The Butter Battle Book Simon and Schuster

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep

affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The Best of Both Worlds Simon and Schuster

A real-world guide to Attachment Parenting from the Big Bang Theory actress, neuroscientist, and mother Mayim Bialik—a book hailed by Dr. William Sears as “delightful” and by Ricki Lake as “a fantastic guide to birth and parenting that is packed with invaluable wisdom.” Mayim Bialik was the child star of the popular 1990s TV sitcom Blossom, but she definitely didn't follow the typical child-star trajectory. Instead, Mayim got her PhD in neuroscience from UCLA, married her college sweetheart, and had two kids. Mayim then did what many new moms do—she read a lot of books, talked with other parents, and she soon started questioning a lot of the conventional wisdom she heard about the “right” way to raise a child. That's when she turned to Attachment Parenting, a philosophy and lifestyle popularized by well-known physicians like Dr. William Sears and Dr. Jay Gordon. To Mayim, Attachment Parenting's natural, child-led approach not only felt right emotionally, it made sense intellectually and instinctually. She found that when she followed her intuition and relaxed into her role as a mother instead of following some rigid parenting script, both she and her children thrived. Taking into account her experience as a mother (and her scientific background), Mayim presents the major tenets of Attachment Parenting, including: Baby wearing: How to “wear” your baby in a sling or a wrap to foster a closer bond with your child—it's possible even for mamas with

bad backs (and with big babies)!
 Breastfeeding: Learn how to listen to your baby's cues rather than sticking to a rigid schedule—and why people on airplanes love a nursing mother! Gentle discipline: How to get your child to behave without yelling, threats, or time-outs—it really is possible. Co-sleeping: How to avoid “sleep training” and get a great night's sleep for the whole family. Without the pretense and luxuries typical of so many Hollywood actors and parents, Mayim describes the beauty, simplicity, and purposefulness of Attachment Parenting, and how it's become the guiding principle for her family. Much more than a simple how-to parenting guide, *Beyond the Sling* shows us that the core principles underlying Attachment Parenting are universal and can be appreciated no matter how you decide to raise your child.

 Harlequin
 NEW YORK TIMES BESTSELLER • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SAN FRANCISCO CHRONICLE,

USA TODAY, AND CHICAGO TRIBUNE • A masterly work of literary journalism about a senseless murder, a relentless detective, and the great plague of homicide in America NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • The Washington Post • The Boston Globe • The Economist • The Globe and Mail • BookPage • Kirkus Reviews On a warm spring evening in South Los Angeles, a young man is shot and killed on a sidewalk minutes away from his home, one of the thousands of black Americans murdered that year. His assailant runs down the street, jumps into an SUV, and vanishes, hoping to join the scores of killers in American cities who are never arrested for their crimes. But as soon as the case is assigned to Detective John Skaggs, the odds shift. Here is the kaleidoscopic story of the quintessential, but mostly ignored, American murder—a “ghettoside” killing, one young black man slaying another—and a brilliant and driven cadre of detectives whose creed is to pursue justice for forgotten victims at all costs. *Ghettoside* is a fast-paced narrative of a devastating crime, an intimate portrait of detectives and a community bonded in tragedy, and a surprising new lens into the great subject of why murder happens in our cities—and how the epidemic of killings might yet be stopped. Praise for *Ghettoside* “A serious and kaleidoscopic achievement . . . [Jill Leovy is] a crisp writer with a crisp mind and the ability to boil entire skies of information into hard journalistic rain.”—Dwight Garner, The New York Times “Masterful . . . gritty reporting that matches the police work behind it.”—Los Angeles Times “Moving and engrossing.”—San Francisco Chronicle

“Penetrating and heartbreaking . . . Ghettoside points out how relatively little America has cared even as recently as the last decade about the value of young black men’s lives.”—USA Today

“Functions both as a snappy police procedural and—more significantly—as a searing indictment of legal neglect . . . Leovy’s powerful testimony demands respectful attention.”—The Boston Globe

The Red and the Black Penguin

"Powered by insight and true wit." --Meg Wolitzer, New York Times bestselling author of *The Female Persuasion* "I can't remember the last time I was as completely bewitched by a fictional character as I was by Bea Seger . . . What a treat to view life through the eyes of this funny, smart, gutsy woman." --Richard Russo, author of *Empire Falls* and *Chances Are...*

Bea Seger has spent a lifetime running from her childhood. The daughter of a famous photographer, she and her brothers were the subjects of an explosive series of images in the 1960s known as the Marx Nudes. Disturbing and provocative, the photographs left a family legacy of grief felt long past the public outcry and media attention. Now, decades later, both the Museum of Modern Art and Hollywood have come calling, eager to cash in on the enduring interest in these infamous photos. Bea faces a choice: Let the world in--and be financially compensated for the trauma of her childhood--or leave it all locked away in a storage unit forever. Twice divorced from but still dependent on aging rock star Gary Going, Bea lives in Manhattan with her borrowed dog, Dory, and her sort-of half-sister, Echo. Navigating old resentments and betrayals, Bea stumbles towards her best future, even as the past looms larger than ever before. Carry the Dog reverberates with

rock and roll, and truths about the human condition of a late-blooming feminist. To inhabit this story is to be swept into Bea's world, to bear witness as the little girl in the photographs and the woman in the mirror meet at the blurry intersection of memory and truth, disappointment and gratitude, vulnerability and connection, and most of all, resilience.

"Helnwein debuts in striking fashion... The writing, especially the dialogue, is magnetic, honest, and brimming with caustic wit... [an] enrapturing take on the intense highs and lows of teenage love." —Booklist (Starred Review) "Wildly real and bursting with all the romance

and pain of coming into oneself."
 —Kirkus (Starred Review) "Helnwein frankly conveys the joy, fear, and awkwardness of an all-consuming first love, poignantly depicting Gracie's growth: particularly the hard-won knowledge that she can exist 'just by the sheer force of herself,' and the grace she learns to show herself and others."
 —Publishers Weekly "One of Eight 2021 YA Books To TBR ASAP" —BookRiot Mercedes Helnwein's *Slingshot* is an exciting debut contemporary young adult novel perfect for fans of Rainbow Rowell and Mary H. K. Choi "I didn't think it was going to be anything like this when I finally fell in love. I thought it was going to be pretty simple. Like, I'd love someone and they'd love me. I thought that's the way it worked." Grace Welles is stuck at a third-tier boarding school in the swamps of Florida, where her method of survival is a strict, self-imposed loneliness. And it works. Her crap attitude keeps people away because without friends, there are fewer to lose. But when she accidentally saves the new kid, Wade Scholfield, from being beaten up, everything about her precariously balanced loner world collapses and, in order to find her footing again, she has no choice but to discover a completely new way to exist. Because with Wade around, school rules are optional, weird is okay, and conversations about wormholes can lead to make-out sessions that disrupt any logical stream of thought. Nothing's perfect, but that's not the point. When they're together everything seems uncomplicated in a way that Grace

knows is not possible. Except it is. So why does Grace crush Wade's heart into a million pieces? Acidly funny and compulsive readable, this debut is a story about two people finding each other and then screwing it all up. See also: soulmate, stupidity, sex, friendship, bad poetry, very bad decisions and all the indignities of being in love for the first time.

 —Crappy Boy, age 5 Of course you love being a parent. But sometimes, it just sucks. I know. I'm Amber Dusick and I started my blog Parenting: Illustrated with Crappy Pictures because I needed a place to vent about the funny (and frustrating) day-to-day things that happened to me as a parent. Turns out, poop is hilarious! At least when you're not the one wiping it up. This book won't make your frustrating moments any less crappy. But these stories about my Crappy Baby, Crappy Boy and my husband, Crappy Papa, will hopefully make you laugh. Because you're not alone. And sometimes the crappiest moments make the best memories. Parenting is wonderful! And also, well, you know.
