Justin Timberlake Coloring Book Adult Coloring Books
Timberlake has a lyric tenor vocal range. Primarily an R&B album, his debut *Justified* also contains influences of dance-pop, funk and soul music. During the production of *FutureSex/LoveSounds*, Timberlake was interested in rock music. This inspiration was used in his approach in recording the songs, rather than in composing them. Timberlake reveals, "I wanted to sing the song like a rock and roll singer, not an R&B singer." On the influences he drew from, he said that if *Justified* was "characterized" by Michael Jackson and Stevie Wonder, *FutureSex/LoveSounds* is more like David Bowie and Prince. Other influences include late INXS-frontman Michael Hutchence, Arcade Fire, David Byrne, The Killers, The Strokes, and Radiohead. He began

including beatboxing in his records near the end of his boyband era and into his emergence as a solo act, this includes songs from Justified and FutureSex/LoveSounds.
