The first monograph on Germany's most popular street artist. xoooox was the first German street artist to come to prominence on the international art market. His prints have been shown in numerous international exhibitions and sold at auction. This book is xoooox's first monograph. It focuses mainly on his portraits of female models that he prefers to stencil or wheat-paste onto surfaces of older buildings scarred by the passage of time. The contrast between the strikingly beautiful women and the crumbling walls is a fundamental aspect of his creative vision. Other work featured in xoooox is a clever critique of consumer culture. For example, the artist reinterprets logos of brands such as Hermès or Chanel to make people aware of how easily dazzled they can be by the superficial promise of luxury. Or he morphs an H&M logo into the letters HIV as a statement against the leveling effect of global clothing brands that are spreading around the world like a virus. The documentation of xoooox's work on the street is complemented by photographs of select exhibitions and of the artist at work. The book is edited by Benjamin Wolbergs, an author and photographer who specializes in subjects related to urban art.

#1 New York Times bestselling author Dan Brown makes his picture book debut with this mindful, humorous, musical, and uniquely entertaining book! The author will be donating all US royalties due to him to support music education for children worldwide, through the New Hampshire Charitable foundation. Travel through the trees and across the seas with Maestro Mouse and his musical friends! Young readers will meet a big blue whale and speedy cheetahs, tiny beetles and graceful swans. Each has a special secret to share. Along the way, you might spot the surprises Maestro Mouse has left for you- a hiding buzzy bee, jumbled letters that spell out clues, and even a coded message to solve! Children and adults can enjoy this timeless picture book as a traditional read-along, or can choose to listen to original musical compositions as they read--one for each animal--with a free interactive smartphone app, which uses augmented reality to play the appropriate song for each page when a phone's camera is held over it.

An exploration of life at the margins of history from one of Russia's most exciting contemporary writers Shortlisted for the 2021 International Booker Prize Winner of the MLA Lois Roth Translation Award With the death of her aunt, the narrator is left to sift through an apartment full of faded photographs, old postcards, letters, diaries, and heaps of souvenirs: a withered repository of a century of life in Russia. Carefully reassembled with calm, steady hands, these shards tell the story of how a seemingly ordinary Jewish family somehow managed to survive the myriad persecutions and repressions of the last century. In dialogue with writers like Roland Barthes, W. G. Sebald, Susan Sontag, and Osip Mandelstam, In Memory of Memory is imbued with rare intellectual curiosity and a wonderfully soft-spoken, poetic voice. Dipping into various forms—essay, fiction, memoir, travelogue, and historical documents—Stepanova assembles a vast panorama of ideas and personalities and offers an entirely new and bold exploration of cultural and personal memory.

PULITZER PRIZE FINALIST NATIONAL BOOK AWARD FINALIST A NEW YORK TIMES TOP 10 BOOK OF 2018 LOS ANGELES TIMES BOOK PRIZE WINNER ALA CARNEGIE MEDAL WINNER THE STONEWALL BOOK AWARD WINNER Soon to Be a Major Television Event, optioned by Amy Poehler • One of the New York Times's 100 Best Books of the 21st Century "A page turner . . . An absorbing and

emotionally riveting story about what it's like to live during times of crisis." —The New York Times Book Review A dazzling novel of friendship and redemption in the face of tragedy and loss set in 1980s Chicago and contemporary Paris In 1985, Yale Tishman, the development director for an art gallery in Chicago, is about to pull off an amazing coup, bringing in an extraordinary collection of 1920s paintings as a gift to the gallery. Yet as his career begins to flourish, the carnage of the AIDS epidemic grows around him. One by one, his friends are dying and after his friend Nico's funeral, the virus circles closer and closer to Yale himself. Soon the only person he has left is Fiona, Nico's little sister. Thirty years later, Fiona is in Paris tracking down her estranged daughter who disappeared into a cult. While staying with an old friend, a famous photographer who documented the Chicago crisis, she finds herself finally grappling with the devastating ways AIDS affected her life and her relationship with her daughter. The two intertwining stories take us through the heartbreak of the eighties and the chaos of the modern world, as both Yale and Fiona struggle to find goodness in the midst of disaster. Religious Minorities in Kurdistan: Beyond the Mainstream, edited by Khanna Omarkhali, represents an account of the various religious milieus flourishing beyond the Islamic mainstream in all parts of Kurdistan. The miscellany describes how the religious minority groups operate within the Kurdish regions, which themselves have been subject to numerous conflicts and social as well as political transformations at the turn of the 21st century. This volume emphasizes recent developments affecting these communities, in particular their social and religious lives. Six chapters are dedicated to the Ahl-e Haqq (Yarisan/Kaka'is), Yezidis, Alevis, the Haqqa and Khaksar Sufi traditions, the Shabaks, as well as to the Jewish and Christian communities in Kurdistan. The anthology includes three indices and a glossary of religious terms appearing in the volume.

[The Sweet Indifference of the World](#) The Experiment, LLC

A thrilling, eye-popping look at true crime in the billion-dollar art world. The art world is one of the most secretive of global businesses, and the list of its crimes runs long and deep. Today, with prices in the hundreds of millions for individual artworks, and billionaires' collections among the most conspicuous and liquid of their assets, crime is more rampant than ever in this largely unregulated universe. Increased prices and globalization have introduced new levels of fraud and malfeasance into the art world--everything from "artnapping," in which an artwork is held hostage and only returned for a ransom, to forgery and tax fraud. However, the extent of the economic and cultural damage that results from criminality in the global art scene rarely comes to light. The stories of high-stakes, brazen art crimes told by art experts Stefan Koldehoff and Tobias Timm are by turns thrilling, disturbing, and unbelievable (the imagination for using art to commit crimes seems boundless). The authors also provide a well-founded analysis of what needs to change in the art market and at museums. From the authors of False Pictures, Real Money (about the Beltracchi art forgery case), Art and Crime includes a chapter on art owned by Donald Trump. It is a thoroughly researched, explosive, and highly topical book that uncovers the extraordinary and multifarious thefts of art and cultural objects around the world.

A fire broke out in the coal seams of their town years ago, and the flames are still smoldering underground. Margaret and Fritz, the two sisters who are the heroines of *Invitation to the Bold of Heart*, the debut novel by Swiss writers Dorothee Elmiger, are the last remaining youth of this vanishing town. Their inheritance is nothing but an abandoned swathe of land ruled by devastation. But the sisters won't accept this state of affairs—they set out on an expedition, determined to piece together the fragments of their family history. Only by learning their own story can they look to the future with hope. When they rediscover a long-forgotten river, Margaret and Fritz can sense a new life ahead. *Invitation to the Bold of Heart* is a startling dystopian tale of hope and exploration and a testament to the timeless need of youth to rebel against authority. Praise for the German Edition "The reader, too, gets to be at the mercy of this text—I myself turned into an echo chamber when I read it."— Hildegard Elisabeth Keller, author of *My Secret Is Mine: Studies on Religion and Eros in the German Middle Ages*

Swansong 1945: A Collective Diary of the Last Days of the Third Reich MSU Press

International Booker Prize Finalist *The Spectator* (UK): Best Book of the Year From the award-winning author of *The Order of the Day*, a powerful account of the German Peasants' War (1524–25) that shows striking parallels to class conflicts of our time. In the sixteenth century, the Protestant Reformation launched an attack on privilege and the Catholic Church, but it rapidly became an established, bourgeois authority itself. Rural laborers and the urban poor, who were still being promised equality in heaven, began to question why they shouldn't have equality here and now on earth. There ensued a furious struggle between the powerful—the comfortable Protestants—and the others, the wretched. They were led by a number of theologians, one of whom has left his mark on history through his determination and sheer energy. His name was Thomas Müntzer, and he set Germany on fire. *The War of the Poor* recounts his story—that of an insurrection through the Word. In his characteristically bold, cinematic style, Éric Vuillard draws insights from this revolt from nearly five hundred years ago, which remains shockingly relevant to the dire inequalities we face today.

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working

life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

After mankind's near-extinction, a kingdom of animals harnessing biotechnology wages a multi-planetary war against a new form of artificial intelligence.

The Disappearance of Josef Mengele Legare Street Press

An illustrated exploration of colors and patterns in the animal kingdom, what they communicate, and how they function in the social life of animals. Are animals able to appreciate what humans refer to as "beauty"? The term scarcely ever appears nowadays in a scientific description of living things, but we humans may nonetheless find the colors, patterns, and songs of animals to be beautiful in apparently the same way that we see beauty in works of art. In *Animal Beauty*, Nobel Prize-winning biologist Christiane Nüsslein-Volhard describes how the colors and patterns displayed by animals arise, what they communicate, and how they function in the social life of animals. Watercolor drawings illustrate these amazing instances of animal beauty. Darwin addressed the topic of ornament in his 1871 book *The Descent of Man and Selection in Relation to Sex*, and did not hesitate to engage with criteria of beauty, convinced that animals experienced color and ornament as attractive and agreeable in the same way that we do, and that the role this played in mate choice pointed to a "sexual selection" distinct from natural selection. Nüsslein-Volhard examines key examples of ornament and sexual selection in the animal kingdom and lays the groundwork for biological aesthetics. Noting that color patterns have not been a research priority—perhaps because they appeared to be nonessential luxuries rather than functional necessities—Nüsslein-Volhard looks at recent scientific developments on the topic. In part because of Nüsslein-Volhard's own research on the zebrafish, it is now possible to decipher the molecular genetic mechanisms that lead to production of colors in animal skin and its appendages and control its pattern and distribution.

*Book on women* Simon and Schuster

In the land of darkness lives a shaggy but lovable creature. He is pining away because he has lost his home and has lived in the dark ever since. One day, the shaggy creature is overcome with curiosity and ventures out to the edge of the darkness. There, bathed in sunlight and bright colors, lives a very different and gentle creature. The two inhabitants of these different worlds become friends, and with his new friend, the shaggy creature overcomes his loss and finds his way back to the world of color. A quietly poetic story, told by Kerstin Hau, which gives hope and courage in difficult times. With contrasting imagery by Julie Völk, this book shows that life can be light, colorful, black, grey, and everything in between.
