Oracle of Initiation: *Rainbows in the Dark*, by visionary artist and adventurer Mellissae Lucia, shares the startling metamorphosis of the author after the death of her husband in the wilds of the desert southwest. It offers a modern mythical tale of reclaiming our instinctive freedom through deep communion with the land and the Spirits of place. With over 70,000 ritualistic photographs birthed in subterranean graffiti tunnels and in the ancient desert landscapes of Georgia O'Keefe's New Mexico, Mellissae's journey offers an earthenbody pathway to reclaiming our *Rainbows in the Dark*--the paradox of our greatest gifts hidden in our shadows. The book operates as a companion text to her award-winning Oracle of Initiation divination cards, and as a valuable resource on its own for navigating the fierce and fluid initiatory energies currently available to claim your own authentic radiance. Black and white reproductions of the entire deck, with 56 images from the Painted Body series are within, as well as original messages spoken from cross-cultural deities on how to embrace your own sacred gifts through the tempering fires of initiatory awakening. The fascinating story of the emergence of the deck is shared, as well as insights into using *Medicine Walks* as pathways to embracing change. Unique readings for each of the eight realms within the deck are offered, and contributions for each of the Painted Body images from 22 cutting-edge metaphysical innovators including Mary K. Greer, Joanna Powell Colbert, Carrie Paris, Lisa de St. Croix, Marcus Katz, and Luisah Teish are included. Mellissae currently leads small group and individual deep immersion sacred quests in the New Mexico desert, as well as selling decks and offering intuitive readings with the Oracle.

Kabbalah has gained notoriety in recent years, thanks in large part to a publicity boost from celebrity adherents like Madonna. Yet the uninitiated may be surprised to learn that Jewish mysticism has been practiced for thousands of years. First published in 1929, *The Holy Kabbalah* is Arthur E. Waite's guide to these esoteric teachings. Divided into twelve books, with five appendices and a detailed index, this heavily researched volume traces the origins of Kabbalah and examines its influence (if any) on astrology, alchemy, and freemasonry. Including a close look at Kabbalistic literature, and sections on the Zohar and the Ten Sephiroth, this volume will serve as an excellent introduction to the secret tradition for those wanting to learn more about Kabbalah out of scholarship or curiosity. American-born British author ARTHUR EDWARD WAITE (1857-1942) was cocreator of the famous 1910 Rider-Waite Tarot deck. Among his numerous books are *Book of Ceremonial Magic*, *Devil Worship in France*, and *New Encyclopedia of Freemasonry*.

The card designs follow the symbolic framework of the Inner Tradition formulated by Mathers. The deck is now a classic, its symbols and references familiar to tarot experts everywhere.

Golden Dawn Tarot Deck John Wiley & Sons

"For centuries, people living in Appalachia have used homemade playing cards for fortune-telling and dream interpretation. This tradition has arisen over many generations of backwoods conjurers, 'grannie witches,' and 'yarb doctors'. Here, the author has created a fortune-telling deck fashioned after the folklore, superstitions, and dream symbols that he grew up with in Western North Carolina"

Inaction by governments in the face of climate change is often attributed to a lack of political will or a denial of the seriousness of the situation, but as Mark Alizart argues in this provocative book, we shouldn't exclude the possibility that part of the reluctance might be motivated by cynicism and even sheer evil: for some people, there are real financial and political benefits to be gained from the chaos that will ensue from environmental disaster. The climate crisis creates its winners - individuals who orchestrate environmental chaos and bet on the collapse of the world as they bet on declining share values. In the face of this veritable 'carbofascist' coup targeting humanity, modifying our behaviour as individuals won't suffice. We must train our critical attention on those financial and political actors who speculate on catastrophe and, in the light of this, we must rethink the strategy of ecological activism. This is a war to win, not a crisis to overcome.
