The instant classic that changed the way we saw World War II and an entire generation of Americans, from the beloved journalist whose own iconic career has lasted more than fifty years. In this magnificent testament to a nation and her people, Tom Brokaw brings to life the extraordinary stories of a generation that gave new meaning to courage,

sacrifice, and honor. From military heroes to community leaders to ordinary citizens, he profiles men and women who served their country with valor, then came home and transformed it: Senator Daniel Inouye, decorated at the front, fighting prejudice at home; Martha Settle Putney, one of the first black women to serve in the newly formed WACs; Charles Van Gorder, a doctor who set up a MASH-like medical facility in the middle of battle, then opened a small clinic

in his hometown; Navy pilot and future president George H. W. Bush, assigned to read the mail of the enlisted men under him, who says that in doing so he “learned about life”; and many other laudable Americans. To this generation that gave so much and asked so little, Brokaw offers eloquent tribute in true stories of everyday heroes in extraordinary times. Praise for *The Greatest Generation* “Moving . . . a tribute to the members of the World War II generation to whom we

Americans and the world owe so much.”—The New York Times Book Review “Full of wonderful, wrenching tales of a generation of heroes. Tom Brokaw reminds us what we are capable of as a people. An inspiring read for those who wish their spirits lifted.”—Colin L. Powell “Offers welcome inspiration . . . It is impossible to read even a few of these accounts and not be touched by the book’s overarching message: We who followed this generation have lived in the midst of

greatness.”—The Washington Times “Entirely compelling.”—The Wall Street Journal Sterne & Planeten Simon and Schuster The quintessential biography of Eve Babitz (1943-2021), the brilliant chronicler of 1960s and 70s Hollywood hedonism and one of the most original American voices of her time. “I practically snorted this book, stayed up all night with it. Anolik decodes, ruptures, and ultimately intensifies Eve’s singular irresistible

glitz.” —Jia Tolentino, *The New Yorker* “The Eve Babitz book I’ve been waiting for. What emerges isn’t just a portrait of a writer, but also of Los Angeles: sprawling, melancholic, and glamorous.” —Stephanie Danler, author of *Sweetbitter* Los Angeles in the 1960s and 70s was the pop culture capital of the world—a movie factory, a music factory, a dream factory. Eve Babitz was the ultimate factory girl, a pure product of LA. The goddaughter of Igor Stravinsky and a graduate

of Hollywood High, Babitz, age twenty, posed for a photograph with French artist Marcel Duchamp in 1963. They were seated at a chess board, deep in a game. She was naked; he was not. The picture, cheesecake with a Dadaist twist, made her an instant icon of art and sex. She spent the rest of the decade on the Sunset Strip, rocking and rolling, and honing her notoriety. There were the album covers she designed: for Buffalo Springfield and the Byrds, to name but a few. There were the men

she seduced: Jim Morrison, Ed Ruscha, Harrison Ford, to name but a very few. Then, at nearly thirty, her It girl days numbered, Babitz was discovered—as a writer—by Joan Didion. She would go on to produce seven books, usually billed as novels or short story collections, always autobiographies and confessionals. Her prose achieved that American ideal: art that stayed loose, maintained its cool; art so sheerly enjoyable as to be mistaken for simple

entertainment. Yet somehow the world wasn't paying attention. Babitz languished. It was almost twenty years after her last book was published, and only a few years before her death in 2021 that Babitz became a literary star, recognized as not just an essential L.A. writer, but the essential. This late-blooming vogue bloomed, in large part, because of a magazine profile by Lili Anolik, who, in 2010, began obsessively pursuing Babitz, a recluse since burning herself up in

a fire in the 90s. Anolik's elegant and provocative book is equal parts biography and detective story. It is also on dangerously intimate terms with its subject: artist, writer, muse, and one-woman zeitgeist, Eve Babitz. "A dazzling, gossip-filled biography of the wayward genius who knew everyone in Seventies LA." —The Telegraph (UK) [The Illio](#) Macmillan Higher Education "Terse and intense and new...I loved it." --Tommy Orange, author of There

There "Fuccboi is its generation's coming of age novel...Utterly of its moment, of this moment."--Jay McInerney, Wall Street Journal A fearless and savagely funny examination of masculinity under late capitalism from an electrifying new voice. Set in Philly one year into Trump's presidency, Sean Thor Conroe's audacious, freewheeling debut follows our eponymous fuccboi, Sean, as he attempts to live meaningfully in a world that doesn't seem to need

him. Reconciling past, failed selves--cross-country walker, SoundCloud rapper, weed farmer--he now finds himself back in his college city, trying to write, doing stimulant-fueled bike deliveries to eat. Unable to accept that his ex has dropped him, yet still engaged in all the same fuckery--being coy and spineless, dodging decisions, maintaining a rotation of baes--that led to her leaving in the first place. But now Sean has begun to wonder, how sustainable is this mode?

How much fuckery is too much fuckery? Written in a riotous, utterly original idiom, and slyly undercutting both the hypocrisy of our era and that of Sean himself, Fuccboi is an unvarnished, playful, and searching examination of what it means to be a man. "Got under my skin in the way the best writing can." -- Sheila Heti "Sean Conroe isn't one of the writers there's a hundred of. He writes what's his own, his own way." --Nico Walker, author of *Cherry*

Pynchon's Sound of Music is dedicated to cataloging, exploring, and interpreting the manifold manifestations of music in Thomas Pynchon's work. An original mix of close and distant readings, this monograph employs a variety of disciplines-- from literary studies and musicology to philosophy, media theory, and history--to explain Pynchon through music and music through Pynchon. Encyclopedic and eclectic in its approach, Pynchon's

Sound of Music discusses the author's use of instruments such as the kazoo, harmonica, and saxophone and embarks on close readings of the most salient and musically tantalizing passages. Zooming out to a bird's eye view, Christian Hänggi puts Pynchon's historical musical references and allusions into perspective to trace the trends and tendencies in the development of the author's interest in music. A treasure trove for fans and an invaluable source

for future scholarship, this book includes the Pynchon Playlist, a catalog of over 900 musical references in Pynchon's oeuvre, and an exhaustive index of more than 700 appearances of musical instruments.

Duke University Press  
By the New York Times bestselling author of The Bone Clocks and Cloud Atlas | Longlisted for the Man Booker Prize Selected by Time as One of the Ten

Best Books of the Year | A New York Times Notable Book | Named One of the Best Books of the Year by The Washington Post Book World, The Christian Science Monitor, Rocky Mountain News, and Kirkus Reviews | A Los Angeles Times Book Prize Finalist | Winner of the ALA Alex Award | Finalist for the Costa Novel Award From award-winning writer David Mitchell comes a sinewy, meditative novel of boyhood on the cusp of adulthood and the old on the cusp of the new. Black

Swan Green tracks a single year in what is, for thirteen-year-old Jason Taylor, the sleepest village in muddiest Worcestershire in a dying Cold War England, 1982. But the thirteen chapters, each a short story in its own right, create an exquisitely observed world that is anything but sleepy. A world of Kissingeresque realpolitik enacted in boys' games on a frozen lake; of "nightcreeping" through the summer backyards of strangers; of the tabloid-fueled thrills of the

Falklands War and its human toll; of the cruel, luscious Dawn Madden and her power-hungry boyfriend, Ross Wilcox; of a certain Madame Eva van Outryve de Crommelynck, an elderly bohemian emigré who is both more and less than she appears; of Jason's search to replace his dead grandfather's irreplaceable smashed watch before the crime is discovered; of first cigarettes, first kisses, first Duran Duran LPs, and first deaths; of Margaret Thatcher's recession; of

Gypsies camping in the woods and the hysteria they inspire; and, even closer to home, of a slow-motion divorce in four seasons. Pointed, funny, profound, left-field, elegiac, and painted with the stuff of life, *Black Swan Green* is David Mitchell's subtlest and most effective achievement to date. Praise for *Black Swan Green* "[David Mitchell has created] one of the most endearing, smart, and funny young narrators ever to rise up from the pages of a novel.

. . . The always fresh and brilliant writing will carry readers back to their own childhoods. . . . This enchanting novel makes us remember exactly what it was like."—The Boston Globe "[David Mitchell is a] prodigiously daring and imaginative young writer. . . . As in the works of Thomas Pynchon and Herman Melville, one feels the roof of the narrative lifted off and oneself in thrall."—Time [Black Swan Green](#) Back Bay Books  
A long time ago a mouse learned to fly . . . and

crossed the Atlantic. But what happened next? Torben Kuhlmann's stunning new book transports readers to the moon and beyond! On the heels of Lindbergh: *The Tale of a Flying Mouse* comes Armstrong: *The Adventurous Journey of a Mouse to the Moon*—where dreams are determined only by the size of your imagination and the biggest innovators are the smallest of all. The book ends with a brief non-fiction history of human space travel—from

Galileo's observations concerning the nature of the universe to man's first steps on the moon.

Are humans unique? This simple question, at the very heart of the hybrid field of biological anthropology, poses one of the false dichotomies—with a stereotypical humanist answering in the affirmative and a stereotypical scientist answering in the negative. The study of human biology is different from the study of the biology of other species. In the simplest terms, people's lives and welfare may depend upon it, in a sense that they may not depend

on the study of other scientific subjects. Where science is used to validate ideas—four out of five scientists preferring a brand of cigarettes or toothpaste—there is a tendency to accept the judgment as authoritative without asking the kinds of questions we might ask of other citizens' pronouncements.

In the early years of the Cold War, Western nations increasingly adopted strategies of public diplomacy involving popular music. While the

diplomatic use of popular music was initially limited to such genres as jazz, the second half of the 20th century saw a growing presence of various popular genres in diplomatic contexts, including rock, pop, bluegrass, flamenco, funk, disco, and hip-hop, among others. This volume illuminates the interrelation of popular music and public diplomacy from a transnational and transdisciplinary angle. The contributions argue that, as popular music has

been a crucial factor in international relations, its diplomatic use has substantially impacted the global musical landscape of the 20th and 21st centuries.

It was around a sagebrush campfire in eastern Oregon that Kesey first heard the tale from his father - about the legendary "last go round" that took place at the original Pendleton Round Up in 1911. Hundreds of riders were competing for

the first World Championship Broncbusting title, but it was one special trio of buckeroos that provided the drama: a popular black cowboy, George Fletcher; a Nez Perce Indian cowboy, Jackson Sundown; and a fresh-faced kid from Tennessee name of Johnathan E. Lee Spain. Who would walk away with the prize money and the silver-studded saddle? When the dust cleared, everyone knew they'd witnessed something extraordinary. Kelsey has journeyed back

into Oregon history to reclaim this long-remembered moment, beefed up the bare bones of fact, and whipped them into a full-blown rip-snorting Tale of the True West. Sixteen pages of rare Round Up photographs provide graphic testimony of the time. The tiny town of Pendleton is swollen to bursting that memorable weekend and bristling with colorful characters like Buffalo Bill Cody, wrestler Frank "The Cruel Crusher" Gotch, cowgirl Prairie Rose Henderson,

and a formidable medicine man named Parson Montanic. From the teepees along the river to the teeming saloons on Main Street, Round Up fever blazes like a prairie fire. This story of love, sweat, and horseflesh is a unique Western, wild and wooly and full of fleas. Let 'er buck!
