Opening the Prayer Book introduces us to the history and liturgies of The Book of Common Prayer, and helps us understand why the prayer book is such an important aspect of Anglican self-understanding.

Taking as its focus memorials of the First World War in Britain, this book brings a fresh approach to the study of public symbols by exploring how different motives for commemorating the dead were reconciled through the processes of local politics to create a widely valued form of collective expression. It examines how the memorials were produced, what was said about them, how support for them was mobilized and behaviour around them regulated. These memorials were the sites of contested, multiple and ambiguous meanings, yet out of them a united public observance was created. The author argues that this was possible because the interpretation of them as symbols was part of a creative process in which new meanings for traditional forms of memorial were established and circulated. The memorials not only symbolized emotional responses to the war, but also ambitions for the post-war era. Contemporaries adopted new ways of thinking about largely traditional forms of memorial to fit the uncertain social and political climate of the inter-war years. This book represents a significant contribution to the study of material culture and memory, as well as to the social and cultural history of modern warfare.

Memorials of the Great War in Britain Rowman & Littlefield

Building on Wings of Faith In 1868, with the nation in general disarray following the American Civil War, the Methodist Church began to form mission churches for freed Blacks in the South. It was out of these mission efforts that the historically important Stewart Memorial Methodist Church was founded in 1893 Daytona, Florida. In 1939, when several Methodist Churches reunited and assumed the title Methodist Church, Black Methodist Churches were included, but they were placed in the segregated Central Jurisdiction of the Methodist Church. Stewart Memorial Episcopal Church was renamed Stewart Memorial Methodist Church. There was still another change to come. When several Methodist-based churches united in 1967 and became the United Methodist Church, Stewart Memorial assumed its present name, Stewart Memorial United Methodist Church. Since its beginning, more than forty ministers have served pastoral charges at Stewart Memorial. Through the years, the United Methodist Church evolved, and so did Stewart Memorial, but the basis foundation of Methodism was unshakable. Methodism, as perceived by John Wesley, emphasized small group worship, which was described as: "A company of men having the form and seeking the

power of godliness, united in order to pray together, to receive the word of exhortation, and to watch over one another in love, that they may help each other to work out their salvation." Making up these small groups under Wesley were those who had "a desire to flee from the wrath to come, and to be saved from their sins." It is upon the sound foundation of Methodism, as emphasized by Wesley, that Stewart Memorial was founded and continues to exist.

The Lutheran Alpha Edition

This little booklet is designed for anyone who faces the difficult and important task of offering words of remembrance at a Catholic Funeral. Both experienced and inexperienced speakers will benefit from this easy-to-read resource. It offers a simple, practical, and—most importantly—discreet way of informing anyone asked "to say a few words" at a Catholic service on the rules that are involved, while also offering practical advice on how to deliver the remarks in an artful and respectful manner. The Catholic Church's policies on the use of family-designated speakers at funerals, wakes, and memorial services and the importance of their putting their remarks in a Christian context are both directly and politely addressed. The booklet emphasizes the sacred elements of the occasion, offering speakers the opportunity to understand their role as something more serious than a toastmaster or even a comedian. Practical suggestions abound on how to form and deliver a concise and appropriate address well suited to a religious gathering. Three sample sets of remarks are included to give speakers a sense of what is possible and appropriate in different situations and venues. This booklet is also available as an e-book for those who are traveling or otherwise not available to obtain a printed copy in time to prepare their remarks.

The manual includes a sample of each record sheet and complete instructions on completing each record.

Congressional Record

A field-tested guide to the management and finance of church congregations, revised for a new generation. Clergy are generally equipped to preach and provide spiritual care. But when it comes to budgets, insurance, fire safety, and church management many find themselves at a loss. The

Church Administration and Finance Manual is the classic guide to running a church, written to answer key questions for clergy and lay leaders. Not simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. This revised edition offers guidance on many new topics that are of vital importance to churches, including protecting children, information security, approaches to preventing and responding to violence, planned giving, social media, and hybrid work and worship. Whether clergy are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.
