Vedette Trista Capello knows only two things in her life, death and deceit. Hired to infiltrate an organization, Vedette finds that glimpses of her past have come back to haunt her. There is more to the Order of the Blue Moon than meets the eye, but her orders are to infiltrate and destroy. Deep undercover Vedette finds herself walking down memory lane and she realizes, that no matter what she does, the outcome will always be the same. There will always be death and destruction, there will always be betrayal. Until she meets Monseigneur Phillipio D'Angelo. She finds herself drawn to this angel of mercy and he to her. Phillipio has his own cloak of secrets though and when she finds out that he was sent to track her down and dispose of her, she is torn between silencing him or going against her orders. Vedette is given a choice by the high priestess of the Order, embrace her true nature and forsake them all but save the man she loves or come to the light and sell her soul to the highest bidder to save mankind. In the end, Vedette's life is not her own.

The New sporting magazine

Francesco Sgrò

"A fun read, with a bit of fantasy and mystery, and it's sure to put a smile on your face (did I mention it has a talking cat?)."—Here's to Happy Endings Yonie Watereye lives in the bayou. The water there is full of guile, a power that changes people and objects. Yonie, 16, makes a living investigating objects affected by guile, but in fact it's her talking cat, LaRue, who has the power to see guile. Yonie becomes aware that

someone is sending harmful guile-changed objects to certain people, including herself. Her investigation becomes entwined with her hunt for the secrets of her mother's past and leads her to discover dangers hidden within her own family. In the suspenseful adventure that follows, Yonie and her feline companion face challenges that could end their adventuring forever. * A Junior Library Guild Selection * "The setting is a blend of Venice's canals and Louisiana's bogs; the plot is an almost cozy mystery with red herrings aplenty; the heroine is as plucky as her sidekick is prickly. Add just a dash of romance and you've got yourself a fine gumbo of a book that, while satisfying in one gulp, may also have readers returning for second helpings."—Bulletin "The plot is invigorating and exciting . . . Unexpected twists leave readers both on edge and fulfilled."—Kirkus Reviews "Memorable, well-drawn characters . . . Those who like unusual fantasies will enjoy this and will identify with the appealing Yonie as she searches for her roots and a place to belong."—Booklist

Bulletin Arcadia Publishing

Born to a Gothic social order, branded a haunter of men's dreams, Vedette is traumatized when her small town in the magical wetlands of southern Spain's Guadalquivir River is overrun by hashish-smoking anarchists promising free love and a life without sadness to those who would follow them. Entranced by their flamenco music, their philosophy of revenge, and the concrete ability to deliver political results, the young woman joins a movement destined to annihilation and becomes its sole survivor, burdened with the task of keeping its memory and project for a better world alive through conversations with their flamenco shadows.

Transcending political viewpoints, Mr. Siciliano opens a new chapter in the understanding of the Spanish Civil War, opting for a literary interpretation that looks beyond right and wrong to more universal lessons only the passage of decades and the healing effects of time can reveal.

Lectures on tactics for officers of the army, militia and volunteers Palala Press

On October 26, 1862, Col. Edward P. Connor and the 3rd California Volunteers set up Camp Douglas for the purpose of protecting the overland mail and telegraph routes between Nevada and Wyoming. This began a long history of a U.S. military presence in the Salt Lake Valley Mormon community. Although the camp closed on October 26, 1991, the U.S. military still has a presence today on the east bench of Salt Lake City known as Fort Douglas. The base as it was during its heyday of the 38th Infantry is gone, but the parade ground and Gothic sandstone homes of Officers Circle, shaded by trees planted long ago, still remain at Fort Douglas. The horses have disappeared and the "old soldiers have faded away," but the stable and red-brick barracks also remain. A few old-timers still enjoy a stroll around the parade ground, listening for the canyon breeze ruffling through the trees that echo faintly the calls of yesteryear.

Journal of the Royal United Service Institution, Whitehall Yard Houghton Mifflin Harcourt

In February 1932 legendary bush pilot Wilfrid May used his Bellanca Pacemaker to hunt down the notorious killer Albert Johnson, the "Mad Trapper of Rat River." Russ Baker used his Junkers W34 to pluck 24 men from a Yukon mountainside after three bombers crashed in appalling weather in 1942. Jack Hunter tracked rumrunners off the New

Brunswick coast in his Fairchild. *Bush Planes and Bush Pilots* is the story of sixteen extraordinary aircraft found in the collections of Canada's aviation museums. It is a celebration of some of the greatest moments in Canadian history, when daring young pilots defied incredible odds to open up some of the nation's remotest regions to the outside world. Author Dan McCaffery highlights a diverse spectrum of planes from the pioneer era to the modern day; each plane is profiled individually, accompanied by historical and contemporary visuals and colour artwork. *Bush Planes and Bush Pilots* is an attractive book that will appeal to all who are interested in aviation history and the story of Canada's development as a nation.

Racing Calendar for ... James Lorimer & Company

Twelve Terrifying Tales to Keep You Awake at Night! Featuring classic tales from horror masters such as H.P. Lovecraft and Robert Chambers and also newer horror authors, this anthology collection is sure to make you lose sleep. It also features artwork by horror artist Harold Torres. Ghosts, hauntings, alien fish, demon possessions, and mutant creatures. And those are just the authors! This set of spooky tales is a perfect read for Halloween, Dark and Stormy Nights, or Sunday Morning Church. Each author in this collection has a wealth of additional stories, so this is just the beginning. Pick it up now... if you dare.

Cavalry Service Regulations, United States Army (experimental). 1914 Forgotten Books

This play is an adaptation/update of the "Cristophe Colombe" written in 1927 by Michel De Ghelderode (1898-1962). The action takes place in an undefined era of

the Middle Age, as much undefined as our Era, which has many common points with the Middle Age. First of all: today there are still many people who believe that Earth is flat. ☐ In the age in which Columbus lived, who said that Earth was spherical was sentenced to witchcraft by the Inquisition. Today, instead, he could be insulted as a believer of NASA's pictures. The conviction is different, but the ignorance of the prosecutors is the same. A suggestion for the director: there are 10 characters in the comedy. Nevertheless, is possible to stage it with only 2 actors, because one will play Columbus, while the other will play 9 characters. That's why I inserted in the play some monologues for Columbus who permit the other actor a fast costume changing. In conclusion, I chose to use emoticons ☐ in order to better express the characters' moods, considering that today, because of social networks, emoticons are almost rooted in our way of writing. Bye! ☐

The Vedette, 1898 (Classic Reprint)

iUniverse

From the Webster's Dictionary of the English language: Vedette: a sentinel on horseback stationed on an outpost or elevated point to watch an enemy and give notice of danger; a picket or outpost. What has Dr. Sean Nolan seen, and who will hear the warning? The number of victims keeps growing, but proving the crime is nearly impossible. If he can't find a way, his name could be next on the list.

The Fort Wayne High School Vedette, '96, Vol. 1 Palala Press

Includes The First World War On The Somme Illustration Pack – 107 photos/illustrations and 31 maps. These are the wartime adventures of “Vedette”, a pseudonym of noted journalist and screenwriter Valentine Williams, during the First World War. Williams volunteered for service at the age of 32, a little on the old side for service in as prestigious and hard fighting as the Irish Guards. He was commissioned as a 2nd Lieutenant or “Ensign”, and found himself travelling to France and the frontline in 1916. There was little enough time for him to learn his duties and responsibilities in the field before he and his men were thrown into the hell of the Battle of the Somme. The sounds of the shells, bullets and cries of “Stretcher-BearER!” were to become all too familiar to the author before he was wounded and sent back to Blighty. His memoirs are told in the third person, with verve wit and vivid detail that belie William’s journalist background.

Vedette University of Oklahoma Press
Excerpt from The Fort Wayne High School Vedette, '96, Vol. 1: Senior Class Annual Inasmuch as the Fort Wayne High School has grown from a mere handful of students in the start, to nearly three hundred, in this, its twenty-eight year, the Senior Class of '96 thinks that it is time to publish an High School Annual. We have endeavored to make this Vedette more of a Literary Annual than a

mere hand book, and to thus describe the different phases of High School Life. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Practical lessons in reconnoitring, outpost duty, etc., suggested by the late autumn manoeuvres Pickle Partners Publishing

Wallace Stegner called South Pass “one of the most deceptive and impressive places in the West.” Nowhere can travelers cross the Rockies so easily as through this high, treeless valley in Wyoming immediately south of the Wind River Mountains. South Pass has received much attention in lore and memory but attracted no serious book-length study—until now. In this narrative, award-winning author Will Bagley explains the significance of South Pass to the nation’s history and to the development of the American West. Fur traders first saw South Pass in 1812. From the early 1840s until the completion of the Union Pacific and Central Pacific Railroads almost forty years later, emigrants on the Oregon, California, and Mormon Trails used South Pass in transforming the American West in a single generation. Bagley traces the peopling of the region by the earliest inhabitants and adventurers, including Indian peoples, trappers and fur traders, missionaries, and government-commissioned explorers. Later, California gold rushers, Latter-day Saints, and families seeking new lives went through this singular gap in the Rockies. Without South Pass, overland wagons beginning their journey far to the east along the Missouri River could not have reached their destinations in a single season, and western settlement might have been delayed for decades. The story of South Pass offers a rich

history. The Overland Stage, Pony Express, and first transcontinental telegraph all came through the region. Nearly a century later, President Dwight D. Eisenhower designated South Pass as one of America’s first National Historic Landmarks. An American place so rich in historical significance, Bagley argues, deserves the best of historical preservation efforts.
