Gods of Eden
 St. Martin's Press
 "Gardens of the Gods" reveals the symbolic language of garden design, exploring the gardens of China, with their moon gates and immortal rocks, the Zen gardens of Japan, the paradise gardens of Islam, those of Renaissance Italy with their richly mythological imagery, the landscaped parks of England, the

gardens of New Harmony in the US and some striking, modern examples of symbolic gardens, including the Tarot Garden of the sculptress Niki de Saint Phalle in Italy. This illustrated book also includes a chapter with suggestions for creating a "garden of meaning" and a selected catalogue of plants with symbolic or mythological associations. Based on ten years of research, travel and

curiosity, this text is also the result of a personal quest - to reveal the mystical codes written in the astonishing worlds of gardens worldwide. *God Wipf and Stock Publishers* ECPA Top Shelf Book Cover Award Biblical Foundations Book Award Winner Sandra L. Richter cares about the Bible. She also cares about creation. An expert in ancient Israelite society and

economy as well as biblical theology, she walks readers through passages familiar and not-so-familiar, showing how significant environmental theology is to the Bible's witness. She then calls Christians to apply that message to today's environmental concerns. Richter is a master Bible scholar. Each chapter draws out a biblical mandate about humanity's responsibility to care for the

land, domestic and wild creatures, and people on the margins. She is also a master storyteller. Well informed on present-day environmental challenges, Richter includes case studies that connect the biblical mandates to current issues. Though modern political alliances may tempt readers to sever Christian faith from environmental stewardship, in this concise and accessible

book, Richter urges us to be driven by God's values instead.

The Lost Books of the Bible and The Forgotten

Hocus Pocus Publishing, Inc.

Eden's Bridge: The Marketplace in Creation and Mission explores a biblically based theology of the marketplace implicit in the creation narrative of Genesis 1-2.

The thesis validates the calling and ministry of all

marketplace Christians. David Doty invites readers to rethink and redirect the purposes of vocation, trade, and profit toward the purposes of God's Kingdom, as they were revealed in the beginning and are to be restored in Christ's reign. This book is eye-opening and inviting as it explores how God is moving to reclaim the marketplace for His Kingdom, and His redeeming purposes for

the world of commerce. The marketplace holds untold potential if business is conducted according to God's plan: poverty can be eradicated, abundant living can be shared among all people, and shalom can prevail. Eden's Bridge offers hope for recovering from the recent collapse of the global economic system by envisioning a new view of how wealth is made and how the

marketplace is yet to serve God's purposes in His mission to the world. Even Better than Eden Simon and Schuster Eden Reid is not interested in prophesy. The problem is that a doozy of a prophesy is bearing down on her. Such is the case when you're a twenty-four-year-old from Brooklyn, New York who is about to discover she is an ancient god. A truly powerful one. And with power comes

problems. A truly formidable demon is gunning for her; a zombie-like pandemic is spreading across the country, creating creatures who are hungry for flesh, fast on their feet and clever; and there is the mysterious, handsome stranger with powers of his own who claims to have been her lover from a time and a life that Eden cannot remember. He promises to help awaken her powers for the upcoming

war. A war where there is only one prize: survival...in Daughter of Gods and Shadows from debut author Jayde Brooks.

Gobekli Tepe: Genesis of the Gods

Independently Published
An exploration of the megalithic complex at Göbekli Tepe, who built it, and how it gave rise to legends regarding the foundations of civilization • Details the layout, architecture, and exquisite carvings at

Göbekli Tepe
• Explores how it was built as a reaction to a global cataclysm • Explains that it was the Watchers of the Book of Enoch and the Anunnaki gods of Sumerian tradition who created it • Reveals the location of the remains of the Garden of Eden in the same region
Built at the end of the last ice age, the mysterious stone temple complex of Göbekli Tepe in Turkey is one of the greatest

challenges to 21st century archaeology. As much as 7,000 years older than the Great Pyramid and Stonehenge, its strange buildings and rings of T-shaped monoliths--built with stones weighing from 10 to 15 tons--show a level of sophistication and artistic achievement unmatched until the rise of the great civilizations of the ancient world, Sumer, Egypt, and Babylon. Chronicling his

travels to Göbekli Tepe and surrounding sites, Andrew Collins details the layout, architecture, and exquisite relief carvings of ice age animals and human forms found at this 12,000-year-old megalithic complex, now recognized as the oldest stone architecture in the world. He explores how it was built as a reaction to a global cataclysm--the Great Flood in the Bible--and explains how it served as a gateway and

map to the sky-world, the place of first creation, reached via a bright star in the constellation of Cygnus. He reveals those behind its construction as the Watchers of the Book of Enoch and the Anunnaki gods of Sumerian tradition. Unveiling Göbekli Tepe's foundational role in the rise of civilization, Collins shows how it is connected to humanity's creation in the Garden of Eden and the secrets Adam

passed to his son Seth, the founder of an angelic race called the Sethites. In his search for Adam's legendary Cave of Treasures, the author discovers the Garden of Eden and the remains of the Tree of Life--in the same sacred region where Göbekli Tepe is being uncovered today. Destiny InterVarsity Press A groundbreaking historical documentation of the secret history of pre-

Pharonic Egypt and the race of angels that built it.

- By the author of From the Ashes of Angels and Gateway to Atlantis (more than 30,000 copies sold in the United Kingdom).
- Unlocks the secrets of how the Great Pyramids and the Sphinx were built.
- Explains the traces left by the race of Elder gods that founded ancient Egypt through ancient texts of the Hall of Records.
- Proves the foundations of

ancient astronomy 10,000 years ago. Hidden deep below Egypt's Giza plateau is perhaps the key to unlocking the mysteries of the Great Pyramid, one of the seven wonders of the world. Built using a technology unequalled even today, the ancient Egyptians claimed they inherited their advanced culture from a race of Elder gods who lived during a previous age known as Zep Tepi, the First

Time. In his earlier companion book From the Ashes of Angels, renowned historical writer Andrew Collins provided historical and scientific evidence showing how these Elder gods, who were the flesh and blood members of a race of fallen angels, founded ancient Egypt. Now, in Gods of Eden, he describes the remarkable achievements of their culture. Assembling

clues from archaeology, mythology, and religion, Collins shows us how this great society mastered acoustic technology and employed the use of sound to raise heavy objects into the air and pierce holes through solid rock. It was with this technology that they were able to construct gigantic structures that have marveled adventurers and archaeologists worldwide. With findings

based on more than 20 years of research and scholarship, Collins reveals the fascinating historical destiny of this culture of fallen angels and the imprints and legacies they left behind at the genesis of civilization. We Will Never Let You Down Menachem Publishing
A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called *East of Eden* "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often

brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the

mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century. *Gardens of the Gods* Nelson Bibles This is the story of

Megan Rose who was abducted twice by malevolent extra-terrestrials and rescued by benevolent Nordic aliens. She kept in touch with her rescuer and has brought in this book, the story of a galactic war on planet earth, as explained by her Nordic friends from the stars. The people of earth have falsely been led to believe that aliens don't exist. The knowledge of extra-

terrestrial life in this solar system is imperative to the understanding of earth's past, present and future. Through the awakening of humanity to the existence of extra-terrestrial life, a new era is birthed for all inhabitants of the planet and this galaxy. Welcome to the Future. *Daughter of Gods and Shadows* Franklin Classics Trade Press "Elena Danaan's new book, *We Will Never Let You*

Down, casts much needed light on the diplomatic negotiations between President Dwight Eisenhower and Valiant Thor—an ambassador of the Galactic Federation of Worlds—from 1958 to 1961. Now we finally have a fresh new perspective, directly from Valiant Thor himself, of the unsuccessful negotiations that were conducted. We learn about his warnings about negotiating

with an alliance of alien predator races; Eisenhower’s betrayal by MJ-12 in signing secret agreements with this exploitative alliance; and how the Galactic Federation has ever since been mitigating the effects of these nefarious agreements through numerous covert actions to raise human consciousness and spark a planetary awakening. A must read for

all wanting to prepare for the momentous global changes that lie ahead! “Michael Salla, Ph.D. Rescued as a child by Extraterrestrials, Elena Danaan kept contact with them all her life and wrote her story in the bestseller: “A Gift From The Stars”. “We Will Never Let You Down” follows up by depicting contacts the author had with Commander Val “Valiant” Thor and her journeys in

this solar system. Written at the brink of a new era, this book is a testimony of the presence and dedication of benevolent extraterrestrials protecting Earth. This book includes also precious messages from Commander Thor Han Eredyon from the Galactic Federation of Worlds, revelations about Val Thor's sojourn in the Pentagon, his relation with Dwight Eisenhower, his stay in

Russia, the political background involving secret treaties with the Grey Alliance and the complex underlying Alien-Human diplomacy. Astonishing details, unknown until now, are revealed in this book. Kings) before returning to France, assigned to the University of Toulouse. Completing studies in Druidry, Shamanism, energy and sound healing, she is actually working as a spiritual practitioner. The God of the Garden Bloomsbury Publishing There's a strong biblical connection between people and trees. They both come from dirt. They're both told to bear fruit. In fact, arboreal

language is so often applied to humans that it's easy to miss, whether we're talking about family trees, passing along our seed, cutting someone off like a branch, being rooted to a place, or bearing the fruit of the Spirit. It's hard to deny that trees mean something, theologically speaking. This book is in many ways a memoir, but it's also an

attempt to wake up the reader to the glory of God shining through his creation. One of the first commands to Adam and Eve was to "work and keep" the garden. Award-winning author and songwriter Andrew Peterson, being as honest as possible, shares a story of childhood, grief, redemption, and peace, by walking

through a forest of memories: "I trust that by telling my story, you'll encounter yours. Hopefully, like me, you'll see that the God of the Garden is and has always been present, working and keeping what he loves." Sometimes he plants, sometimes he prunes, but in his goodness he intends to reap a harvest of righteousness.
