Finalist for the 2020 National Book Award for Fiction One of the New York Times' Ten Best Books of the Year Named one of the best novels of the year by Time, Washington Post, NPR, Chicago Tribune, Esquire, BBC, and many others National Bestseller "A blistering little classic." —Ron Charles, Washington Post A Children's Bible follows a group of twelve eerily mature children on a forced vacation with their families at a sprawling lakeside mansion. Contemptuous of their parents, the children decide to run away when a destructive storm descends on the summer estate, embarking on a dangerous foray into the apocalyptic chaos outside. Lydia Millet's prophetic and heartbreaking story of generational divide offers a haunting vision of what awaits us on the far side of Revelation.

The statistics are jarring. One in four women and one in six men have been sexually assaulted. But as sobering as these statistics are, they can't begin to speak to the darkness and grief experienced by the victims. The church needs compassionate and wise resources to care for those living in the wake of this evil. Other books attempt to address the journey from shame to healing for victims of sexual abuse, but few are from a Christian perspective and written for both child and adult victims. In *Rid of My Disgrace*, a couple experienced in counseling and care for victims of sexual assault present the gospel in its power to heal the broken and restore the disgraced. Justin and Lindsey Holcomb present a clear definition of sexual assault and outline a biblical approach for moving from destruction to redemption. *Rid of My Disgrace* applies a theology of redemption to the grief, shame, and sense of defilement victims experience. This book is primarily written for them, but can also equip pastors, ministry staff, and others to respond compassionately to those who have been assaulted. Part of the Re:Lit series.

*A Lost Leader* Crossway

The authors of *Great Leaders Grow* use a fable to lay out what is the secret to great leadership in this internationally bestselling guide. It's a question that everyone in a position of authority—whether in a multinational corporation or a local volunteer group—wonders sooner or later. Here Ken Blanchard, whose books on leadership have sold over twenty million copies, and Mark Miller, who worked his way up from line worker to vice president of Chick-Fil-A, one of the largest fast-food restaurant chains in the country, uncover the secret that great leaders already know and detail what you need to do to truly inspire and motivate others. The authors get at the heart of what makes a leader successful using a classic business fable. Newly promoted but struggling young executive Debbie Brewster asks her mentor, "What is the secret of great leaders?" His reply—"great leaders serve"—flummoxes her, but over time he reveals the five fundamental ways that leaders succeed through service. Along the way, Debbie learns: • Why great leaders seem preoccupied with the future • How people on the team ultimately determine your success or failure • What three arenas require continuous improvement • Why true success in leadership has two essential components • How to knowingly strengthen—or unwittingly destroy—leadership credibility This new edition includes a leadership self-assessment so readers can measure to what extent they lead by serving and where they can improve. The authors have also added answers to the most frequently asked questions about how to apply the SERVE model in the real world. As practical as it is uplifting, *The Secret* shares Blanchard and Miller's wisdom about leadership in a form that anyone can easily understand and implement. "You don't have to be older to be a great leader. *The Secret* shows how to lay the foundation for powerful servant leadership early in your career to maximize your impact." —Claire Diaz-Ortiz, Head of Corporate Innovation and Philanthropy at Twitter, Inc. and author of *Twitter for Good* and *Hope Runs* "When you learn *The Secret*, don't keep it to yourself.

Share it and use it with your people. It will make a difference in their lives and their performance." —Donald G. Soderquist, former Vice Chairman, Wal-Mart, and founder of the Soderquist Center for Leadership and Ethics, John Brown University "If you know *The Secret*, both relationships and results will prosper. It's a perfect move in your life from success to significance." —Bob Buford, author of *Halftime*

Around 18 million young Chinese people were sent to the countryside between 1966 and 1976 as part of the Cultural Revolution. Mao's Children in the New China allows some of them to tell their moving stories in their own voices for the first time. In this inspiring collection of interviews with former Red Guards, members of the first generation to be born under Chairman Mao talk frankly about the dramatic changes which have occurred in China over the last two decades. In discussing the impact these changes have had on their own lives, the former revolutionaries give a direct insight into how ex-Maoists view contemporary China, revealing an attitude perhaps more critical than that of most Western commentators. These poignant memoirs tell the very personal stories of how people from all walks of life were affected by both the cultural revolution and Deng Xiaoping's economic reforms. They cover subjects as diverse as marriage and divorce, the privatization of industry, family relationships, universities and the stock market. Mao's Children in the New China is essential reading for all those interested in learning more about the personal and social history of modern China.

Now in its second edition, *The Power of Teacher Leaders*, copublished by Routledge and Kappa Delta Pi, serves as a resource for understanding the varied ways that teacher leaders foster positive change in their schools, profession, and communities. By definition, teacher leaders are teachers who stay in the classroom, maintaining their commitment to teaching students while assuming informal and formal leadership positions beyond the classroom. It is that commitment to teaching and their desire to improve student learning that motivate them to become teacher leaders. Written by researchers and teacher leaders, each chapter describes a particular way that teachers are leading, connects to the relevant scholarly literature, and assesses the impact of the teacher leaders on students and communities. The second edition features new chapters on less common and unresearched teacher leadership roles, informal teacher leadership, and teacher leaders as social justice advocates. This edited collection shows how teacher leaders play an important role in the improvement of student learning, teacher professional development, and school and community climate.

A searing portrait of the last days of the Warsaw ghetto uprising and its young leader Mordechai Anielewicz. Set before and during the days of the Warsaw ghetto uprising, *Say No to Despair*, part of the new *They Said No* series of histories, is a compelling and profound look at the final days of the life of Mordechai Anielewicz, leader of the Jewish Fighting Organization that led the insurrection against Nazi control in Poland during the Holocaust. Tracing the moments before and during the uprising up to Mordechai's death in 1943, Hausfater delivers an uncompromising story of a revolutionary with a lesson all readers must take with them. Both disturbing and moving, thrilling and devastating, Anielewicz's story elucidates the immense power of resistance and the obligations we have to defend each other from violence and capture—no matter the costs. As Anielewicz himself puts it, "The opposite of despair is not hope, it's struggle."

For 4 million slaves, emancipation was a liberation and resurrection story of biblical proportion, both the clearest example of God's intervention in human history and a sign of the end of days. In this book, Matthew Harper demonstrates how black southerners' theology, in particular their understanding of the end times, influenced nearly every major economic and political decision they made in the aftermath of emancipation. From considering what demands to make in early Reconstruction to deciding whether or not to migrate west, African American Protestants consistently inserted themselves into biblical narratives as a way of seeing the importance of their own struggle in God's greater plan for humanity. Phrases like "jubilee," "Zion," "valley of dry bones," and the "New Jerusalem" in black-authored political documents invoked different stories from the Bible to argue for different political strategies. This study offers new ways of understanding the intersections between black political and religious thought of this era. Until now, scholarship on black religion has not highlighted how pervasive or contested these beliefs were. This narrative, however, tracks how these ideas governed particular political moments as African Americans sought to define and defend their freedom in the forty years following emancipation.

If the Christian life is like a race, we must admit that too many Christian leaders stumble, burn out, or veer off the track. Clearly it is not automatic that a leader will finish well. Based on Dave Kraft's thirty-five years of leading, teaching leadership, and coaching dozens of Christian leaders, *Leaders Who Last* moves through three stages of leadership: foundations, formation, and fruitfulness. Concise, anecdotal, and packed with wisdom, this book will help you aim your ambitions, refine your character, and position yourself to be an effective leader who endures. Kraft's brief, down-to-earth guide to Christian leadership will inspire readers to finish the race well-to hit the tape in full stride with an energetic burst of speed and receive their commendation from God.
