Monthly Bulletin

The first monograph to explore the imagined link between male
athletic prowess and national strength in interwar France. It
ultimately sheds light on the roots of Vichy's project for masculine
regeneration after the military defeat of 1940.

Catalog of Copyright Entries

The four volumes of the Encyclopaedia of International Aviation
Law are intended for students, lawyers, judges, scholars and
readers of all backgrounds with an interest in Aviation Law; and to
provide the definitive corpus of relevant national and regional
legislation, including global aviation treaties and legislation to
enable all readers without exception, to develop the background,
knowledge and tools to understand local, regional and
international Aviation Law in contextual fashion.
