Guitarist and composer Andrew York presents the ultimate guide to jazz for classical guitarists. The first two sections of this three-part book cover jazz harmony and chord/melody, focusing on comping, chord voicings, voice leading, and arranging for solo guitar. Part three looks at improvisation, which may be the most exciting---yet foreign---aspect of jazz for classical guitarists. York

shows you that improvisation is a skill that can be learned and practiced just like any other. By practicing the ear training and visualization exercises in this book, you will learn how to turn the music you hear in your mind's ear into imaginative, great-sounding jazz solos. The CD contains the exercises and examples performed by the author.

In UNLOCK, you will take your knowledge from the beginner and

intermediate levels to the next step. The first part of this book will focus on using examples and situations common in the jazz idiom. The first part is designed to assist the reader in understanding where they are - musically - and how they can improve their skills in the jazz idiom. The second part will focus on building technical skill through technical exercises. These exercises are designed to invite the reader to explore and improve the strategies they employ during their

improvisations. These exercises are also designed to help the reader find a piece of their musical identities. As an example, you should be able to: Practice exercises to slower or faster tempos; with or without a metronome; and physically on your instrument or away from your instrument. Improve your ability to transpose sequences from a major key to a minor key, or up or down by a set interval. Improve your improvisational skills and technical agility while

working on transpositions. As you can see from the above list, one exercise can yield a lot of results and benefits. While the information presented can be a lot at times throughout the book, it's very important to remember to be patient with the exercises and take it slowly at first. Patience is the key to success in this book! Please watch the playlist of "Demo Lesson Series" on YouTube for free at the link, below. <https://www.youtube.com/watch?v=1wGNwq7L7bQ&list=P>

KUJALA(flutist/song-writer/recording artist) My friend and jazz-flutist extraordinaire Sarpay Ozcagatay (aka "SharpEye") has written a long-anticipated and exhaustive treatise on the jazz flute called "Unlock The Jazz Flute, Vol.1" which, in my opinion, should be a must-have book for any aspiring jazz flutist! There are no other books like this anywhere, and I'm heartened and optimistic that this will serve to widen the hitherto scarce
