Introduction to Sarah Shahi Laramie

Winning has always come naturally for stud ice hockey defenseman Gus “the Bus” Persson. On the ice or off, he’s never had any trouble scoring, racking up goals—and girls. As the best player in his rookie class and the number-one draft pick of the Malibu Suns, he’s taking his game to the next level and is

justifiably full of swagger. So why does one of the Suns’ ice girls treat him like he’s invisible? Bo St. James doesn’t have time for rookie hotshots who think their gloves don’t stink. She knows them, she works with them, she trains them. It doesn’t matter that Gus Persson is the hottest newbie she’s ever seen. She knows his type. She’s got big plans of her own, and she’s not going to let some cocky rich kid athlete keep her from her goals. But there’s a chemistry between them they cannot deny. A lust that burns so hot, it threatens to melt the very ice

on which they make their livings. The game has changed for both of them. Together, can these two play to win? **** Misadventures is a romantic series of spicy standalone novels, each written or co-written by some of the best names in romance. The stories are scandalous, refreshing, and, of course, incredibly sexy. They're the perfect bedside read, a 'quick blush' for the reader who loves a page-turning romance.

Set in a lethal pro football league 700

years in the future, THE ROOKIE is a story that combines the intense gridiron action of "Any Given Sunday" with the space opera style of "Star Wars" and the criminal underworld of "The Godfather." Aliens and humans alike play positions based on physiology, creating receivers that jump 25 feet into the air, linemen that bench-press 1,200 pounds, and linebackers that literally want to eat you. Organized crime runs every franchise, games are fixed and rival players are assassinated. Follow the story of Quentin Barnes, a 19-year-old quarterback prodigy that has been raised all his life to hate, and kill, those aliens. Quentin must deal with his racism and learn to lead, or he'll wind up just another stat in the column marked "killed on the field." In the Galactic Football League, wars are

no longer fought in space, but on the gridiron. If you like aliens and football then I suspect you're unlikely to find a better combination than than THE ROOKIE.

Chess was invented more than 1,500 years ago, and is played in every country in the world. Stephen Moss sets out to master its mysteries, and unlock the secret of its enduring appeal. What, he asks, is the essence of chess? And what will it reveal about his own character along the way? In a witty, accessible style that will delight newcomers and irritate purists, Moss imagines the world as a board and marches across it, offering a mordant report on the world of chess in 64 chapters - 64 of course being the number of squares on the

chessboard. He alternates between “black” chapters - where he plays, largely uncomprehendingly, in tournaments - and “white” chapters, where he seeks advice from the current crop of grandmasters and delves into the lives of great players of the past. It is both a history of the game and a kind of “Zen and the Art of Chess”; a practical guide and a self-help book: Moss's quest to understand chess and become a better player is really an attempt to escape a lifetime of dilettantism. He wants to become an expert at one thing. What will be the consequences when he realises he is doomed to fail? Moss travels to Russia and the US - hotbeds of chess throughout the 20th century; meets people who knew Bobby Fischer when he was growing up and tries to

unravel the enigma of that tortured genius who died in 2008 at the inevitable age of 64; meets Garry Kasparov and Magnus Carlsen, world champions past and present; and keeps bumping into Armenian superstar Levon Aronian in the gents at tournaments. He becomes champion of Surrey, wins tournaments in Chester and Bury St Edmunds, and holds his own at the famous event in the Dutch seaside resort of Wijk aan Zee (until a last-round meltdown), but too often he is beaten by precocious 10-year-olds and finds it hard to resist the urge to punch them. He looks for spiritual fulfilment in the game, but mostly finds mental torture.
