Strong Female Lead Macmillan

"The Bestselling Hardcover Novel of the Year."--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great

Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. “My land tells its story if you listen. The story of our family.” Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman’s only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa’s tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one

indomitable woman whose courage and sacrifice will come to define a generation.

A hypnotizing coming-of-age novel set in 1950s Italy that stares into the heart of longing and at the friendships that have the power to save and destroy us. I was utterly captivated, from first page to last. --Anton DiSclafani, New York Times bestselling author of *The After Party*
Isabella is beautiful, inscrutable, and popular. Her best friend, Bridget, keeps quietly to the fringes of their Connecticut Catholic school, watching everything and everyone, but most especially Isabella. In 1957, when the girls graduate, they land coveted spots at the Accademia di Belle Arti di Pentila in northern Italy, a prestigious art history school on the grounds of a silent convent. There, free of her claustrophobic home and the town that will always see her and her Egyptian mother as outsiders, Bridget discovers she can reinvent herself as anyone she desires... perhaps even someone Isabella could desire in return. But as that glittering year goes on, Bridget begins to suspect Isabella is keeping a secret from her, one that will change the course of their lives forever.

The #1 international best seller *In Lean In*, Sheryl Sandberg reignited the conversation around women in the workplace. Sandberg is chief operating officer of Facebook and coauthor of *Option B* with Adam Grant. In 2010, she gave an electrifying TED talk in which she described how women unintentionally hold themselves back in their careers. Her talk, which has been viewed more than six million times, encouraged women to "sit at the table," seek challenges, take risks, and pursue their goals with gusto. *Lean In* continues that conversation, combining personal anecdotes, hard data, and compelling research to change the conversation

from what women can't do to what they can. Sandberg provides practical advice on negotiation techniques, mentorship, and building a satisfying career. She describes specific steps women can take to combine professional achievement with personal fulfillment, and demonstrates how men can benefit by supporting women both in the workplace and at home. Written with humor and wisdom, *Lean In* is a revelatory, inspiring call to action and a blueprint for individual growth that will empower women around the world to achieve their full potential.

The Female Man Penguin

Look around your office. Turn on the TV. Incompetent leadership is everywhere, and there's no denying that most of these leaders are men. In this timely and provocative book, Tomas Chamorro-Premuzic asks two powerful questions: Why is it so easy for incompetent men to become leaders? And why is it so hard for competent people--especially competent women--to advance? Marshaling decades of rigorous research, Chamorro-Premuzic points out that although men make up a majority of leaders, they underperform when compared with female leaders. In fact, most organizations equate leadership potential with a handful of destructive personality traits, like overconfidence and narcissism. In other words, these traits may help someone get selected for a leadership role, but they backfire once the person has the job. When competent women--and men who don't fit the stereotype--are unfairly overlooked, we all suffer the consequences. The result is a deeply flawed system that rewards arrogance rather than humility, and loudness rather than wisdom. There is a better way. With clarity and verve, Chamorro-Premuzic shows us what it really takes to lead and how new systems and processes can help us put the right people in charge.

 “Searing. Powerful. Needed.” —Oprah
 “Sometimes a single story can change the world. Unbound is one of those stories. Tarana’s words are a testimony to liberation and love.” —Brené Brown
 From the founder and activist behind one of the largest movements of the twentieth and twenty-first centuries, the “me too” movement, Tarana Burke debuts a powerful memoir about her own journey to saying those two simple yet infinitely powerful words—me too—and how she brought empathy back to an entire generation in one of the largest cultural events in American history. Tarana didn’t always have the courage to say “me too.” As a child, she reeled from her sexual assault, believing she was responsible. Unable to confess what she thought of as her own sins for fear of shattering her family, her soul split in two. One side was the bright, intellectually curious third generation Bronxite steeped in Black literature and power, and the other was the bad, shame ridden girl who thought of herself as a vile rule breaker, not as a victim. She tucked one away, hidden behind a wall of pain and anger, which seemed to work...until it didn’t. Tarana fought to reunite her fractured self, through organizing, pursuing justice, and finding community. In her debut memoir she shares her extensive work supporting and empowering Black and brown girls,

and the devastating realization that to truly help these girls she needed to help that scared, ashamed child still in her soul. She needed to stop running and confront what had happened to her, for Heaven and Diamond and the countless other young Black women for whom she cared. They gave her the courage to embrace her power. A power which in turn she shared with the entire world. Through these young Black and brown women, Tarana found that we can only offer empathy to others if we first offer it to ourselves. Unbound is the story of an inimitable woman's inner strength and perseverance, all in pursuit of bringing healing to her community and the world around her, but it is also a story of possibility, of empathy, of power, and of the leader we all have inside ourselves. In sharing her path toward healing and saying "me too," Tarana reaches out a hand to help us all on our own journeys. Developing Female Leaders Random House

In 2020, the lives of Australian women changed irrevocably. With insight, intelligence and empathy, Jane Gilmore, Santilla Chingaipe and Emily J. Brooks explore this through the lenses of work, love and body, and ask: Will the Australia of tomorrow be more equal than the one we were born into? Or will women and girls remain left behind? While our country was shrouded in smoke in the early months of 2020, Australian women went about their daily business. They worked, studied, cleaned, did school runs, made meals. And they postponed looking after themselves because life got in the way. Then, in March, Australians were told to lock down. For all the talk of equality, it was primarily women who held the health of our communities in their hands as they took on the essential jobs to care, to nurse and to teach, despite an invisible danger. One year later, women across the country would march on behalf of those who were not safe in workplaces and their own homes. Never before has change been thrust so abruptly on

modern Australian women - 2020 impacted our working lives, relationships and our health and wellbeing. And as a growing number of women agitate for change, it is time to demand what women want. So where do we go from here? One thing is very clear: the future is now, and it is female.

Revelation National Geographic Books Graduate student Vivienne Charles is afraid and ashamed of her own fantasies: being taken by force by a man who will claim her completely. The sex is incredible. And soon their emotions are bound together as tightly as the rope around Vivienne's wrists. But the secrets in their pasts threaten to take their arrangement down an even darker path. [In the Company of Women](#) Baen Publishing Enterprises
