When Nicki drops his white mitten in the snow, he goes on without realizing that it is missing. One by one, woodland animals find it and crawl in; first, a curious mole, then a rabbit, a badger and others, each one larger than the last. Finally, a big brown bear is followed in by a tiny brown mouse and

what happens next makes for a wonderfully funny climax. As the story of the animals in the mitten unfolds, the reader can see Nicki in the borders of each page, walking through the woods unaware of what is going on. Once again Jan Brett has created a dramatic and beautiful picture book in her distinctive style. She brings the animals to life with warmth and humor, and her illustrations are full of visual delights and details faithful to the Ukrainian tradition from which the story comes.

"Writing allows each of us to live with that special wide-awakeness that comes from knowing that our lives and our ideas are worth writing about." - Lucy Calkins Teaching Writing is Lucy Calkins at her best—a distillation of the work that's placed Lucy and her colleagues at the forefront of the teaching of writing for over thirty years. This book promises to inspire teachers to teach with renewed passion and power and to invigorate the entire school day. This is a book for readers who want an introduction to the writing workshop, and for those who've lived and breathed this work for decades. Although Lucy addresses the familiar topics—the writing process, conferring, kinds of writing, and writing assessment—she helps us see those topics with new eyes. Being a pet store hamster isn't much fun for Sweetie Pie, but life in human homes proves downright perilous. As Sweetie Pie longingly gazes out of his cage at the squirrels frolicking in the trees, he wonders if he'll ever have the chance to feel the wind in his fur. Allsburg's expressive, soft-hued illustrations artfully capture a hamster's-eye view of the wide and wonderful world where maybe, just maybe, Sweetie Pie could someday run free.

Teaching Writing Teaching Resources

This book is about bringing the education we want for our own children to all. It is focused on a set of strongly held beliefs that drive the actions of educators every day. Each chapter of the book is focused on a single belief and invites readers to consider what they can do to help children attend schools based on the true, authentic expressions of their teachers' beliefs. Contributions include essays by many prominent educators including Sir Ken Robinson, Deborah Meier and Thomas Newkirk. Please click on the contents tab below for a list of all 18 contributors. In 2012, a diverse group of American educators made a pilgrimage to Italy to observe instruction at a Reggio Emilia school. Their observations resulted in a desire to articulate a set of belief statements about education. This book is based on those beliefs. With this collection, the authors and editors hope to create a space in the current education conversation for teachers to know that they can teach in a way that is aligned to their beliefs.

Who Was Milton Hershey? Penguin

In this off-beat book perfect for reading aloud, a Caldecott Honor winner shares the story of a duck who rides a bike with hilarious results. One day down on the farm, Duck got a wild idea. "I bet I could ride a bike," he thought. He waddled over to where the boy parked his bike, climbed on, and began to ride. At first, he rode slowly and he wobbled a lot, but it was fun! Duck rode past Cow and waved to her. "Hello, Cow!" said Duck. "Moo," said Cow. But what she thought was, "A duck on a bike? That's the silliest thing I've ever seen!" And so, Duck rides past Sheep, Horse, and all the other barnyard animals. Suddenly, a group of kids ride by on their bikes and run into the farmhouse, leaving the bikes outside. Now ALL the animals can ride bikes, just like Duck! Praise for *Duck on a Bike* "Shannon serves up a sunny blend of humor and action in this delightful tale of a Duck who spies a red bicycle one day and gets "a wild idea" . . . Add to all this the abundant opportunity for youngsters to chime in with barnyard responses ("M-o-o-o"; "Cluck! Cluck!"), and the result is one swell read-aloud, packed with freewheeling fun." —Publishers Weekly "Grab your funny bone—Shannon . . . rides again! . . . A "quackerjack" of a terrific escapade." —Kirkus Reviews
