Beware the Smiling DM Routledge

From the #1 Best-Selling author, Jeff Ashworth, comes the latest addition to The Game Master series, with more than 500 NPCs ready to populate your campaign whenever you need them! As is often the case in tabletop roleplaying games, players often venture into locales or look for answers in places and among people busy Game Masters simply didn't anticipate. Or, just as often, an adventure won't have fully fleshed out characters in place for the locations and encounters outlined for gameplay. The Game Master's Book of Non-Player Characters solves these issues and more by providing Game Masters with the information they need to "fill in the holes" in their campaign play. It will enable GMs to instantly add depth, color, motivation and unique physical characteristics at a moment's notice to unexpected or underwritten characters as they pop up during gameplay, ensuring every session is a memorable one for players and GMs alike. This edition also includes more than 50 hand-drawn illustrations of select NPCs detailed in the book, 3 bonus one-shot adventures, and a foreword by online influencer Jasmine Bhullar.

Police Brutality and White Supremacy Ten Speed Press

One twin plots in a dark tower, mastering the arcane forces of magic and learning the secrets that will allow him to enter the Portal and challenge the gods themselves. The other twin hides from personal demons at the bottom of a bottle, not yet having found the courage and wisdom to become whole. Their legend will change both the history of Krynn and its future. The legends of other heroes stand waiting to be written. Personal journeys, great quests, and heroic sacrifices all lie ahead. Sometimes it is not the world that needs to be saved, but a soul. The River of Time not only provides the chance to find the forgotten history of Krynn, but a chance to visit the world as it might have been. Discover an Ansalon untouched by Cataclysm, where the Godpriest reigns supreme; visit a magocracy, a land in which the Orders of High Sorcery rule through the power of magic; roam the dragonlands,

crushed under the terrible might of the Dark Queen and her dragon highlords. Legends of the Twins is a resource for games set in the world of DragonLance. Inside one will find information for players, including variant rules for character traits, new feats, prestige classes. New spells and magic items allow characters to journey across the River to Time. Dungeon Masters will discover an amazing wealth of campaign possibilities, including travel into Ansalon's distant past or many different alternate versions of the world-available to introduce into a current campaign or as a launching point of one that is entirely new. All information within this volume is fully compatible with the revised edition of the d20 System game. Book jacket.

The Type 1 Diabetes Self-Care Manual The New Press

A USA Today and Wall Street Journal bestseller! Learn how to fight better and end your arguments with your partner feeling closer, more loved, and better understood. We take our cars in for oil changes. We mow our lawns and pull weeds. Why don't we do maintenance on our marriages? This relationship is the most important one we will ever have, so why not get better at it? For the last several years, Penn and Kim Holderness of The Holderness Family have done the hard maintenance and the research to learn how to fight better. With the help of their marriage coach Dr. Christopher Edmonston, they break down their biggest (and in some cases, funniest) fights. How did a question about chicken wings turn into a bra fight (no, not a bar

fight or a bra fight)? How did a roll of toilet paper lead to tears, resentment, and a stint in the guest bedroom? With their trademark sense of humor and complete vulnerability, Penn and Kim share their 10 most common Fight Fails and how to combat them. Throughout the book, they offer scripts for how to start, continue, and successfully close hard conversations. Couples will emerge equipped to engage and understand, not do battle—and maybe laugh a little more along the way. In Everybody Fights, couples will learn how to: Use "magic words" for healthy conflict resolution Address unspoken and unrealistic expectations Banish the three Ds of unhealthy communication—distraction, denial, and delay Carry individual baggage while helping your partner deal with theirs Penn and Kim want you to know you're not alone. Everybody fights. Marriage is messy. Marriage is work. But marriage is worth it. Fight for it!

Hackers Beware Thomas Nelson

Winner of the International Lannan Literary Award for Nonfiction Animal tracks, word magic, the speech of stones, the power of letters, and the taste of the wind all figure prominently in this intellectual tour de force that returns us to our senses and to the sensuous terrain that sustains us. This major work of ecological philosophy startles the senses out of habitual ways of perception. For a thousand generations, human beings viewed themselves as part of the wider community of nature, and they carried on active relationships not only with other people with other animals, plants, and natural objects (including mountains, rivers, winds, and weather patterns) that we have only lately come to think of as "inanimate." How, then, did humans come to sever their ancient reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In The Spell of the Sensuous David Abram draws on sources as diverse

as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which--even at its most abstract--echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez.

An NBA veteran offers engaging interviews and reflections that explore police brutality, white supremacy, and the struggle for racial justice in America. "Thomas's interviews demand careful reading by all who want to expose racism, hold police accountable, and create an American society that practices social justice." —Library Journal, a Best Book of the Year in Political Science/Civil Rights "The book is filled with thought-provoking interviews and commentary on police brutality, white supremacy, and the lack of racial equality in the United States. Thomas interviewed victims of police brutality and their family members to convey what they actually went through and allow them to share what they experienced directly." —Bullets Forever "My family and I are extremely grateful for the support and love from my brother in the movement, Etan Thomas." —Emerald Garner, daughter of Eric Garner "I'm extremely grateful to Etan for continuing to shine a light on how police violence has harmed families across the nation. Our stories matter." —Dr. Tiffany Crutcher, twin sister of Terence Crutcher ETAN THOMAS, an eleven-year NBA veteran and lifelong advocate for social justice,

weaves together his personal experiences with police violence and white supremacy with multiple interviews of family members of victims of police brutality like exonerated Central Park Five survivor Raymond Santana and Rodney King's daughter Lora Dene King; as well as activist athletes and other public figures such as Steph Curry, Chuck D, Isiah Thomas, Sue Bird, Jake Tapper, Jemele Hill, Stan Van Gundy, Kyle Korver, Mark Cuban, Rick Strom, and many more. Thomas speaks with retired police officers about their efforts to change policing, and white allies about their experiences with privilege and their ability to influence other white people. Thomas also examines the history of racism, white supremacy, and the prevalence of both in the current moment. He looks at the origins of white supremacy in the US, dating back to the country's inception, and explores how it was interwoven into Christianity--interviewing leading voices both in and outside of the church. Finally, with prominent voices in the media and education, Thomas discusses the continued cultivation of these injustices in American society. Police Brutality and White Supremacy demands accountability and justice for those responsible for and impacted by police violence and terror. It offers practical solutions to work against the promotion of white supremacy in law enforcement, Christianity, early education, and across the public sphere. Featuring original interviews with: Steph Curry, Chuck D, Yamiche Alcindor, Isiah Thomas, Jemele Hill, Craig Hodges, Stan Van Gundy, Mark Cuban, Jake Tapper, Mahmoud Abdul-Rauf, Sue Bird, Kyle Korver, Rick Strom, Cenk Uygur, Tim Wise, Chris Broussard, Breanna Stewart, Rex Chapman, Stephen Jackson, Kori Mccoy, Lora Dene King, Chikesia Clemons, Raymond Santana, Alissa Findley, Amber and Ashley Carr, Michelle and Ashley Monterrosa, Chairman Fred Hampton Jr., Abiodun Oyewole, Marc Lamont Hill, Officer Carlton Berkley, Pastor John K. Now in its second edition, *Text Analysis with R* provides a practical introduction to computational text analysis using the open source programming language R. R is an extremely popular programming language, used throughout the sciences; due to its accessibility, R is now used increasingly in other research areas. In this volume, readers immediately begin working with text, and each chapter examines a new technique or process, allowing readers to obtain a broad exposure to core R procedures and a fundamental understanding of the possibilities of computational text analysis at both the micro and the macro scale. Each chapter builds on its predecessor as readers move from small scale "microanalysis" of single texts to large scale "macroanalysis" of text corpora, and each concludes with a set of practice exercises that reinforce and expand upon the chapter lessons. The book's focus is on making the technical palatable and making the technical useful and immediately gratifying. *Text Analysis with R* is written with students and scholars of literature in mind but will be applicable to other humanists and social scientists wishing to extend their methodological toolkit to include quantitative and computational approaches to the study of text. Computation provides access to information in text that readers simply cannot gather using traditional qualitative methods of close reading and human synthesis. This new edition features two new chapters: one that introduces `dplyr` and `tidyr` in the context of parsing and analyzing dramatic texts to extract speaker and receiver data, and one on sentiment analysis using the `syuzhet` package. It is also filled with updated material in every chapter to integrate new developments in the field, current practices in R style, and the use of more efficient algorithms.

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church
What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

"The magic here is not the supernatural kind, but rather an attention to the grace of the ordinary. It is the magic of watching these women come into their power."—New York Times A GMA Buzz Pick! A Most Anticipated Book by Essence · The Millions · Atlantic Journal Constitution · Glamour · Teen Vogue · Bustle ·

BookPage · Nashville Scene · Ms. Magazine · Parnassus Musing A Best Book of February by Washington Post · Nylon · BookRiot In this glittering triptych novel, Suzette, Maple and Agnes, three Black women with albinism, call Shreveport, Louisiana home. At the bustling crossroads of the American South and Southwest, these three women find themselves at the crossroads of their own lives. Suzette, a pampered twenty-year-old, has been sheltered from the outside world since a dangerous childhood encounter. Now, a budding romance with a sweet mechanic allows Suzette to seek independence, which unleashes dark reactions in those closest to her. In discovering her autonomy, Suzette is forced to

decide what she is willing to sacrifice in order to make her own way in the world. Maple is reeling from the unsolved murder of her free-spirited mother. She flees the media circus and her judgmental grandmother by shutting herself off from the world in a spare room of the motel where she works. One night, at a party, Maple connects with Chad, someone who may understand her pain more than she realizes, and she discovers that the key to her mother's death may be within her reach. Agnes is far from home, working yet another mind-numbing job. She attracts the interest of a lonely security guard and army veteran who's looking for a

traditional life for himself and his young son. He's convinced that she wields a certain "magic," but Agnes soon unleashes a power within herself that will shock them both and send her on a trip to confront not only her family and her past, but also herself. This novel, told in three parts, is a searing meditation on grief, female strength, and self-discovery set against a backdrop of complicated social and racial histories. Nobody's Magic is a testament to the power of family—the ones you're born in and the ones you choose. And in these three narratives, among the yearning and loss, each of these women may find a seed of hope for the future.
