How to Get a Driver's License & ID Card (ELL).

Florida Department of Highway Safety and Motor Vehicles Object Lessons is a series of short, beautifully designed books about the hidden lives of ordinary things. A classic teenage fetish object, the American driver's license has long symbolized freedom and mobility in a nation whose design assumes car travel and whose vastness rivals continents. It is youth's pass to regulated vice-cigarettes, bars, tattoo parlors, casinos, strip joints, music venues, guns. In its more recent history, the license has become increasingly associated with freedom's flipside: screening. The airport's heightened security checkpoint. Controversial ID voting laws. Federally mandated, anti-terrorist driver's license re-designs. The driver's license encapsulates the contradictory values and practices of contemporary American culture-freedom and security, mobility and checkpoints, self-definition and standardization, democracy and exclusion, superficiality and intimacy, the stable self and the self in flux. Object Lessons is published in partnership with an essay series in The Atlantic.

It is October of 2006. The Avian flu continues to visit itself upon Asia. In June of this year, WHO scientists were forced to admit that an Asian family who died of the disease in Late May is proof that H5N1 has mutated, and is now capable of being transmitted human-to-human. If that wasn't enough of a threat, former NYPD First Class Detective Edward Augustus Fox, now of the Hong Kong Police who we met last year in the serial homicide case code-named Hongse Spider, returns from a terrorism seminar presented by the FBI Academy in the US, to find Hong Kong under siege. Fox, because his work in reducing Hong Kongs burgeoning homicide rate, has been promoted from Homicide Lieutenant to Chief Inspector in-charge of

combating all crimes against citizens. The new threats to Hong Kong consist of unexplained incidents of fatal radiation poisoning; a North Korean nuclear missile being smuggled through the former crown colony into China; armed robberies being pulled to steal Avian flu vaccine; the worlds best counterfeit US\$100 bills meant to destabilize the economy being dumped on the streets; and the emergence of a new plot by China to sabotage the 2008 Olympic Summer Games in Beijing, called Project 119.
