"An endeavor to try and capture what I feel when I look around, in the form of poetry. This book contains poems which are questions, essentially; to self, to the society, towards the injustice and the dilemma and self-doubt. I have tried to put a finger on where the pain is; be it within or the world outside. The word "Faheemiyat" loosely means the feeling of knowing it all. However, that's not the reality. It can never be. We all seek knowledge and that's how we live, every day. The moment it stops, life ends."
