Homo Deus Harmony
 What happens to the spirit after the body dies? In *Life After Death*, Deepak Chopra draws on cutting-edge scientific discoveries and the great wisdom traditions to provide a map of the afterlife. He tells us there is abundant evidence that "the world beyond" is not separated from this world by an impassable wall; in fact, a single reality embraces all worlds, all times and places. "A must-read for everyone who will die." —Candace B. Pert, Ph.D., author of *Molecules of Emotion* "A penetrating and insightful investigation into the greatest mystery of existence. This is an important book because only by facing death will we come to a deeper realization of who we are." —Eckhart Tolle, author of *A New Earth* and *The Power of Now* "If I had any doubts about the afterlife, I don't have them anymore. Deepak Chopra has cast his inimitable light on the darkened corners of death. I think this is his greatest contribution yet." —Marianne Williamson, author of *The Age of Miracles* and *The Gift of Change*

He's loved her. Killed for her. Yet he may not be able to save her. Eighteen-year-old Archer couldn't protect his best friend, Vivian, from what happened when they were kids. Since then, he's never stopped trying to shelter her from everything else. It doesn't matter that Vivian only uses him when skipping from one toxic relationship to another. Archer is always there, reeled in and tossed out, waiting to be noticed. Then Evan Bishop breezes into town with a warm smile and calming touch, and Archer can't deny his attraction to him. Evan is the only person who keeps him around without a single string attached. And the harder Archer falls for Evan, the more he sees Vivian for the manipulative hot-mess she really is. But Viv has her hooks in deep, and once she finds out Archer's dark secret, she threatens to expose the truth if she doesn't get what she wants. And what she wants is for him to end his relationship with Evan...permanently.

Silver Clouds Dirty Sky- a Montague and Strong Detective Novel anboco

You can never outrun your past. Gideon Shepherd, an asset for

the shadow organization HALO, is haunted by the ghosts of his past. When his once friend, Victor Gregory—leader of the terrorist group, Black Wolf resurfaces and threatens New York City, Gideon knows what must be done. Now, with countless lives at stake, Gideon and his team must prevent a catastrophic attack with a next generation weapon. A weapon he helped perfect. A weapon Victor is preparing to use. Facing betrayal, a ruthless enemy, and organizations looking to wipe the slate clean, Gideon and his team will risk it all—to save a city from destruction.

Firstborn Knopf Books for Young Readers

M. R. James was a prolific and hugely successful author, now credited with having redefined the ghost story for the 20th century by abandoning many of the formal Gothic clichés of his predecessors and using more realistic contemporary settings. Originally published in 1904, 'Oh, Whistle, and I'll Come to you, My Lad' ranks amongst his best and most underrated tales. Many of the earliest ghost stories and tales of hauntings, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Adventures of Sherlock Holmes Simon and Schuster
Mages. Magistrates, Murder. Montague and Strong have left the building—in fact, they've left the continent. When a teleportation circle sends them to London, The Penumbra Consortium—and older darker version of the Dark Council requests Montague & Strong look into the murder of the leading demonologist Mage Nigel Warrenton. There are a few complications—Tristan is being hunted by Golden Circle magistrates, Michiko must return to take her seat on the Council, before her brother is challenged, and demons are roaming the streets of London. Now, with the help of Thomas Rafael—a mage who doesn't believe in magic, they must avoid the magistrates, return Michiko to the Dark Council, and stop London from becoming a demon breeding ground. Join Montague & Strong in a thrilling adventure as they face off against demons and dark powers who want to destroy humanity and civilization as we know it!

Since Plato, philosophers have described the decision-making

process as either rational or emotional: we carefully deliberate or we 'blink' and go with our gut. But as scientists break open the mind's black box with the latest tools of neuroscience, they're discovering this is not how the mind works. Our best decisions are a finely tuned blend of both feeling and reason - and the precise mix depends on the situation. When buying a house, for example, it's best to let our unconscious mull over the many variables. But when we're picking stocks and shares, intuition often leads us astray. The trick is to determine when to lean on which part of the brain, and to do this, we need to think harder (and smarter) about how we think.

They Kill Bitten Peaches Publishing

Emily Starr never knew what it was to be lonely - until her beloved father died. Now Emily's an orphan, and her mother's snobbish relatives are taking her to live with them at New Moon Farm. She's sure she won't be happy. Emily deals with stiff, stern Aunt Elizabeth and her malicious classmates by holding her head high and using her quick wit. Things begin to change when she makes friends: with Teddy, who does marvelous drawings; with Perry, who's sailed all over the world with his father yet has never been to school; and above all, with Ilse, a tomboy with a blazing temper. Amazingly, Emily finds New Moon beautiful and fascinating. With new friends and adventures, Emily might someday think of herself as Emily of New Moon.

Prayers to guide your journey of raising kids in a complicated world. In an age of distraction and overwhelm, finding the words to meaningfully pray for our children--and for our journey as parents--can feel impossible. Written with warmth and welcome, *To Light Their Way* gives voice to your prayers when words won't come. Filled with more than 100 modern liturgies, this book guides you into an intentional conversation with God for your children and the world they live in. From everyday struggles like helping your child find friends or thrive in school to larger issues like praying for a brighter world rooted in peace and truth, these pleas and petitions act as a gentle guide, reminding us that while our words may fail, God never does. At the core of *To Light Their Way* is the deepest of prayers: that our children will experience the love of God so deeply that their lives will be an outpouring of love that lights up the world.

Examines the cultural significance of the werewolf film Provides the first academic monograph dedicated to developing a cultural understanding of the werewolf film Reconsiders the psychoanalytic paradigms that have dominated scholarly discussion of werewolves in pop culture Includes over 40 individual case studies to illustrate how werewolf films can be understood as products of their cultural moment Identifies the cinematic werewolf's most common metaphorical dimensions Horror monsters such as the vampire, the zombie and Frankenstein's creature have long been the subjects of in-depth cultural studies, but the cinematic werewolf has often been considered little more than the 'beast within': a psychoanalytic analogue for the bestial side of man. This book, the first scholarly study of the werewolf in cinema, redresses the balance by exploring over 100 years of werewolf films, from *The Werewolf* (1913) to *Wildling* (2018) via *The Wolf Man* (1941), *The Curse of the Werewolf* (1961), *The Howling* (1981) and *WolfCop* (2014). Revealing the significance of she-wolves and wolf-men as evolving metaphors for the cultural fears and anxieties of their times, *Phases of the Moon* serves as a companion and a counterpoint to existing scholarship on the werewolf in popular culture, and illustrates how we can begin to understand one of our oldest mythical monsters as a rich and diverse cultural

metaphor.

For over one hundred years, Central Park has been a maximum security prison. Home to creatures of unimaginable power, they are kept imprisoned by the wards that surround the park. Now those wards are failing and people are dying. Creatures, called the Unholy, are escaping into the night. Only the Hunters, an elite force of warriors can stop them. Sepia Blue is a new hunter, with little experience. Together with her gunman and partner, Cade, they must stop the wards from failing completely. Can a hunter with a dark past and a darker sword stop the Unholy before they destroy all of humanity?

St. Lucy's Home for Girls Raised by Wolves Vintage

This innovative study re-examines the dynamics of race relations in the post-Civil War South from an altogether fresh perspective: field sports. In the late nineteenth and early twentieth centuries, wealthy white men from Southern cities and the industrial North traveled to the hunting and fishing lodges of the old Confederacy—escaping from the office to socialize among like-minded peers. These sportsmen depended on local black guides who knew the land and fishing holes and could ensure a successful outing. For whites, the ability to hunt and fish freely and employ black laborers became a conspicuous display of their wealth and social standing. But hunting and fishing had been a way of life for all Southerners—blacks included—since colonial times. After the war, African Americans used their mastery of these sports to enter into market activities normally denied people of color, thereby becoming more economically independent from their white employers. Whites came to view black participation in hunting and fishing as a serious threat to the South's labor system. Scott E. Giltner shows how African-American freedom developed in this racially tense environment—how blacks' sense of competence and authority flourished in a Jim Crow setting. Giltner's thorough research using slave narratives, sportsmen's recollections, records of fish and game clubs, and sporting periodicals offers a unique perspective on the African-American struggle for independence from the end of the Civil War to the 1920s.

Reaping Wind DigiCat

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when

bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.
