anyone concerned about their health, the health of their children, and the wellbeing of modern society.

Bum Bags and Fanny Packs Methuen Drama

We Can't Run Away From This, the new book by bestselling author Damian Hall, is now available for pre-order. In *It for the Long Run* is ultrarunner Damian Hall's story of his Pennine Way record attempt in July 2020. In July 1989, Mike Hartley set the Fastest Known Time (FKT) record for the Pennine Way, running Britain's oldest National Trail in a little over two days and seventeen hours. He didn't stop to sleep, but did break for fifteen minutes for fish

and chips. Hartley's record stood for thirty-one years, until two attempts were made on it in two weeks in the summer of 2020. First, American John Kelly broke Hartley's record by less than an hour, then Hall knocked another two hours off Kelly's time. Hall used his record attempt to highlight environmental issues: his attempt was carbon negative, he used no plastics, and he and his pacing runners collected litter as they went, while also raising money for Greenpeace. A vegan, Hall used no animal products on his attempt. Scrawled on his arm in permanent marker was 'FFF', signifying the three things that matter most to him: Family, Friends, Future. Packed with dry wit and humour, *It for the Long Run* tells of Hall's four-year preparation for his attempt, and of the run itself. He also gives us an autobiographical insight into the deranged world of midlife crisis ultramarathon running and record attempts.

Millie's Fling Harper Collins

In this brilliant transatlantic survival guide, Erin Moore examines the key differences between the British and the Americans through their language. You'll discover why Americans give - and take - so many bloody compliments and never, ever say 'shall' (well hardly ever), as well as what the British really mean when they say 'proper', why they believe it is better to be bright than clever and how the word sorry has at least eight different meanings for them.

The Very Best of British Gibbs Smith

The author reflects on his fifteen-year relationship with a tawny owl, an unlikely companionship marked by their incredulous neighbors, books, and unique care challenges.

That's The Way It Crumbles Penguin

Sometimes you don't get to choose where you are placed in the collective ecosystem of a high school. Luke Hartford spends his days on the fringes of social inadequacy. A normal day at his small town American High School can be described as horrific. That is until events take a turn for the worse. After a vision, Luke realises there is something other than the horror of trying to fit in lurking just under the surface. A mysterious stranger arrives in town and the teachers are acting weirder than normal. Soon enough Luke and an unlikely team of allies must fight their way towards survival, even if they don't really know who to trust. The question is, who will survive the Open Evening? "If I can see you, they can see you."

The English American HarperCollins

A classic collection of healthy and delicious plant-based recipes from the

Cranks kitchen Since opening their first restaurant in 1961, Cranks have been pioneers of vegetarian cuisine and champions of organic produce. Here, celebrated writer and chef Nadine Abensur presents over 200 classic meat-free recipes from the Cranks kitchen. Fifty Shades of Chicken Penguin

An A to Z ("Zed") of terms and expressions that differ in British English vs. American English. Dictionary format with UK terms and expressions and their US equivalents first, followed by US terms and expressions and the UK equivalents next. Also includes pages of rhyming slang, pronunciation differences, spelling

differences, conversion charts and more. Great for travelers, Anglophiles, expatriates and anyone who has a love of languages!

Red, White & Royal Blue Vertebrate Publishing

Dino's girlfriend won't give him what he wants. Jonathon is afraid of what his mates will think of the girl he likes. And Ben is having extra lessons from his sexy teacher. Three seventeen-year-old boys discover sex for the first time: but do they really know what they're doing?

That's Not English Basic Books

An expat's witty and insightful exploration of English and American cultural differences through the lens of language that will leave readers gobsmacked In *That's Not English*, the seemingly superficial differences between British and American English open the door to a deeper exploration of a historic and fascinating cultural divide. In each of the thirty chapters, Erin Moore explains a different word we use that says more about us than we think. For example, "Quite" exposes the tension between

English reserve and American enthusiasm; in "Moreish," she addresses our snacking habits. In "Partner," she examines marriage equality; in "Pull," the theme is dating and sex; "Cheers" is about drinking; and "Knackered" covers how we raise our kids. The result is a cultural history in miniature and an expatriate's survival guide. American by birth, Moore is a former book editor who specialized in spotting British books—including *Eats, Shoots & Leaves*—for the US market. She's spent the last seven years living in England with her Anglo American husband and a small daughter with an English accent. *That's Not English* is the perfect companion for modern Anglophiles and the ten million British and American travelers who visit one another's countries each year.

The UK to USA Dictionary Hachette UK

A comprehensive and illuminating survey of literary journalism with both historical and international scope, this anthology is the only one of its kind. In a series of sparkling readings, Kevin Kerrane and Ben Yagoda trace the evolution of the so-called "new" journalism back to the 18th century.
