 Starting in 1984, the British Transformers comic wasn't just a successful toy advert, it taught a generation of British schoolboys

how to read through its exciting action packed pages. With sales that vied with 2000AD writers Simon Furman and Bob Budiansky created a generation of fan boys that have never looked back. Stuart Webb was one such reader, and in 2012 he began a journey looking through every single issue of the series, commenting on its highs and lows. He became the first person to look at every backup strip, every comedic cartoon and each editorial and how they worked together to create the most thorough exploration of a publishing phenomenon ever undertaken. It's also personal, full of humour and silliness and even the occasionally thoughtful moment. The final result is an essential read, for Transformers fans, and those interested in the history of Marvel comics in the UK and the impact this comic had on an entire

generation.

Without Optimus Prime, Bumblebee and the rest of the Autobots struggle to maintain control over the world, while Prowl endeavors to protect the fledgling government from a Decepticon attack.

**Transformers, Vol. 1: The World In Your Eyes** IDW Publishing

Ocean City, a Cybertron settlement, rises out of the ocean. A boy named Kicker is riding on a new form of Highwire and drives past Demolisher. Kicker is pursued by Hot Shot and finally catches up with him. Kicker has a thing against Transformers and that's what his mom and sister might know. We see a flashback of Adult Rad, Adult Carlos, and Adult Alexis arriving on Cybertron with a young Kicker

and his dad. He gets scared from the appearance of the Autobots. On Mars, the Energon mining settlement called Mars City that Carlos is at is being attacked by the Terrorcons and so is a mining settlement that Tidal Wave is at. Optimus Prime, Ironhide, Jetfire, and Inferno head to Mars, but they're too late and Carlos is still alive. Kicker still has a problem with the Autobots until his hair glows yellow. We see another flashback of him on Cybertron hiding from Optimus Prime until he falls down a shaft and is hanging over the essence of Primus and gets this weird power from him. Kicker runs out, with Hot Shot pursuing him, and Kicker says that the city will be attacked. This comes true. Optimus Prime, Ironhide, Jetfire, and Inferno join the fight, as well as Demolisher. As Kicker falls off

For decades, Transformers fans across the globe have marveled at the mighty clashes of Megatron and Optimus Prime, and speculated about their arrival on planet Earth. Now, in Transformers:

Retribution, the prequel to the Transformers animated series, the epic odyssey of these two great warriors is finally revealed as Autobots and Decepticons battle one another . . . and the most diabolic foe they've ever encountered. Aboard the Ark, Optimus Prime leads his Autobots through deep space, searching for the AllSpark so vital to their home planet, Cybertron. Megatron's not far behind, and his Decepticons are itching for war. But a mysterious planet conceals an enemy far more cunning and powerful: the Quintessons. Masters of tyranny, technology, and twisted double crosses, the Quintessons are out to enslave both Autobots and Decepticons. Their deadly bag of tricks includes fiendish trials and a secret link all the way back to Cybertron, where Shockwave is wreaking havoc with supercomputer Vector Sigma. In the coming conflagration, Star Seekers, Wreckers, Alpha Trion, and Sharkticons all have their parts to play. For none can dodge the Quintesson juggernaut of evil, and none will escape the cataclysmic life-and-death battles that will catapult Autobots and Decepticons to Earth.

Transformers: Armada Volume 1: First Encounter Del Rey

A new era dawns with a new Transformers universe, as leaders Orion Pax and Megatron vie to win the hearts and minds of utopian Cybertron. In the infinite universe, there exists no other planet like Cybertron. Home to the Transformers, and a thriving hub for inter-stellar commerce, it is a world brimming with organic and constructed diversity. Immense structures line its landscape. Mechanical giants roam across its surface. Starship-sized titans orbit its skies, keeping a constant protective watch above and below. Ancient Transformers merge into its very fabric. Small, mysterious creatures skulk in its shadows. It is a truly amazing realm, long untouched by war, and exuberantly reaching for the stars. This is the Cybertron that Orion Pax and Megatron compete for in this bold new origin--a world of seemingly endless peace. All that changes when Bumblebee and Windblade take a newly-forged Cybertronian on his first voyage through this world of wonders, only to discover the first murder to occur on Cybertron in living memory! Soon, they'll face the hard reality that the planet is on the brink of an unprecedented shift, and nothing will ever be the same. IDW Publishing and Hasbro proudly present a bold new vision of the Transformers universe that will excite longtime fans while serving as the unequivocal best place for new readers to begin their obsession. Collects issues #1-12 of IDW's new Transformers saga by writer Brian Ruckley and artists Angel Hernandez, Cachét Whitman, Sara Pitre-Durocher, Andrew Griffith, Anna Malkova, and Beth

McGuire-Smith.

"The biggest space battle ever grows to universal proportions!"--Amazon.com [Transformers. #1](#) Idea & Design Works Llc

In graphic novel format, from the distant planet of Cybertron, an alien race continues their ongoing battle on Earth. Their goal is to obtain an ancient artifact known as the Allspark. Though the Autobots would claim victory, their isolation on Earth could leave them weakened and vulnerable. Their only hope for survival could rest in the hands of a few humans they have befriended. With the Decepticons far from defeated, forming an alliance and working together could be the only way to survive.

Les habitants de la contrée des Bocages Mauves mènent une vie paisible jusqu'au jour où ils sont la cible d'étranges agressions. Pillages, enlèvements, rien ne semble arrêter des hordes entières d'individus à peine humains. Pour Sachairi Correnaigh, l'Administrateur qui dirige cette contrée, une aide extérieure s'impose. Malgré la réticence de sa population, il fait appel à la Confrérie des

Mages et ses combattants aux pouvoirs hors du commun. Lera ne doute pas que son père ait pris la bonne décision. Car cette agitation n'est que le préambule d'un conflit bien plus grave qui va mettre en péril la contrée mais aussi le royaume voisin de Tanera. Et pourtant... L'arrivée tant attendue de ces Mages fait ressurgir le passé de la jeune fille, dont elle ignore tout, ainsi que des dons oubliés. Bien que très jeune, Lera se fait une raison. Son avenir est aux côtés des Mages. Elle se lance avec détermination dans un apprentissage riche, complexe, déconcertant, allant même jusqu'à dévoiler l'antique savoir des Mages. Un voyage initiatique qui va bouleverser le cours de son existence... À PROPOS DE L'AUTEURE Originaire de Carcassonne, Emmanuelle Ferré arpente toute son enfance les remparts de la cité médiévale, mille histoires en tête. C'est à Nantes qu'elle découvre une atmosphère propice à l'écriture. Son univers ? Un monde médiéval à la fois imaginaire et réaliste, foisonnant et mystérieux. Car le Moyen Âge représente une longue période florissante, mêlant festivités, art, voyages et grandes explorations...

Après le crash de l'Arche 2, vaisseau qui devait permettre à tous les Transformers de regagner Cybertron, leur monde d'origine, chacun pensait que la violence de l'explosion avait anéanti les robots. Pourtant, trois ans plus tard, des groupes extrémistes découvrent le lieu du crash. Ils tentent alors de remettre en état certains des robots afin de les utiliser comme armes de guerre. Les machines vont les

laisser faire, jusqu'à ce qu'elles puissent à nouveau être indépendantes et conquérir la Terre, commandées par Mégatron. Seul Optimus Prime, un autre transformeur, pourrait alors stopper cette invincible armée. Encore faudrait-il la trouver...
