SUSAN DELGADO

Year 6 Mental Maths Tests Folens Limited

Provide quick, standardised maths assessment for both group and individual testing, across a wide age and ability range. - Comprise two overlapping tests (Test 1 for ages 7-12, and Test 2 for ages 11-16+), each with two parallel forms to allow for retesting and progress monitoring - Provide National Curriculum level-equivalents, as well as standardised scores and Maths ages - Show relative strengths and weakness in the separate strands - You can use the optional Scorer/Profiler to analyse group performance and track individual progress using all four test forms - This Manual contains full instructions for using all four of the printed test forms

Linking Thinking Folens Limited

Excel Test Skills - Selective Schools and Scholarship Mathematics Tests Year 5-6 is a comprehensive study guide for the selective school and scholarship tests (usually undertaken in Year 6). The book contains hundreds of multiple choice questions based on the three major strands of maths - numeration, measurement and space - so students can prepare for exams with a minimum of stress and maximum results. This book is intended to give you the opportunity of doing a variety of questions based on the three major strands of Mathematics (Numeration, Measurement and Space). The more familiar you are with the material the more confident you will feel - and the better you will do in your tests. In this book your child will find: an introductory section on how best to approach selective school and scholarship test examinations hundreds of practice multiple choice questions answers to every question explanations that outline the thinking skills required for each question nine complete practice tests

11+ Maths Year 5-7 Testbook 2 Andrew Brodie Publications

Provide quick, standardised maths assessment for both group and individual testing, across a wide age and ability range. - Offer on-screen standardised assessment as well as instant, automated marking and reporting - Profile pupil performance across strands - Allow you to track individual progress using all four test forms

Folens Maths Programme Folens Limited

This series is designed to help teachers prepare for the National Tests at the end of each year and leading up to the final test at the end of KS2. Each book contains ten photocopiable mental maths tests, reflecting the look and feel of the real tests. Accompanying the books is an audio CD which contains all ten tests timed to the exact specifications of the actual test with set times for pupils to answer the questions. All that the teacher needs to do is turn on the CD player! Answers to all the tests are provided too.

Maths Challenge 5 Folens Limited

Following on from the hugely successful **Mental Maths Tests**, this new series provides more tests to help teachers prepare for the National Tests at the end of each year and the final test at the end of KS2. Each book contains ten printable mental maths tests, reflecting the look and feel of the real tests. Accompanying the books is a CD-ROM which contains all ten tests timed to the exact specifications of the actual test with set times for pupils to answer the questions. Answers to all the tests are provided too.

Living Maths Andrew Brodie Publications

Bond is the number 1 provider of 11+ practice, helping millions of children pass selective entrance exams. Bond Maths Assessment Papers for 9-10 years Book 2 are topic-based practice questions for the 11+ exam. They have been written to cover the core 11+ question types your child will experience in their actual exam, building the skills and confidence for exam success. Bond Maths Assessment Papers for 9-10 years Book 1 (ISBN: 9780192740144) is also available.

Year 8 - Lower Student Book - Folens Maths Programme Folens Limited

Designed for use across the ability range with children aged 6:4 to 8:3, and with less able pupils up to age 11:10, this book focuses particularly on the basic arithmetical processes. It contains a test of 25-30 minutes duration.

One a Week Maths Tests Hodder Education

This book consists of 200 difficult puzzles of a variety of different types focussing on maths and numerical reasoning. Questions include mathematical grid puzzles such as killer Sudoku and numerical crosswords, as well as maths-based logic and pattern puzzles. Puzzle artworks and full-colour illustrations are included throughout.

Folens One a Week Maths Andrew Brodie Publications

Hone your child's or class' mental maths with this range of tests designed by a practising Primary Maths Coordinator. The 30 tests contained within this book are grouped into 10 blocks, each containing 3 similar tests. This allows for improved consolidation and improvement when compared with other test books that quickly jump from one mathematical concept to the next. Suitable for use in the classroom or at home. Answers included. This is the UK version of the book which uses English spellings and £s and pence in the questions.

One a Week Maths Tests Oxford University Press, USA

This series is designed to help teachers prepare for the National Tests at the end of each year and leading up to the final test at the end of KS2. Each book contains ten photocopiable mental maths tests, reflecting the look and feel of the real tests. Accompanying the books is an audio CD which contains all ten tests timed to the exact specifications of the actual test with set times for pupils to answer the questions. All that the teacher needs to do is turn on the CD player! Answers to all the tests are provided too.

Maths Topic Tests Year 7 Gateway Books

This series is designed to help teachers prepare for the National Tests at the end of each year and leading up to the final test at the end of KS2.
