The Day of the Dead is the most important annual celebration in Oaxaca, Mexico. Skillfully combining textual information and photographic imagery, this book begins with a discussion of the people of Oaxaca, their way of life, and their way of looking at the world. It then takes the reader through the celebration from the preparations that can begin months in advance through to the private gatherings in homes and finally to the cemetery where the

villagers celebrate together — both the living and the dead. The voices in the book are of those people who have participated in the Day of the Dead for as long as they can remember. There are no ghosts here. Only the souls of loved ones who have gone to the Village of the Dead and who are allowed to return once a year to be with their family. Very readable and beautifully illustrated, this book provides an extensive discussion of the people of Oaxaca, their way of life and their beliefs, which make the Day of the Dead logical and easily comprehensible.

The System of Objects is a tour de force—a theoretical letter-in-a-bottle tossed into the ocean in 1968, which brilliantly communicates to us all the live ideas of the day. Pressing Freudian and Saussurean categories into the service of a basically Marxist perspective, The System of Objects offers a cultural critique of the commodity in consumer society. Baudrillard classifies the everyday objects of the “new technical order” as functional, nonfunctional and metafunctional. He contrasts “modern” and “traditional” functional objects, subjecting home furnishing and interior design to a celebrated semiological analysis. His treatment of nonfunctional or “marginal” objects focuses on antiques and the psychology of collecting, while the

metafunctional category extends to the useless, the aberrant and even the “schizofunctional.” Finally, Baudrillard deals at length with the implications of credit and advertising for the commodification of everyday life. The System of Objects is a tour de force of the materialist semiotics of the early Baudrillard, who emerges in retrospect as something of a lightning rod for all the live ideas of the day: Bataille’s political economy of “expenditure” and Mauss’s theory of the gift; Reisman’s lonely crowd and the “technological society” of Jacques Ellul; the structuralism of Roland Barthes in The System of Fashion; Henri Lefebvre’s work on the social construction of space; and last, but not least, Guy Debord’s situationist critique of the spectacle.

USA TODAY, PUBLISHERS WEEKLY AND ECPA BESTSELLER • The internationally recognized Bible teacher and daughter of Billy Graham combines unique biblical insights and her own personal stories to show how the Holy Spirit guides us in our decisions, comforts us in pain, and stays by our side at all times, enriching our daily lives. In *Jesus in Me*, Anne Graham Lotz draws on her rich biblical knowledge as well as her personal journey—including her recent cancer diagnosis—to help us understand that the Holy Spirit is not a magic genie, a flame of fire, or a vague feeling. He is a Person who prays for us, guides us in our relationships and decisions, comforts us in pain, and stays by our side at all times. In this seminal teaching, she explores seven key aspects of the Holy Spirit that will revolutionize how you understand and relate to this vital third Person in the Trinity. As Anne writes, “One of my deepest, richest joys has been discovering by experience who the Holy Spirit is in every step of my life’s journey. Each name that He has been given—Helper, Comforter, Advocate, Intercessor, Counselor, Strengthener, and Standby—reveals another aspect of His beautiful character and has provoked in me a deep love for the One who is my constant Companion . . . Jesus in me.” Discover how to better love and rely on the person of the

Holy Spirit—and embrace how much He loves you through His presence, power, and provision in our daily lives. Praise for *Jesus in Me* “With plentiful biblical references, Lotz encourages those who already rely on Jesus to step into a purpose-filled life led by the Holy’s Spirit’s guidance. Christians who desire to live a life of greater purpose to glorify God will be awed by Lotz’s impassioned exploration of the role of the Holy Spirit in her life.”—Publishers Weekly

This story will grip you from opening to close and will stimulate your spirit on levels you didn't think possible. Get ready to fight or flee because *Muscle and a Shovel* is one of those rare books that will raise your heart-rate and your blood-pressure. You won't want to wait to share it with your friends or you'll want to douse it in gasoline and set on fire! There'll be no middle ground. Many Christian reviewers have said, "This book will turn our current religious world upside-down!"

*Economics*

The New York Times bestseller by the host of HGTV’s *Flea Market Flip*, packed with expert tips for bargain-hunting home decorators. Former *Good Morning America* and *Antiques Roadshow* host Lara Spencer is a self-confessed frugalista with a passion for shopping at yard sales, thrift shops, and estate sales, and for decorating her home—and friends’ homes—with her fabulous finds. In *I Brake for Yard Sales*, Lara shares her secrets for bargain hunting and tells you where to shop, what to look for, how to pay for it, how to restore it, and finally, where to put it in your house. Peppered with wisdom from world-renowned appraisers as well as contributions from well-known designers, this book also features the house of comedienne and good friend Kathy Griffin, which Spencer herself refurbished and decorated.

Thinking in Systems

The classic book on systems thinking—with more than half a million copies sold worldwide! "This is a fabulous book... This book opened my mind and reshaped the way I think about investing."—Forbes "Thinking in Systems is required reading for anyone hoping to run a successful company, community, or country. Learning how to think in systems is now part of change-agent literacy. And this is the best book of its kind."—Hunter Lovins In the years following her role as the lead author of the international bestseller, *Limits to Growth*—the first book to show the consequences of unchecked growth on a finite planet—Donella Meadows remained a pioneer of environmental and social analysis until her untimely death in 2001. *Thinking in Systems* is a concise and crucial book offering insight for problem solving on scales ranging from the personal to the global. Edited by the Sustainability Institute’s Diana Wright, this essential primer brings systems thinking out of the realm of computers and equations and into the tangible world, showing readers how to develop the systems-thinking skills that thought leaders across the globe consider critical for 21st-century life. Some of the biggest problems facing the world—war, hunger, poverty, and environmental degradation—are essentially system failures. They cannot be solved by fixing one piece in isolation from the others, because even seemingly minor details have enormous power to undermine the best efforts of too-narrow thinking. While readers will learn the conceptual tools and methods of systems thinking, the heart of the book is grander than methodology. Donella Meadows was known as much for nurturing positive outcomes as she was for delving into the science behind global dilemmas. She reminds readers to pay attention to what is important, not just what is quantifiable, to stay humble, and to stay a learner. In a world growing ever more complicated, crowded, and interdependent, *Thinking in Systems* helps readers avoid confusion and helplessness, the first step toward finding proactive and effective solutions.

For some, Christmas is a time of excitement, celebration, and quality time with loved ones. For others, it's full of loneliness, grief, and loss. Join New York Times bestselling author Max Lucado as he unwraps the enduring promises of Christmas and discovers a lifetime of hope, all because of one baby born in Bethlehem. It's easy to lose sight of the remarkable story of Christmas. We forget that a king ordered a census, Joseph was forced to travel, Mary bounced on a donkey's back, the hotel was full, the hour was late, and the event was one big hassle. Yet, out of that hassle, hope was born. In *Because of Bethlehem*, Max invites us to look at the Christmas story from a different perspective. He reminds us that Christmas is about more than a pretty tree with presents piled up underneath it. Christmas begins what Easter celebrates: the child in the cradle who goes on to become the King on the cross. Because of Bethlehem, we have a place on earth and a Savior in heaven. In the midst of your hectic Christmas season, Max will give you the encouragement, advice, and tools you need to: Rekindle your connection to the Christ of Christmas Receive the promises of the Christmas season Lay down your endless Christmas to-do list and trust what Jesus has already done Heal your heartache by embracing the God who is always near you, always for you, and always with you Each copy of *Because of Bethlehem* will also include an Advent Devotional Guide designed to help you reflect on the miracle of Christ's birth and the promise of his return. As you curl up in a comfortable spot and take a closer look at the wild and wonderful story of Bethlehem, may you find enduring faith for all seasons of your life. No matter what this season holds for you, rest in the truth that the promise of Christmas has the power to bring you a lifetime of hope and healing.
