A 2016 Coretta Scott King Author Honor book, and recipient of the Walter Dean Myers Award for Outstanding Children's Literature. In this New York Times bestselling novel, two teens—one black, one white—grapple with the repercussions of a single violent act that leaves their school, their community, and, ultimately, the country bitterly divided by racial tension. A bag of chips. That's all sixteen-year-old Rashad is looking for at the corner bodega. What he finds instead is a fist-happy cop, Paul Galluzzo, who mistakes Rashad for a shoplifter, mistakes Rashad's pleadings that he's stolen nothing for belligerence, mistakes Rashad's resistance to leave the bodega as resisting arrest, mistakes Rashad's every flinch at every punch the cop throws as further resistance and refusal to STAY STILL as ordered. But how can you stay still when someone is pounding your face into the concrete pavement? There were witnesses: Quinn Collins—a varsity basketball player and Rashad's classmate who has been raised by Paul since his own father died in Afghanistan—and a video camera. Soon the beating is all over the news and Paul is getting threatened with accusations of prejudice and racial brutality. Quinn refuses to believe that the man who has basically been his savior could possibly be guilty. But then Rashad is absent. And absent again. And again. And the basketball team—half of whom are Rashad's best friends—start to take sides. As does the school. And the town. Simmering tensions threaten to explode as Rashad and Quinn are forced to face decisions and consequences they had never considered before. Written in tandem by two award-winning authors, this four-starred reviewed tour de force shares the alternating perspectives of Rashad and Quinn as the complications from that single violent moment, the type taken directly from today's headlines, unfold and reverberate to highlight an unwelcome truth.

The Catastrophic History of You and Me Crossing Press

Fourteen remarkable stories that combine strong Western settings with a subtle and distinct female voice. This critically celebrated debut collection marks the exciting beginning of prize-winner Meloy's promising career. Lean and controlled in their narration, abundant and moving in their effects, Maile Meloy's stories introduce a striking talent. Most are set in the modern American West, made vivid and unexpected in Meloy's unsentimental vision; others take us to Paris, wartime London, and Greece, with the same remarkable skill and intuition. In "Four Lean Hounds, ca. 1976," two couples face a complicated grief when one of the four dies. In "Ranch Girl," the college-bound daughter of a ranch foreman must choose which adult world she wants to occupy. In "A Stakes Horse," a woman confronts risk and loss at the racetrack and at home. And in "Aqua Boulevard"—winner of the 2001 Aga Khan Prize for Fiction—an elderly Parisian confronts his mortality. Meloy's command of her characters' voices is breathtaking; their fears and desires are deftly illuminated. Smart, surprising, and evocative, Meloy's brilliantly observed stories fully engage the mind and heart.

A richly textured novel tells a story of sex and longing, love and loss, and of the deceit that can lie at the heart of family relationships. "Each chapter...has the seductive aura of a finely crafted story. Liars and Saints is instructive and bittersweet and yet somehow never nostalgic" (Los Angeles Times). Set in California, *Liars and Saints* follows four generations of the Catholic Santerre family from World War II to the present. In a family driven as much by jealousy and propriety as by love, an unspoken tradition of deceit is passed from generation to generation. When tragedy shatters their precarious domestic lives, it takes astonishing courage and compassion to bring them back together. By turns funny and disturbing, irreverent and profound, *Liars and Saints* is a masterful display of Maile Meloy's prodigious gifts and of her penetrating insight into an extraordinary American family and into the nature of human love. "Meloy may be the first great American realist of the twenty-first century: The Santerres aren't real but they feel like they are, and the reader will not soon forget them" (The Boston Globe).
