En 1960 paraissait en France un livre aussi inattendu que surprenant : "Le matin des magiciens", de Louis Pauwels et Jacques Bergier, qui ouvrait notamment une perspective historique aussi érudite qu'inédite sur les croyances et l'occultisme nazis dans la partie intitulée "Quelques années dans l'ailleurs absolu".

"Soleil Noir" produit une analyse systématique et historique sur ces thèmes, ainsi que sur les articulations philosophiques et idéologiques qui les ont précédés, et sur les mythes qu'ils ont inspiré : Savitri Devi et l'avatar Hitler, Wilhelm Landig et les OVNI nazis, l'initiation cosmique de Hitler aux confins de notre galaxie, Miguel Serrano et l'hitlérisme ésotérique, le satanisme nazi, les théories de la conspiration mondiale, ainsi que les idéologies white noise et black metal...

Symbole des doctrines ésotériques et des recherches magiques d'un département de la SS - l'Ahnenerbe -, le Soleil Noir prend toute sa dimension tragique dans cette étude du chercheur britannique Nicholas Goodrick-Clarke.

The Forbidden Stories of Marta Veneranda Hachette UK

He used to pace rapidly up and down the deck for a minute or two, and then, suddenly striking his forehead, as if a new thought were just pangfully coming into being at the major foci of his soul, he would throw himself prone upon one of the after seats of the old "Uncle Sam," the steamer in which we were going from San Francisco to Panama, and there he would lie, apparently musing, and evidently enjoying some sort of interior life, but whether that life was one of reverie, dream, or disembodiedness, was a mystery to us all, and would have remained so, but that on being asked, he very complaisantly satisfied our doubts, by informing us that on such occasion he, in spirit, visited a place not laid down in ordinary charts, and the name of which was the realm of "Wotchergiferno," which means in English, "Violinist's Meadow" (very like "Fiddler's Green"). When not pacing the deck, or reclining, or gazing at the glorious sunsets on the sea, or the still more gorgeous sun-risings on the mountains, he was in the habit of—catching flies; which flies he would forthwith proceed to dissect and examine by means of a microscope constructed of a drop of water in a bent broom wisp. Gradually the man became quite a favorite with both passengers and officers of the ship, and not a day passed but a crowd of ladies and gentlemen would gather around him to listen to the stories he would not merely recite, but compose as he went along, each one containing a moral of more than ordinary significance. It was apparent from the first that the man was some sort of a mystic, a dreamer, or some such out-of-the-ordinary style of person, because everything he said or did bore an unmistakable ghostly impress. He was sorrowful withal, at times, and yet no one on the ship had a greater or more humorous flow of spirits. In the midst, however, of his brightest sallies, he would suddenly stop short, as if at that moment his listening soul had caught the jubilant cry of angels when God had just pardoned some sinful, storm-tossed human soul. One day, during the progress of a long and interesting conversation on the nature of that mysterious thing called the human soul, and in which our fellow passenger had, as usual, taken a leading part, with the endeavor to elicit, as well as impart, information, he suddenly changed color, turned almost deathly pale, and for full five minutes, perhaps more, looked straight into the sky, as if gazing upon the awful and ineffable mysteries of that weird Phantom-land which intuition demonstrates, but cold reason utterly rejects or challenges for tangible proof. Long and steadily gazed the man; and then he shuddered—shuddered as if he had just received some fearful solution of the problem near his heart. And I shuddered also—in pure sympathy with what I could not fairly understand. At length he spoke; but with bated breath, and in tones so low, so deep, so solemn, that it seemed as though a dead, and not a living man, gave utterance to the sounds: "Lara! Lara! Ah, Lovely! would that I had

gone then—that I were with thee now!" and he relapsed into silence.

Au début des années 1930, Maria de Naglowska, disciple du célèbre Raspoutine, fut, à Paris, la grande prêtresse d'un culte se caractérisant par la pratique de rituels de magie sexuelle. Véritable auteur de l'ouvrage mythique *Magia sexualis*, Maria de Naglowska développa ses thèses dans trois traités de magie sexuelle, *Le Rite sacré de l'amour magique*, *La Lumière du sexe*, et *Le Mystère de la pendaion*, qui sont reproduits dans ce volume. Ils constituent les rituels de l'ordre satanique qu'elle créa : la Confrérie de la flèche d'or.

Memory Mambo describes the life of Juani Casas, a 25-year-old Cuban-born American lesbian who manages her family's laundromat in Chicago while trying to cope with family, work, love, sex, and the weirdness of North American culture. Achy Obejas's writing is sharp and mordantly funny. She understands perfectly how the romance of exile—from a homeland as well as from heterosexuality—and the mundane reality of everyday life balance one another. Memory Mambo is ultimately very moving in its depiction of what it means to find a new and finally safe sense of home.

A step-by-step guide to the occult science of sex magic • Based on the practices of P. B. Randolph, occult rival of H. P. Blavatsky • Reveals how to perform sex magic rituals for specific real-world results, such as greater strength or enhancement of the senses • Explains how to create magical talismans, such as rings with specific planetary forces, how to enliven a painting, and how to charge an effigy Conceived by Paschal Beverly Randolph, *Magia Sexualis* has been heralded as the most influential book about sex magic ever written, surviving to the present day solely through Maria de Naglowska's French translation. Published more than 50 years after Randolph's death, the authorship of this "translation" has been repeatedly called into question: While the greater part of the content can be traced to Randolph's known works, a very significant portion cannot—leading to the conclusion that this work was supplemented by Naglowska's own sex magic work and extensive occult teachings. *Magia Sexualis* explains Randolph's meticulous science of sex magic, practiced by the Brotherhood of Eulis and the Hermetic Brotherhood of Light. Beginning with exercises to develop essential skills, the book explains in step-by-step detail how to perform sex magic rituals for specific results, such as greater strength or enhancement of the senses, how to charge and use a "volt"—an effigy of a specific person you want to influence or protect, how to enliven a painting in order to influence those around it, and how to create magical talismans with specific planetary forces, using what Randolph calls "fluid condensers." This work from two great occult minds shows that true power of the spirit is acquired in conjunction with the power of sex—affirming that "sex is the fundamental force in every being, the most powerful force in Nature, and the most characteristic evidence of God."

The late Anton Szandor LaVey, founder of the Church of Satan, may be the most notoriously familiar for his *Satanic Bible*, but *The Satanic Witch* best reflects the discoveries Anton made in his younger days working the carny shows and Mitt Camps. This is undiluted Gypsy lore regarding the forbidden knowledge of seduction and manipulation. *The Satanic Witch* is not designed for Barbie Dolls, but women cunning and crafty enough to employ the workable formulas within, which instantly surpass the entire catalogue of self-help tomes and New Age idiocies. The Introduction — Peggy Nadramia, High Priestess of the Church of Satan, tells us how this book changed her life. The Afterword — Blanche Barton, Anton LaVey's biographer, Chairmistress of the Council of Nine, and mother of Satan Xerxes Carnacki LaVey, Anton's third child, informs us how *The Satanic Witch* came to pass

and influence the behavior of so many women.

The first English translation of Maria de Naglowska's essential treatise on the spiritually transformative power of sex, *La lumière du sexe* • Reveals mystic sexual practices for growth of the soul and enlightenment • Explains the inner workings of the sex magic rituals of La confrérie de la Flèche d'Or [The Brotherhood of the Golden Arrow], the notorious occult order of 1930s Paris • Translated from the original French with an Introduction and Notes by Donald Traxler • Features elegant French flaps Never before available in English, *The Light of Sex* expounds the tenets of the revolutionary religious system conceived by Maria de Naglowska--Russian mystic, occultist, esoteric high priestess, rumored lover of Julius Evola, and self-styled "Satanic Woman" of 1930s Paris. Centered on what she called the Third Term of the Trinity, in which the Holy Spirit of the classic Christian trinity is recognized as the divine feminine, her practices aim to bring about a reconciliation of the light and dark forces in nature through the union of the masculine and feminine. Revealing the spiritually transformative power of sex, she shows how--through mystic sexual practices and veneration of the feminine spirit--growth of the soul, regeneration of the world, and enlightenment of humankind can be achieved. This mystic treatise and guide to the sexually charged rituals that were a cause célèbre in 1930s Paris was required reading for those seeking to be initiated into Naglowska's magical group La confrérie de la Flèche d'Or [The Brotherhood of the Golden Arrow]. It reveals Naglowska to be a powerful visionary, whose psychic powers were legendary, and an important figure in the continuing evolution of the Western Mystery tradition.

L'occultisme n'est plus à la mode, et les occultistes apparaissent aujourd'hui comme des marginaux, des originaux, voire des individus mentalement dérangés. Pourtant, il n'en a pas toujours été ainsi et le XIXe siècle fut, d'une certaine mesure, le siècle d'or de l'occultisme et des occultistes, dont l'influence politique, littéraire ou artistique, fut grande jusqu'à la déclaration de la première guerre mondiale. On peut donc s'interroger sur la quasi-disparition de l'occultisme stricto sensu dans le monde contemporain alors que la divination par l'astrologie, la numérologie ou la voyance connaissent une vogue inégalée ; alors que le channeling ou le rebirthing sont l'objet de nombreux ouvrages ; etc. Cette disparition est-elle réelle ou l'occultisme a-t-il subi une mutation ? S'est-il dissous dans la subculture parareligieuse pour donner naissance au New Age et à la « seconde religiosité » qu'annonçait Werner Sombart ? D'autres interrogations peuvent travailler l'honnête homme : d'où vient l'occultisme ? Quels sont ses liens avec la franc-maçonnerie ? Magie et occultisme sont-ils synonymes ? Etc., etc. Ce sont à ces questions et à de nombreuses autres que tente de répondre cette étude sur l'occultisme.

In the public imagination Satanism is associated with bizarre rituals, perverse hedonistic lifestyles, heavy metal music, immature adolescents acting out, horror movies, and rumors of ritual abuse. But what are the facts behind the urban legends and the "moral panics" that periodically sweep the country regarding this countercultural phenomenon? This authoritative reference work gathers together scholarly studies of Satanism and original source material, focusing on two major aspects--organized religious Satanism and the Satanic Ritual Abuse hoax that was prevalent in the 1980s and early 1990s. The contributors first examine modern Satanism, a decentralized movement whose only coherence is based on certain themes that date back to the writings of Anton Szandor LaVey, especially his Satanic Bible. Among other factors, the authors discuss how the emergence of the Internet as a form of communication has created some coherence among disparate groups through cross-reference. Many articles are devoted to the Satanic Ritual Abuse scare, an erroneous belief in a vast underground network of Satanists who were abusing children. For years members of the law enforcement community and numerous therapists, encouraged by the hype of mass media, bought into this panic. Other topics include the role of the media in the perceptions of Satanism and Satanic Ritual Abuse, juvenile delinquency and Satanism, and police pursuit of satanic crime. The volume concludes with primary source material, including a report from the Ritual Abuse Task Force and selections from current Satanism groups. This objective reference work will be useful for professionals in many fields and members of the public interested in sorting out the facts from the

myths surrounding this controversial subculture.

L'Expérience démoniaque est une autobiographie, celle d'un homme extraordinaire : l'écrivain surréaliste Ernest de Gengenbach. Curé défrôqué s'étant voué publiquement au démon, mais continuant à porter la soutane car elle facilitait ses entreprises de séduction érotique, Ernest de Gengenbach fut un proche d'André Breton, d'Antonin Artaud, de René Crevel, ainsi que l'amant de la « diabolique de Caluire » Lydie Bastien. Le récit de sa vie se lit comme un roman où les références à Satan alternent avec les séances d'exorcisme, les retraites monastiques, les passages en prison et les internements en asile psychiatrique. S'il est un homme qui, entre 1925 et 1950, à bien « brûlé sa vie » c'est incontestablement Ernest de Gengenbach et son souvenir mérite de sortir de l'oubli. La réédition de ce livre y contribuera.

This first-person narrative by Therese is the charming tale of an innocent's initiation into sexual happiness. Self-discovery in a convent leads her to her confessor, Father Dirrag, and she is soon launched upon the path of reason that convinces her that passion and love of the Deity are equal gifts of God. With additional mentors, Therese learns that sensations are but a part of temperament, as natural as hunger and thirst, and all may be satisfied as long as it does not harm others.

Adri Guinart is leaving Barcelona out of boredom and a thirst for freedom, embarking on a long journey through the backwaters of a rural land that one can only suppose is Catalonia, accompanied by the interminable, distant rumblings of an indefinable war. In vignette-like chapters and with a narrative style imbued with the fantastic, Guinart meets with numerous peculiar characters who offer him a composite, if surrealistic, view of an impoverished, war-ravaged society and shape his perception of his place in the world.

Pascal Beverly Randolph est une des grandes figures mystérieuses de l'occultisme du XIXe siècle. Bien avant Freud, il fut le premier occidental à proclamer que la clef de tous les mystères de l'univers se trouvait dans le sexe. Plus encore, considérant que " Le sexe est la plus grande force magique de la nature ", il conçut une nouvelle forme de magie - la Magia Sexualis ou magie sexuelle - et il créa des ordres initiatiques pour l'enseigner à ses contemporains. Magia Sexualis explique, schémas à l'appui, comment utiliser le coït dans un but tant mystique que d'influence sur autrui. Il constitue, à ce titre, la meilleure introduction à cette forme de magie aussi secrète qu'efficace.

Edited, with an Introduction, by William Breeze. Foreword by David Tibet. This volume brings together the uncollected short fiction of the poet, writer and religious philosopher Aleister Crowley (1875 - 1947). Crowley was a successful critic, editor and author of fiction from 1908 to 1922, and his short stories are long overdue for discovery. Of the fifty-two stories in the present volume, only thirty were published in his lifetime. Most of the rest appear here for the first time. Like their author, Crowley's stories are fun, smart, witty, thought-provoking and sometimes unsettling. They are set in places he had lived and knew well: Belle Epoque Paris, Edwardian London, pre-revolutionary Russia and America during the first World War. The title story *The Drug* stands as one of the first - if not the first - accounts of a psychedelic experience. His *Black and Silver* is a knowing early noir discovery that anticipates an entire genre. *Atlantis* is a masterpiece of occult fantasy, a dark satire that can stand with Samuel Butler's *Erewhon*. Frank Harris considered *The Testament of Magdalen Blair* the most terrifying tale ever written. Extensive editorial end-notes give full details about the stories.

The first English translation of Maria de Naglowska's sexually magical novella, *Le rite sacré de l'amour magique* • Contains autobiographical material from Maria de Naglowska's life • Continues, in symbolic story form, the sexual initiatory teachings expounded in Naglowska's *The Light of Sex and Advanced Sex Magic* • Includes a summary of Naglowska's religious doctrine in her own words Available for the first time in English, *The Sacred Rite of Magical Love* is a mystical, sexually magical novella written by Maria de Naglowska--the Russian mystic and esoteric high priestess of 1930s Paris. Her religious system, called the Third Term of the Trinity, taught the importance of sex for the upliftment of humanity. A natural continuation of Naglowska's *The Light of Sex and Advanced Sex Magic*, this volume also contains autobiographical material from Maria de Naglowska's life. Full of symbolic language and hidden meanings, the story follows a young woman named Xenophonta as she experiences the apparition of a dark force, whom she calls the Master of the Past and to whom she dedicates her heart and her service. En route to a midnight rendezvous with him, Xenophonta encounters a young Cossack, Micha, who sexually accosts her. Telling Micha that she already belongs to another, she escapes to keep her rendezvous. Micha, now jealous, follows her and ends up taking part in a strange, mystical ceremony that transforms him, through the magic of word and flesh. With a preface discussing the Sacred Triangle and the magical symbol of the AUM Clock, both central symbols in Naglowska's religious system as well as in the story, the book also includes a summary of the doctrine of the Third Term of the Trinity in de Naglowska's own words--important to any student of the Western Mystery tradition.
