Jaque al psicoanalista  
Farrar, Straus and Giroux  
The human psyche,  
normally a fortress of  
strength, is most  
vulnerable when love  
dies. The emotionally  
chilling novellas in *The  
End of Madness* provide  
glimpses into the minds of  
people for whom love

stopped existing. *The End  
of Madness*, the signature  
story, deals with despair  
born of David Reeds  
obsessive behavior. The  
story follows the decline  
of a famous novelist who  
blurs the line between  
loving, trusting and dying.  
When his love affair spins  
out of control, soaring to a  
point of no return, the  
writer plunges an alluring  
mistress and a loving wife  
into their own brand of  
hell. An unexpected twist

provides a gripping  
conclusion to this  
transatlantic journey into  
madness. *THE VISITOR* In  
*The Visitor*, a beautiful  
widow tries desperately to  
retain her sanity after an  
encounter with a strange  
child. Brenda Carters  
improbable relationship,  
which slowly intensifies  
with young Karla Adams,  
exploits every aspect of  
her existence. Fear, hope,  
sadness and incredible  
discovery highlight four

decades in the life of a popular and resolute woman. Unfortunately, her quest for love also falls victim to the indomitable search for truth. Brenda is the perfect protagonist, as Cape Cod is the perfect setting, for this haunting tale that confronts the differences between reality and madness. THE LOCKET A fanaticism born of tragedy leads a popular minister on a bizarre crusade. A respected clergymans mind discovers the darkest corner of despair after his

loving wife is tragically killed. Leroy Madisons ability to traverse opposing social structures enables him to perform an inner voices unthinkable mandate. An intellectual debate, raging within a wounded heart, defines this psychological thriller. Forces of good and evil struggle to control a tormented mind, trapped in the cruelest of all placesmadness.

The Critical Few Ballantine Books

This book is correctly regarded as one of Trotsky's finest classics. It

is a product of a sharp polemic within the American Trotskyist movement during the period 1939-40. This was a dispute which touched on the very fundamentals of Marxism. It was for this reason that Trotsky himself participated in this struggle in the form of a series of articles and letters that are brought together in this volume. The issues covered concern the essence of Marxist theory and deal with such questions as: \* The class nature of the Soviet state. \* The

defence of the Soviet Union against imperialist attack. \* Bolshevik principles of organisation. \* Dialectical Materialism. This book is Trotsky at his best: profound, concise and theoretically razor sharp.

*Red 1-2-3* Scribner

The first part deals with philosophies that have had a significant input, positive or negative, on the search for truth; it suggests that scientific and technological are either stimulated or smothered by a philosophical matrix; and

it outlines two ontological doctrines believed to have nurtured research in modern times: systemism (not to be mistaken for holism) and materialism (as an extension of physicalism). The second part discusses a few practical problems that are being actively discussed in the literature, from climatology and information science to economics and legal philosophy. This discussion is informed by the general principles analyzed in the first part

of the book. Some of the conclusions are that standard economic theory is just as inadequate as Marxism; that law and order are weak without justice; and that the central equation of normative climatology is a tautology—which of course does not put climate change in doubt. The third and final part of the book tackles a set of key concepts, such as those of indicator, energy, and existence, that have been either taken for granted or neglected. For instance, it is argued that

there is at least one existence predicate, and that it is unrelated to the so-called existential quantifier; that high level hypotheses cannot be put to the test unless conjoined with indicator hypotheses; and that induction cannot produce high level hypotheses because empirical data do not contain any transempirical concepts. Realism, materialism, and systemism are thus refined and vindicated.

**Cromos** Taylor & Francis  
Her increasing recognition since then culminated

with the selection of her work to represent the United States at the 1993 Venice Biennale.

*Day of Reckoning*  
Ballantine Books  
Judith Ortiz Cofer's Pura Belpré award-winning collection of short stories about life in the barrio! Rita is exiled to Puerto Rico for a summer with her grandparents after her parents catch her with a boy. Luis sits atop a six-foot mountain of hubcaps in his father's junkyard, working off a sentence for breaking and entering. Sandra tries to reconcile

her looks to the conventional Latino notion of beauty. And Arturo, different from his macho classmates, fantasizes about escaping his community. They are the teenagers of the barrio -- and this is their world.

**The Madman's Tale**  
Bloomsbury Publishing  
A reporter is the only hope for an innocent man on death row for murder—while the real killer roams free—in this “riveting, provocative” thriller (Publishers Weekly). When burnt-out Miami reporter Matt

Cowart receives a letter from a death row inmate pleading his innocence, he is tempted to dismiss it. But as the newspaperman digs into the case of Robert Earl Ferguson, an African American given the death penalty for the brutal slaying of a white girl, he begins to believe that Ferguson is the real victim of hate and prejudice. And if he doesn't act, the wrong man is going to be executed. In the months that follow, Cowart's investigative articles not only set Ferguson free,

but make Cowart a celebrity and win him a Pulitzer Prize—and set in motion a new chain of unimaginable horror. For there is monster out there, and he is not through with killing. . . . Includes a preface by the author “Tense, exciting, and very, very real.” —The Detroit News “A classic cat-and-mouse story.” —Orlando Sentinel “Katzenbach is a skilled storyteller. . . . With admirable subtlety . . . [he] manages to address the disturbing issues of race and crime. . . .

Powerful.” —Chicago Tribune “The criminal mind, racial bias, journalistic ego and the flawed fabric of the American criminal justice system are potent raw materials for psychological suspense master Katzenbach.” —Publishers Weekly “Terrific . . . His best book by far.” —Lawrence Block The Spanish Civil War Open Road + Grove/Atlantic A nice New England family has a dark secret in this “superb exercise in suspense” from the New

York Times–bestselling author (The New York Times Book Review). Megan and Duncan Richards are no longer the radical activists they were in 1968. He’s a banker, and she works in real estate. They have a fine house, impeccable reputations, and three beautiful kids. Their past is safely stashed away until the day Duncan gets a call from the woman he’s spent decades trying to forget. Once, he knew her as Tanya, the charismatic leader of Northern California’s

militant Phoenix Brigade. She had orchestrated their last robbery—a catastrophe that ended in bloodshed and murder. While Megan and Duncan escaped to their new lives, Tanya wasn’t so lucky. She’s spent eighteen years in prison . . . eighteen years planning the perfect revenge on her deserters. Now she’s free, and there isn’t a soul Megan and Duncan can turn to for help. What happens when a family is pushed to the brink? The answer “is the stuff of which parents’

nightmares—and well-crafted novels—are made” (The Atlanta Journal-Constitution). “Day of Reckoning is dynamite.” —Chicago Tribune “Gripping.” —The Washington Post  
**The Wrong Man**  
 Scholastic Inc.  
 In every psychic experience, even in the production of a work of art, there exists a nucleus that is impossible to transform. It resists any and every action against itself. We are used to dealing with these irreducible and radical

othernesses by adapting them to our own way of knowing and our experience. In reality, they make up the ugly material of our living and, hence, of our humanity. We can, however, transform them in some way, without altering their substance, but rather organizing them in different configurations, which generate new forms. Psychoanalysis can aid in this difficult and risky process, providing resilient equipment, much like a sophisticated spacesuit, allowing one to

travel the cosmic spaces of psychic life and of human reality without bursting into flames. In the actual world we meet with disorganized and fragmentary conflict, to which psychoanalysis attempts to answer adopting an open, non-defensive procedure, aiming to widen the field of experience rather than reducing it. For this reason, the interweaving of various forms of knowledge is necessary in order to link the diverse aspects and levels of psychic and external

reality. The author examines this theme through the psychoanalytic approach, as well as through philosophy, science and art, and using stories based on personal life and clinical experiences. *Hegel Or Spinoza* Grove/Atlantic, Inc. Scott Freeman is a man of reason—a college professor grounded in the rational and practical. But he becomes uneasy after finding an anonymous love letter hidden in his daughter's room: "No one could ever love you like I

do. No one ever will. We will be together forever. One way or another.” But the reality of Ashley’s plight far exceeds Scott’s worst suspicions. One drink too many had led Ashley, a beautiful, bright art student, into what she thought was just a fling with a blue-collar bad boy. But now, no amount of pleading or reasoning can discourage his phone calls, ardent e-mails, and constant, watchful gaze. Michael O’Connell is but a malignant shadow of a man. His brash, handsome features

conceal a black and empty soul. Control is his religion. Cunning and criminal skill are his stock-in-trade. Rage is his language. The harder Ashley tries to break free, the deeper Michael burrows into every aspect of her life, so she turns in desperation to her divorced parents and her mother’s new partner—three people still locked in a coldly civilized triangle of resentment. But their fierce devotion to Ashley is the common bond that will draw them together to face down a

predator. For Ashley’s family, it is a test of primal love that will drive them to the extreme edge—and beyond—in a battle of wills that escalates into a life-or-death war to protect their own. From the bestselling master of suspense, John Katzenbach, *The Wrong Man* is an elegantly crafted and breathtakingly intense read that asks the question, “How far would you go to save the child you love?”

**IN THE HEAT OF THE SUMMER** Grove/Atlantic,

Inc. Claudio Roman was forced to retire from opera two years ago after a fateful random attack caused him to lose not only his sight but also his confidence as a performer. His prowess with women, however, was not impaired. So why would he hire a petite, mousy-looking woman as his new publicist, accompanying him night and day on his world travels? Laura accepts this new position at her agency the morning after her twenty-sixth birthday,

but not without hesitation. She considers herself a professional who would rather not get involved with such a lothario, but the offer is non-negotiable, and she takes up the post effective immediately. Could Laura's sincerity be just the ticket to restore hope to Claudio's cynical worldview and bring him back around to performing live with the opera. Foundation Systems for High-Rise Structures Routledge Three Latin American

writers quote, dissect and review this character in a cultural critique that combines analysis with humor and a relentless self-criticism.

### **The Traitor's Emblem**

Simon and Schuster Oblivion is a heartbreaking, exquisitely written memorial to the author's father, Héctor Abad Gómez, whose criticism of the Colombian regime led to his murder by paramilitaries in 1987. Twenty years in the writing, it paints an unforgettable picture of a man who followed his

conscience and paid for it with his life during one of the darkest periods in Latin America's recent history.

History of Italian Architecture, 1944-1985

MIT Press (MA)

It's been twenty years since Western State Hospital was closed down and the last of its inmates reintegrated into society. Francis Petrel was barely out of his teens when his family committed him to the asylum, after his erratic behavior culminated in a terrifying outburst. Now middle-

aged, he leads an aimless, solitary life housed in a cheap apartment, periodically tended to by his sisters, and perpetually medicated to quiet the chorus of voices in his head. But a reunion on the grounds of the shuttered institution stirs something deep in Francis's troubled mind: dark memories he thought he had laid to rest, about the grisly events that led to Western State Hospital's demise. It begins in 1979, when twenty-one-year-old Petrel descends into the

state-run purgatory of an overcrowded, understaffed Massachusetts mental hospital. Surrounded by inmates roaming the halls like drugged zombies and raving behind locked doors, well-meaning orderlies, jaded nurses, and patronizing doctors, Francis finds friendship with a motley assortment of fellow patients: a would-be Napoleon, a wise ex-firefighter, and a man obsessed with battling imagined devils. But there's nothing imaginary about the

young nurse found sexually assaulted and brutally murdered late one night after lights-out. The police suspect an inmate, while patients whisper about visions of a white-shrouded “angel.” But the striking and mysterious prosecuting attorney who arrives to investigate has her own chilling theory—about the grim, telltale “signature” left on the victim’s body, a string of unsolved sex killings, and a very real devil who, by chance or design, has come to turn a madhouse into a

slaughterhouse. Now, with the past creeping back to haunt his thoughts, and nothing but a pencil and the bare walls of his bleak apartment, Francis surrenders to the overwhelming need to tell the story of those nightmarish days. But because the crime was never solved, it’s a story doomed to remain unfinished. Until, like Francis’s long-buried recollections, the killer resurfaces . . . with a vengeance. A tour de force narrative journey through the eerily

unpredictable mind of an utterly unusual hero, *The Madman’s Tale* will keep even the most astute thriller reader uncertain, unnerved, and unable to resist the tantalizing twists and turns of this fiendishly suspenseful shadow show.

*The Analyst* U of Minnesota Press

The Spanish Civil War of 1936-39 was of enormous international as well as national significance. In this gripping volume, Frances Lannon explains how this internal conflict between democracy and

its enemies escalated to involve Nazi Germany, Fascist Italy, and the Soviet Union. We go behind the scenes to find out the true story of the bitter fighting within the sides, not just between them. The experiences of the men and women caught up in the fighting are highlighted. For them, and for a world on the brink of the Second World War, the stakes were agonisingly high.

[Five Stages of Greek Religion](#) Springer Science & Business Media  
In a global survey by the

Katzenbach Center, 80 percent of respondents believed that their organization must evolve to succeed. But a full quarter of them reported that a change effort at their organization had resulted in no visible results. Why? The fate of any change effort depends on whether and how leaders engage their culture: the self-sustaining patterns of behaving, feeling, thinking, and believing that determine how things are done in an organization. Culture is

implicit rather than explicit, emotional rather than rational—that's what makes it so hard to work with, but that's also what makes it so powerful. For the first time, this book lays out the Katzenbach Center's proven methodology for identifying your culture's three most critical elements: traits, characteristics that are at the heart of people's emotional connection to what they do; keystone behaviors, actions that would lead your company to succeed if they were

replicated at a greater scale; and authentic informal leaders, people who have a high degree of “emotional intuition” or social connectedness. By leveraging these critical few elements, you can tap into a source of catalytic change within your organization. People will make an emotional, not just a rational, commitment to new initiatives. You will elicit enthusiasm and creativity and build the kind of powerful company that people recognize for its innate value and

effectiveness.

#### In Defence of Marxism Mimesis

The book deals with the geotechnical analysis and design of foundation systems for high-rise buildings and other complex structures with a distinctive soil-structure interaction. The basics of the analysis of stability and serviceability, necessary soil investigations, important technical regulations and quality and safety assurance are explained and possibilities for optimised foundation

systems are given. Additionally, special aspects of foundation systems such as geothermal activated foundation systems and the reuse of existing foundations are described and illustrated by examples from engineering practice.

#### **Feminism and History**

Rowman & Littlefield

A psycho turns fairy-tale endings into nightmares in this “vivid cat-and-mice game” from the New York Times–bestselling author (William Bayer, Edgar Award–winning author).

Karen is a lonely middle-aged doctor with a house in the woods. Sarah is a grief-stricken suburban widow who has turned to booze and barbiturates. Jordan is a directionless high school student and a child of divorce. They are three women with nothing in common but their red hair—until a stranger who calls himself the Big Bad Wolf sends each one the same chilling letter. Just like vulnerable Little Red Riding Hood, they are going to be stalked and killed—but in three distinct ways, in three

different locations, all on the same fateful day. The one thing this devious madman didn't count on was the Reds discovering each other. When authorities refuse to help, Karen, Sarah, and Jordan band together. But as they discover their power in numbers, how far are they're willing to go to beat the Wolf at his own game. From the New York Times–bestselling author of *Day of Reckoning* comes a “twisted riff” on a Grimm tale (Publishers Weekly). “Must read for thriller fans.”—Booklist,

starred review “Few writers of crime fiction seem to understand the criminal mind as well as Katzenbach.” —People  
*The Shadow Man* Oxford University Press, USA  
 L'any 2002, John Katzenbach va sorprendre el món amb *El psicoanalista*, una novel·la d'una qualitat tan excepcional que aconseguí enlairar-lo com a mestre del suspens psicològic. Deu anys més tard es traduí per primera vegada al català, publicada amb un epíleg de l'autor. «Feliç

aniversari, doctor.  
 Benvingut al primer dia de la seva mort.» Així comença l'anònim que rep el psicoanalista Frederick Starks, i que l'obliga a emprar tota la seva astúcia i rapidesa per esbrinar, en quinze dies, qui és l'autor de la missiva amenaçadora que promet fer-li la vida impossible. Si no aconsegueix l'objectiu, haurà d'escollir entre suïcidar-se o veure com, un a un, els seus familiars i coneguts moren per obra d'un psicòpata decidit a portar el desig de

venjança fins al final.  
 Ressenya: «Pocs escriptors semblen entendre les ments criminals tan bé com Katzenbach.» People State of Mind Open Road + Grove/Atlantic  
 One man infiltrates the dark web to stop a sadistic game: A Booklist 101 Best Crime Novels of the Past Decade, from the New York Times—bestselling author. Adrian Thomas is a psychology professor whose career was spent delving into damaged minds. Diagnosed with a

fatal degenerative disease that is causing hallucinations and stripping him of his memories, Adrian wants to end his life—until he sees a girl snatched off the street and dragged screaming into the back of a van. Dismissed as an unreliable witness, Adrian must act alone. He knows what he saw, but he has no idea how dark it's going to get. Out of the basement of their Massachusetts farmhouse, a sadistic husband and wife run a website called What

Comes Next. A global audience of subscribers is tuning in to watch an ongoing nightmare inflicted in real time—and to cast their votes on the fate of the kidnappers' latest catch. For victim Number Four, time is running out. "An experience akin to riding the scariest roller coaster," *What Comes Next* is a bold and timely

thriller about what lurks within the depths of society's most depraved minds (New York Journal of Books). "Powerful . . . fiendish . . . This is an exceptional novel—and a most troubling one."  
—The Washington Post  
"Draw[s] you deeper and deeper into a chilling atmosphere of evil, darkness, and shadows."

—The Miami Herald "[A] re-imagining of *The Pit* and *the Pendulum* for the digital age." —Kirkus Reviews  
[Hart's War](#) Amazon  
Crossing  
Traces the development of Italian postwar architecture, and shows examples of apartment buildings, homes, office buildings, and government buildings
