To this day, the low, thin wail of an infant can be heard in Keldale's lush green valleys. Three hundred years ago, as legend goes, the frightened Yorkshire villagers smothered a crying babe in Keldale Abbey, where they'd hidden to escape the ravages of Cromwell's raiders. Now into Keldale's pastoral web of old houses and older secrets comes Scotland Yard Inspector Thomas Lynley, the eighth earl of Asherton. Along with the redoubtable Detective Sergeant Barbara Havers, Lynley has been sent to solve a savage murder that has stunned the peaceful countryside. For fat, unlovely Roberta Teys has been found in her best dress, an axe in her lap, seated in the old stone barn beside her father's headless corpse. Her first and last words were "I did it. And I'm not sorry." Yet as

Lynley and Havers wind their way through Keldale's dark labyrinth of secret scandals and appalling crimes, they uncover a shattering series of revelations that will reverberate through this tranquil English valley—and in their own lives as well.

The Man in the High Castle Random House

It begins, dramatically enough, with a trial for murder. The distinguished criminal lawyer Venetia Aldridge is defending Garry Ashe on charges of having brutally killed his aunt. For Aldridge the trial is mainly a test of her courtroom skills, one more opportunity to succeed—and she does. But now murder is in the air. The next victim will be Aldridge herself, stabbed to death at her desk in her Chambers in the Middle Temple, a bloodstained wig on her head. Enter Commander Adam Dalgliesh and his team, whose struggle to investigate

and understand the shocking events cannot halt the spiral into more horrors, more murders. . . . A Certain Justice is P.D. James at her strongest. In her first foray into the strange closed world of the Law Courts and the London legal community, she has created a fascinating tale of interwoven passion and terror. As each character leaps into unforgettable life, as each scene draws us forward into new complexities of plot, she proves yet again that no other writer can match her skill in combining the excitement of the classic detective story with the richness of a fine novel. In its subtle portrayal of morality and human behavior, A Certain Justice will stand alongside Devices and Desires and A Taste for Death as one of P.D. James's most important, accomplished and

entertaining works.

In a bitterly divided world, a giant bear becomes an object of worship in “the extraordinary fantasy novel by the author of *Watership Down*” (The Guardian, UK). In a burning forest, Kelderek the hunter encounters a gigantic bear unlike any he’s seen before. Surely this is the reincarnation of Lord Shardik, the messenger of god whose return has been anticipated by the primitive Ortelgan people. In service to Shardik, Kelderek becomes a prophet, then a soldier, and finally an emperor-priest. Swept up by fate and his impassioned faith, Klederek will come to discover ever-deeper layers of meaning implicit in the bear’s divinity. Written

after his bestselling debut novel *Watership Down*, Richard Adams's *Shardik* is an epic fantasy of tragic character. A fascinating depiction of the power of belief, it explores themes of faith, slavery, and war.
