Eskimo Folk-Tales Inhabit Media
 Incorporated
 A collection of myths from many cultures.
Kitchi Alpha Edition
 Powerful and universal retellings of
 seventy-eight divine stories, legends, and
 myths from around the world, each
 accompanied by a gorgeous illustration
 from acclaimed artist Yoshi Yoshitani.
 Many of the lessons we learn are shared
 stories passed among cultures and
 generations. In this riveting collection of
 fables and folktales from cultures across
 the globe, characters from beloved
 fairytales, cultural fables, ancient
 mythologies, and inspirational deities are
 brought to life, including Sleeping Beauty

(Italy), Rapunzel (Germany), Jack and the
 Beanstalk (England), Our Lady of
 Guadalupe (Mexico), Sun God Ra (Egypt),
 the Crane Wife (Japan), and dozens more.
 Lesser-known stories introduce characters
 such as the volcano goddess Pele from
 Hawaii; Mwindo, the wise and powerful
 king of the Nyanga people; and the strong
 and resilient Yennenga, mother of the
 Mossi people in Burkina Faso. The
 recurring themes of conquering evil,
 overcoming adversity, and finding love
 and companionship are woven throughout
 this collection. Yoshi Yoshitani's art style is
 fresh and unique, featuring diverse and
 multicultural characters. Each story will be
 featured opposite a correlating illustration,
 both lush and vibrant.

Shamans, Spirits, and Faith in the Inuit North Kamik

In this new collection, Kenn Harper shares tales of Inuit and Christian beliefs and how these came to coexist--and sometimes clash--in the nineteenth and twentieth centuries. During this period, Anglican and Catholic missionaries came to the North to proselytize among the Inuit, with often unexpected and sometimes tragic results. This collection includes stories of shamans and priests, hymns and ajaja songs, and sealskin churches, drawing on first-hand accounts to show how Christianity changed life in the North in big and small ways. This volume also includes dozens of rare, historical photographs.

At the edge of a great frozen river, Kumak and his family lived in their house by the willows. Though their house was warm and cozy, Kumak was not happy. His wife was not happy. His sons and daughters were not happy. His wife's mother was not happy. Too small, this house, said Kumak. I will go to see Aana Lulu. She will know what to do. Set in an Inupiat Eskimo village in the northwest Arctic, KUMAK'S HOUSE is a folktale that conveys a humorous lesson on life with Kumak as the foil. As Kumak treks again and again to elder Aana Lulu for advice, the book's charming illustrations incite laughter and introduce children to traditional Inupiat activities and animals of the Arctic.

Never in Anger Simon and Schuster
From bestselling author James Raffan comes an enlightening and original story about a polar bear's precarious existence in the changing Arctic, reminiscent of John Vaillant's *The Golden Spruce*. Nanurjuk, "the bear-spirited one," is hunting for seals on Hudson Bay, where ice never lasts more than one season. For her and her young, everything is in flux. From the top of the world, Hudson Bay looks like an enormous paw print on the torso of the continent, and through a vast network of lakes and rivers, this bay connects to oceans across the globe. Here, at the heart of everything, walks Nanurjuk, or Nanu, one polar bear among the six thousand that traverse the 1.23 million square kilometers of ice and snow covering the bay. For millennia, Nanu's ancestors have roamed this great expanse, living, evolving, and surviving alongside human beings in one of the most challenging and unforgiving habitats on earth. But that world is changing. In the

Arctic's lands and waters, oil has been extracted—and spilled. As global temperatures have risen, the sea ice that Nanu and her young need to hunt seal and fish has melted, forcing them to wait on land where the delicate balance between them and their two-legged neighbors has now shifted. This is the icescape that author and geographer James Raffan invites us to inhabit in *Ice Walker*. In precise and provocative prose, he brings readers inside Nanu's world as she treks uncertainly around the heart of Hudson Bay, searching for nourishment for the children that grow inside her. She stops at nothing to protect her cubs from the dangers she can see—other bears, wolves, whales, human beings—and those she cannot. By focusing his lens on this bear family, Raffan closes the gap between humans and bears, showing us how, like the water of the Hudson Bay, our existence—and our future—is tied to Nanu's. He asks us to consider what might be done about this fragile world before it is gone for good. Masterful, vivid, and haunting, *Ice Walker* is an utterly unique piece of creative nonfiction and a deeply affecting call to action.

During the long cold winter nights, Inuit families snuggled together in their winter houses and listened to tales about a time when unbelievable things could happen. These adventurers broke up the long hours of winter darkness and gave the listeners a cultural and traditional heritage. Each chapter is followed by a Question and Answer section which covers themes, symbols, and characters; and an Expert Commentary section, which makes for great discussion. This book is developed from INUIT MYTHOLOGY to allow republication of the original text into ebook, paperback, and trade editions.

A "courageous and revelatory memoir" (Naomi Klein) chronicling the life of the

leading Indigenous climate change, cultural, and human rights advocate For the first ten years of her life, Sheila Watt-Cloutier traveled only by dog team. Today there are more snow machines than dogs in her native Nunavik, a region that is part of the homeland of the Inuit in Canada. In Inuktitut, the language of Inuit, the elders say that the weather is Uggianaqtuq—behaving in strange and unexpected ways. *The Right to Be Cold* is Watt-Cloutier's memoir of growing up in the Arctic reaches of Quebec during these unsettling times. It is the story of an Inuk woman finding her place in the world, only to find her native land giving way to the inexorable warming of the planet. She decides to take a stand against its destruction. *The Right to Be Cold* is the human story of life on the front lines of climate change, told by a woman who rose from humble beginnings to become one of the most influential Indigenous environmental, cultural, and human rights advocates in the world. Raised by a single mother and grandmother in the small community of Kuujuaq, Quebec, Watt-Cloutier describes life in the traditional ice-based hunting culture of an Inuit community and reveals how Indigenous life, human rights, and the threat of climate change are inextricably linked. Colonialism intervened in this world and in her life in often violent ways, and she traces her path from Nunavik to Nova Scotia (where she was sent at the age of ten to live with a family that was not her own); to a residential school in Churchill, Manitoba; and back to her hometown to work as an interpreter and student

counselor. *The Right to Be Cold* is at once the intimate coming-of-age story of a remarkable woman, a deeply informed look at the life and culture of an Indigenous community reeling from a colonial history and now threatened by climate change, and a stirring account of an activist's powerful efforts to safeguard Inuit culture, the Arctic, and the planet. The Blind Man and the Loon Frances Lincoln Children's Books

A true story from the great age of Arctic exploration of an Inuit boy's struggle for dignity against Robert Peary and the American Museum of Natural History in turn-of-the-century New York City. Sailing aboard a ship called *Hope* in 1897, celebrated Arctic explorer Robert Peary entered New York Harbor with peculiar "cargo": Six Polar Inuit intended to serve as live "specimens" at the American Museum of Natural History. Four died within a year. One managed to gain passage back to Greenland. Only the sixth, a boy of six or seven with a precociously solemn smile, remained. His name was Minik. Although Harper's unflinching narrative provides a much needed corrective to history's understanding of Peary, who was known among the Polar Inuit as "the great tormenter", it is primarily a story about a boy, Minik Wallace, known to the American public as "The New York Eskimo." Orphaned when his father died of pneumonia, Minik never surrendered the hope of going "home," never stopped fighting for the dignity of his father's memory, and never gave up his belief that people would come to his aid if only he could get them to understand.

Lately, seventh grader Nizhoni Begay has been able to detect monsters, like that man in the fancy suit who was in the bleachers at her basketball game. Turns out he's Mr. Charles, her dad's new boss at

the oil and gas company, and he's alarmingly interested in Nizhoni and her brother, Mac, their Navajo heritage, and the legend of the Hero Twins. Nizhoni knows he's a threat, but her father won't believe her. When Dad disappears the next day, leaving behind a message that says "Run!", the siblings and Nizhoni's best friend, Davery, are thrust into a rescue mission that can only be accomplished with the help of Diné Holy People, all disguised as quirky characters. Their aid will come at a price: the kids must pass a series of trials in which it seems like nature itself is out to kill them. If Nizhoni, Mac, and Davery can reach the House of the Sun, they will be outfitted with what they need to defeat the ancient monsters Mr. Charles has unleashed. But it will take more than weapons for Nizhoni to become the hero she was destined to be. . . Timeless themes such as the importance of family and respect for the land resonate in this funny, fast-paced, and exciting quest adventure set in the American Southwest.
