Dog Breed Facts for Fun! will help you find out how much you know (or don't know) about different breeds of dogs? Can you name which breed has two dogs with stars on the Hollywood Walk of Fame? Which one is famous for their

patience with children? Or which type of dog is able to detect illegal cell phones of inmates and bumblebee nests? Dogs are one of the most beloved pets in any typical household. They're loyal, friendly, and simply brilliant companions to have, no matter if you're a large, extended family, or a bachelor enjoying the single life. Dogs are not all created equal however, as each one is of a distinctive breed, and each breed comes with its own unique history, abilities, and challenges (for example, it would be a challenge to make a Chihuahua a guard dog). The book contains questions about many of the E through I dog breeds (such as English Springer Spaniels, Fox

Terriers, German Shepherds, Golden Retrievers, Great Danes, Greyhounds, and Irish Setters), which are sure to entertain any dog lover, from child to adult. Even better, the quiz is enhanced by pictures of the dogs and the associated people and places. This adds a new level of education for kids (and adults) as they learn subjects such as history and geography from simple dog breed facts!

Tyndale House Publishers, Inc. Rich Shull like many of his counterparts worldwide grew up in an era before Autism was diagnosable and as such we have figured out Autism from end-to-end. With our Personal

experience in Autism thinking and real life we blend together Autism (Picture Thinking) and normal thought to achieve a normal life. We drive hold normal jobs and are not the stereotypical Rain Man or anti-social genius, the world knows so well, as Autism. We can see the OBVIOUS errors and myths the current Autism thinking has created and thank our lucky stars we were never diagnosed, or we would all be in a group home. Modern Autism Education is two Steps backwards. Our success in real life needs to be studied and accounted for. It is Autism's success bottled and waiting to be tapped. What Current Autism Expert can claim first had knowledge with

Autistic thought and our super active senses and even our Pain free injuries? Pre Rain Man Autism has ignored us for years now, Perhaps it has missed a few points that we have discovered and cured?

Join Steve Levitan and Lili Weinstock as they navigate the

treacherous waters of wedding planning in "In Dog's Image," a captivating traditional mystery novel. Amidst disagreements over guest lists, menu selections, and even wedding attire, their impending nuptials face more than just typical hurdles. The real challenge emerges with the mysterious demise of a prominent gallery owner. Lili finds herself entangled in a web of intrigue when she is asked to identify esteemed artists who graced an event she photographed two decades ago. As shadows of the past resurface, the couple's wedding concerns pale in comparison to the enigma unfolding before them. Lili digs deep into her memories, Steve scans the dark web for

details about a crime that went unpunished, and Rochester sniffs out clues to help them both bring justice. As they peel back layers of deception, they uncover a complex tapestry of secrets, rivalries, and unspoken motives. "In Dog's Image" is a riveting tale where the boundaries between personal celebrations and perilous investigations blur. Will Lili, Steve, and Rochester unearth the buried truth and deliver justice, or will the past's long-shrouded mysteries remain forever concealed?
