Œuvres complètes de Victor Hugo: Les chansons des rues et des bois Librairie Droz  
 "Graham Robb tells the complicated story of this colossal life with authority and sympathy. . . . Unquestionably, a magnificent biography".--"Washington Square Press". of photos.  
Les chansons des rues et des bois Presses Univ. Franche-Comté  
 Figure de proue du romantisme, phare de la République et de l'opposition au second Empire, le poète, dramaturge et romancier Victor Hugo (1802-1885) a composé, en contrepoint à ses œuvres graves et comme pour dérouter ses détracteurs, un recueil de soixante-dix-huit poèmes au lyrisme tour à tour amusant et sérieux. Publiées à Bruxelles et à Paris en 1866, Les Chansons des rues et des bois marient à la fantaisie spontanée de l'amour et de la jeunesse une sagesse qui se veut épicurienne et républicaine. À PROPOS D'ENCYCLOPAEDIA UNIVERSALIS Reconnue mondialement pour la qualité et la fiabilité incomparable de ses publications, Encyclopaedia Universalis met la connaissance à la portée de tous. Écrite par 8 000 auteurs spécialistes et riche de plus de 31 000 médias (vidéos, photos, cartes, dessins...), l'Encyclopaedia Universalis est la plus fiable collection de référence disponible en français. Elle aborde tous les domaines du savoir.

Although best known as the author of Notre Dame de Paris and Les Misérables, Victor Hugo was primarily a poet—one of the most important and prolific in French history. Despite his renown, however, there are few comprehensive collections of his verse available and even fewer translated editions. Translators E. H. and A. M. Blackmore have collected Victor Hugo's essential verse into a single, bilingual volume that showcases all the facets of Hugo's oeuvre, including intimate love poems, satires against the political establishment, serene meditations, religious verse, and narrative poems illustrating his mastery of the art of storytelling and his abiding concern for the social issues of his time. More than half of this volume's eight thousand lines of verse appear

here for the first time in English, providing readers with a new perspective on each of the fascinating periods of Hugo's career and aspects of his style. Introductions to each section guide the reader through the stages of Hugo's writing, while notes on individual poems provide information not found in even the most detailed French-language editions. Illustrated with Hugo's own paintings and drawings, this lucid translation—available on the eve of Hugo's bicentenary—pays homage to this towering figure of nineteenth-century literature by capturing the energy of his poetry, the drama and satirical force of his language, and the visionary beauty of his writing as a whole.

A new wave of scholarship inspired by the ways the writers and musicians of the long nineteenth century themselves approached the relationship between music and words.

*Les chansons des rues et des bois* ... Librairie internationale ; Bruxelles : A. Lacroix, Verboeckhoven

Compiled from reports published in 1881 when France held special celebrations to honor Victor Hugo on his 80th birthday. The 27th of December, 1880, was a fête day at Besançon. The houses in the picturesque old town, which dates further back than the Roman conquest, were hung with flags, and the echoes of music came back from the surrounding hills. On the banks of the river, in the streets, and in the squares, a well-dressed crowd was awaiting a ceremonial of honor. One name was upon every lip -- that name was Victor Hugo. The object in the following pages, which are dedicated to Victor Hugo and his century (for the century must ever be associated with his name), to testify our admiration for a man whose every action commands our respect; for the writer who has infused new life into the antiquated diction of our language; for the poet whose verses purify while they fascinate the soul; for the dramatist whose plays exhibit his sympathy with the unrenowned classes; for the historian who has branded with ignominy the tyranny of oppressors; for the satirist who has avenged the outrages of conscience; for the orator who had defended every noble and righteous cause; for the exile who has stood up undaunted to vindicate justice; and finally for the master-mind whose genius has shed a halo of glory over France. Victor Hugo (1802-85) was a French poet, novelist, and playwright, whose voluminous works provided the single greatest impetus to the Romantic Movement. Hugo was France's favorite

son, but more than that, for years he had been her champion, her conscience and her spirit. The most abiding picture of Hugo is that of the exile: the "Guernsey Tribunal" dispensing judgement and truth across Europe, his patriarchal image enhanced by the beard he grew to protect his weak throat. It is true that he had the vices of his virtues: he was proud, egocentric, sometimes mean, and often unfaithful. But he was a great man, recognized as such and loved as such by his countrymen.
