Letters from the Iron Brigade Zondervan

The subject of Michael Warner's book is the rise of a nation. America, he shows, became a nation by developing a new kind of reading public, where one becomes a citizen by taking one's place as writer or reader. At heart, the United States is a republic of letters, and its birth can be dated from changes in the culture of printing in the early eighteenth century. The new and widespread use of print media transformed the relations between people and power in a way that set in motion the republican structure of government we have inherited. Examining books, pamphlets, and circulars, he merges theory and concrete analysis to provide a multilayered view of American cultural development.

Published for the fiftieth anniversary year of the assassination of JFK in Dallas in November 1963, these letters, many published for the first time, present both the politician and the man.

Letters to a Birmingham Jail Houghton Mifflin Harcourt

One month after her novel *Gone With the Wind* was published, Margaret Mitchell sold the movie rights for fifty thousand dollars. Fearful of what the studio might do to her story—"I wouldn't put it beyond Hollywood to have . . . Scarlett seduce General Sherman," she joked—the author washed her hands of involvement with the film. However, driven by a maternal interest in her literary firstborn and compelled by her Southern manners to answer every fan letter she received, Mitchell was unable to stay aloof for long. In this collection of her letters about the 1939 motion picture classic, readers have a front-row seat as the author watches the Dream Factory at work, learning the ins and outs of filmmaking and discovering the peculiarities of a movie-crazed public. Her ability to weave a story, so evident in *Gone With the Wind*, makes for delightful reading in her correspondence with a who's who of Hollywood, from producer David O. Selznick, director George Cukor, and screenwriter Sidney Howard, to cast members Clark Gable, Vivien Leigh, Leslie Howard, Olivia de

Havilland and Hattie McDaniel. Mitchell also wrote to thousands of others—aspiring actresses eager to play Scarlett O'Hara; fellow Southerners hopeful of seeing their homes or their grandmother's dress used in the film; rabid movie fans determined that their favorite star be cast; and creators of songs, dolls and Scarlett panties who were convinced the author was their ticket to fame and fortune. During the film's production, she corrected erring journalists and the producer's over-the-top publicist who fed the gossip mills, accuracy be damned. Once the movie finished, she struggled to deal with friends and strangers alike who "fought and trampled little children and connived and broke the ties of lifelong friendship" to get tickets to the premiere. But through it all, she retained her sense of humor. Recounting an acquaintance's denial of the rumor that the author herself was going to play Scarlett, Mitchell noted he "ungallantly stated that I was something like fifty years too old for the part." After receiving numerous letters and phone calls from the studio about Belle Watling's accent, the author related her father was "convulsed at the idea of someone telephoning from New York to discover how the madam of a Confederate bordello talked." And in a chatty letter to Gable after the premiere, Mitchell coyly admitted being "feminine enough to be quite charmed" by his statement to the press that she was "fascinating," but added: "Even my best friends look at me in a speculative way—probably wondering what they overlooked that your sharp eyes saw!" As *Gone With the Wind* marks its seventy-fifth anniversary on the silver screen, these letters, edited by Mitchell historian John Wiley, Jr., offer a fresh look at the most popular motion picture of all time through the eyes of the woman who gave birth to Scarlett.

Together they document the development of an extraordinary

creative source of American poetry.

This extraordinary collection gathers the never-before-seen correspondence of a true American original—the acclaimed historian and lion of the liberal establishment, Arthur Schlesinger, Jr. An advisor to presidents, two-time Pulitzer Prize winner, and tireless champion of progressive government, Arthur Schlesinger, Jr., was also an inveterate letter writer. Indeed, the term "man of letters" could easily have been coined for Schlesinger, a faithful and prolific correspondent whose wide range of associates included powerful public officials, notable literary figures, prominent journalists, Hollywood celebrities, and distinguished fellow scholars. The *Letters of Arthur Schlesinger, Jr.* reveals the late historian's unvarnished views on the great issues and personalities of his time, from the dawn of the Cold War to the aftermath of September 11. Here is Schlesinger's correspondence with such icons of American statecraft as Harry Truman, Adlai Stevenson, Hubert Humphrey, Henry Kissinger, Bill Clinton, and, of course, John and Robert Kennedy (including a detailed critique of JFK's manuscript for *Profiles in Courage*). There are letters to friends and confidants such as Eleanor Roosevelt, John Kenneth Galbraith, Gore Vidal, William Styron, and Jacqueline Kennedy (to whom Schlesinger sends his handwritten condolences in the hours after her husband's assassination), and exchanges with such unlikely pen pals as Groucho Marx, Sammy Davis, Jr., and Bianca Jagger. Finally, there are Schlesinger's many thoughtful replies to the inquiries of ordinary citizens, in which he offers his observations on influences, issues of the day, and the craft of writing history. Written with the range and insight that made Schlesinger an indispensable figure, these letters reflect the evolution of his thought—and of American liberalism—from the 1940s to the first decade of the new millennium. Whether he is arguing against the merits of preemptive war, advocating for a more forceful policy on civil rights, or simply explaining his preference in neckwear ("For sloppy eaters bow ties are a godsend"), Schlesinger reveals himself as a formidable debater and consummate wit who reveled in rhetorical combat. To a

detractor who accuses him of being a Communist sympathizer, he writes: "If your letter was the product of sincere misunderstanding, the facts I have cited should relieve your mind. If not, I can only commend you to the nearest psychiatrist." Elsewhere, he castigates a future Speaker of the House, John Boehner, for misattributing quotations to Abraham Lincoln. Combining a political strategist's understanding of the present moment with a historian's awareness that the eyes of posterity were always watching him, Arthur Schlesinger, Jr., helped shape the course of an era with these letters. This landmark collection frames the remarkable dynamism of the twentieth-century and ensures that Schlesinger's legacy will continue to influence this one. Praise for *The Letters of Arthur Schlesinger, Jr.* "Schlesinger's political intelligence in his correspondence is excellent, the level of discourse and purpose high, the sense of responsibility as keen as the sense of fun. . . . The best letters—and there are many—come from the typewriter of the public Schlesinger, the fighting liberal, especially when he's jousting with a provocative antagonist."—George Packer, *The New York Times Book Review* "Arthur Schlesinger's letters are full of personal, political, and historical insights into the tumultuous events and enormous personalities that dominated the mid-twentieth century."—President Bill Clinton

The private thoughts, emotions, hopes, and frustrations contained in this collection of letters written by key figures in psychology provide rich insight into the development of the field. From John Locke writing parenting advice in 17th century Holland to Kenneth B. Clark responding to the impact of his research on the 19th century *Brown v. Board* decision, this book illustrates the history of the psychology in a direct, engaging manner. Uses primary source materials to provide students with a unique view of the story of psychology. Features an introduction to historiography, focusing on how historians use manuscript collections in their work. Includes chapter-opening material that explains the historical context, brief annotations to help clarify the content, and an epilogue that concludes these important stories in psychology. The second edition adds new annotations by Benjamin, giving greater life and dimension to the learning about the people and ideas that have influenced the development of psychology.

Letters Along the Way University of Chicago Press

More than fifty years ago, Dr. Martin Luther King, Jr. wrote his Letter from a Birmingham Jail. Much has transpired in the half-century since, and progress has been made in the issues that were close to Dr. King's heart. Thankfully, the burning crosses, biting police dogs, and angry mobs of that day are long gone. But in their place, passivity has emerged. A passivity that must be addressed. That's the aim of *Letters to a Birmingham Jail*. A collection of essays written by men of various ethnicities and ages, this book encourages us to pursue Christ exalting diversity. Each contribution recognizes that only the cross and empty tomb of Christ can bring true unity, and each notes that the gospel demands justice in all its forms. This was a truth that Dr. King fought and gave his life for, and this is a truth that these modern day "drum majors for justice" continue to beat.

In 2007 a file of letters between University of Heidelberg roommates and lifelong friends, Otto Frank and Nathan Straus Jr., was found in the archives of YIVO: The Institute for Jewish Research. The letters revealed for the first time that Otto Frank, diarist Anne's father, tried desperately to get his family out of war torn Holland in 1941, fifteen months before they went into hiding in the now famous attic at Prinsengracht 263, Amsterdam. The letters also show the lengths Nathan Straus Jr., then Housing Administrator under FDR, and many others, went to to help. But the tightening restrictions of the U.S. State Department, along with the deteriorating conditions in Europe, prevented even those with powerful connections and money, from securing the necessary documents that would allow the Frank family to immigrate. We have long known of the relationship between these two men. The story of the letters, however, is being published in a book for the first time. It enriches our understanding of the relationship between Otto Frank and Nathan Straus Jr., about the history of the Frank family and gives us greater insight into this tragic era.

In *Letters from the Land of Cancer* Ebook, award-winning writer Walter Wangerin Jr. offers his profound insights into the greatest challenge we face: confronting our own mortality. "Shortly after the cancer had been diagnosed I began writing letters to the members of my immediate family, to relatives and to lifelong

friends. The following book will consist mostly of those letters. They will invite you into my most intimate dancing with the cancer, even as that partner and I have over the last two years swung each other around the tiled floors of ballrooms and bathrooms. Dizzy still, and day by day, I sat and wrote: This is what I'm feeling right now. This is what I think...." From afternoon to afternoon of radiation, Wangerin wrote about confronting his mortality, about living with the messiness of undone tasks and bodily weakness. He wrote about the medical procedures he endured, the wild mood swings that unbalanced his days, and the fragilities and strengths of the relationships that surrounded him. *Letters from the Land of Cancer* Ebook is made up of these writings. Cadenced within the letters are Wangerin's eloquent meditations derived from his pastoral experiences with the faithful passage of death to life. Seldom has the great adventure of life and death been as beautifully presented as it is in this testimony to faith, love, and the shocking reality of hope.

Letters to Martin Cornell University Press

"You'll find hope in these pages." —Jonathan Eig, author of *Ali: A Life* Letters to Martin contains twelve meditations on contemporary political struggles for our oxygen-deprived society. Evoking Martin Luther King Jr.'s "Letter from Birmingham Jail," these meditations, written in the form of letters to King, speak specifically to the many public issues we presently confront in the United States—economic inequality, freedom of assembly, police brutality, ongoing social class conflicts, and geopolitics. Award-winning author Randal Maurice Jelks invites readers to reflect on US history by centering on questions of democracy that we must grapple with as a society. Harkening to the era when James Baldwin, Dorothy Day, Reinhold Niebuhr, and Richard Wright used their writing to address the internal and external conflicts that the United States faced, this book is a contemporary revival of the literary tradition of meditative social analysis. These meditations on democracy provide spiritual oxygen to help readers endure the struggles of rebranding, rebuilding, and reforming our democratic institutions so that we can all breathe.

Oliver Wendell Holmes, Jr., has been called the greatest jurist and legal scholar in the history of the English-speaking world. In this collection of his speeches, opinions, and letters, Richard Posner reveals the fullness of Holmes' achievements as judge, historian, philosopher, and master of English style. Thematically arranged, the volume covers a rich variety of subjects from aging and death to themes in politics, personalities, and law. Posner's substantial introduction firmly places this wealth of material in its proper biographical and historical context. "A first-rate prose stylist, [Holmes] was perhaps the most quotable of all judges, as this ably edited volume shows."—Washington Post Book World "Brilliantly edited, lucidly organized, and equipped with a compelling introduction by Judge Posner, [this book] is one of the finest single-volume samplers of any author's work I have seen. . . . Posner has fully captured the acrid tang of him in this masterly anthology."—Terry Teachout, National Review "Excellent. . . . A worthwhile contribution to current American political/legal discussions."—Library Journal "The best source for the reader who wants a first serious acquaintance with Holmes."—Thomas C. Grey, New York Review of Books

The Letters of Charles and Mary Anne Lamb Cornell University Press

A revelatory collection of correspondence by the lauded author of titanic American classics such as *The Recognitions* and *J R*, shedding light on his staunchly private life. UPDATED WITH OVER TWO DOZEN NEW LETTERS AND PHOTOGRAPHS Now recognized as one of the giants of postwar American fiction, William Gaddis shunned the spotlight during his life, which makes this collection of his letters a revelation. Beginning in 1930 when Gaddis was at boarding school and ending in September 1998, a few months before his death, these letters function as a kind of autobiography, and also reveal the extent to which he drew upon events in his life for his fiction. Here we see him forging his first novel, *The Recognitions* (1955), while living in Mexico, fighting in a revolution in Costa Rica, and working in Spain, France, and North Africa. Over the next twenty years he struggles to find time

to write the National Book Award-winning *J R* (1975) amid the complications of work and family; deals with divorce and disillusionment before reviving his career with *Carpenter's Gothic* (1985); then teaches himself enough about the law to produce *A Frolic of His Own* (1994). Resuming his lifelong obsession with mechanization and the arts, he finishes a last novel, *Agapē Agapē* (published in 2002), as he lies dying. This newly revised edition includes clarifying notes by Gaddis scholar Steven Moore, as well as an afterword by the author's daughter, Sarah Gaddis.

A Novel of Letters from a Theologian to a Young Christian When student Tim Journeyman first wrote to family friend Dr. Paul Woodson, he didn't know it would start a fifteen-year mentorship that would shape his life and Christian faith. Within their candid letters are words of real-world wisdom—from a "senior saint" to a "junior saint"—covering various areas of living, from the theological to the everyday. Written as fictional correspondence between two men at different stages of life and faith, the novel *Letters Along the Way* provides important, biblical perspectives on topics such as apologetics, science and faith, inerrancy of the Bible, heart versus head faith, prayer, the changing face of evangelicalism, and trends emerging in American culture. Published in partnership with the Gospel Coalition. Memorable and Engaging Style: Inspired by C. S. Lewis's *The Screwtape Letters* Tackles Moral, Biblical, and Cultural Issues: Topics include marriage, pastoral ministry, temptation, repentance, and more Excellent for Seminary Students and New Believers: Includes a subject index outline to find topics quickly and easily *Listening Letters* Holt, Rinehart and Winston NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Newsweek/The Daily Beast • The Huffington Post • Kansas City Star • Time Out New York • Kirkus Reviews This extraordinary collection of personal correspondence has all the hallmarks of Kurt Vonnegut's fiction. Written over a sixty-year period, these letters, the vast majority of them never before published, are funny, moving, and full of the same uncanny wisdom that has endeared his work to readers worldwide. Included in this comprehensive volume: the letter a twenty-two-year-old Vonnegut wrote home immediately upon being freed from a German POW camp, recounting the ghastly firebombing of Dresden that would be the subject of his masterpiece *Slaughterhouse-Five*; wry dispatches from

Vonnegut's years as a struggling writer slowly finding an audience and then dealing with sudden international fame in middle age; righteously angry letters of protest to local school boards that tried to ban his work; intimate remembrances penned to high school classmates, fellow veterans, friends, and family; and letters of commiseration and encouragement to such contemporaries as Gail Godwin, Günter Grass, and Bernard Malamud. Vonnegut's unmediated observations on science, art, and commerce prove to be just as inventive as any found in his novels—from a crackpot scheme for manufacturing "atomic" bow ties to a tongue-in-cheek proposal that publishers be allowed to trade authors like baseball players. ("Knopf, for example, might give John Updike's contract to Simon and Schuster, and receive Joan Didion's contract in return.") Taken together, these letters add considerable depth to our understanding of this one-of-a-kind literary icon, in both his public and private lives. Each letter brims with the mordant humor and openhearted humanism upon which he built his legend. And virtually every page contains a quotable

nugget that will make its way into the permanent Vonnegut lexicon. • On a job he had as a young man: "Hell is running an elevator throughout eternity in a building with only six floors." • To a relative who calls him a "great literary figure": "I am an American fad—of a slightly higher order than the hula hoop." • To his daughter Nanny: "Most letters from a parent contain a parent's own lost dreams disguised as good advice." • To Norman Mailer: "I am cuter than you are." Sometimes biting and ironical, sometimes achingly sweet, and always alive with the unique point of view that made him the true cultural heir to Mark Twain, these letters comprise the autobiography Kurt Vonnegut never wrote. Praise for Kurt Vonnegut: Letters "Splendidly assembled . . . familiar, funny, cranky . . . chronicling [Vonnegut's] life in real time."—Kurt Andersen, *The New York Times Book Review* "[This collection is] by turns hilarious, heartbreaking and mundane. . . . Vonnegut himself is a near-perfect example of the same flawed, wonderful humanity that he loved and despaired over his entire life."—NPR "Congenial, whimsical and often insightful missives . . .

one of [Vonnegut's] very best."—*Newsday* "These letters display all the hallmarks of Vonnegut's fiction—smart, hilarious and heartbreaking."—*The New York Times Book Review*

Odyssey of a Friend Createspace Independent Publishing Platform

Every December an envelope bearing a stamp from the North Pole would arrive for J.R.R. Tolkien's children. Inside would be a letter in a strange, spidery handwriting and a beautiful colored drawing or painting. The letters were from Father Christmas. They told wonderful tales of life at the North Pole: how the reindeer got loose and scattered presents all over the place; how the accident-prone North Polar Bear climbed the North Pole and fell through the roof of Father Christmas's house into the dining room; how he broke the Moon into four pieces and made the Man in it fall into the back garden; how there were wars with the troublesome horde of goblins who lived in the caves beneath the house, and many more. No reader, young or old, can fail to be charmed by Tolkien's inventiveness in this classic holiday treat.
