Education in Southern
Africa is a comprehensive
critical reference guide to
education in the region.
With chapters written by

an international team of
leading regional education
experts, the book
explores the education
systems of each country
in the region. With

chapters covering Botswana, Lesotho, Madagascar, Mozambique, Namibia, South Africa, Swaziland and Zimbabwe, the book critically examines the development of education provision in each country as well as local and global contexts. Including a comparative introduction to the issues facing education in the region as a whole and guides to available online datasets, this handbook will be an essential reference for researchers, scholars, international agencies and

policy-makers at all levels. **Using Examinations to Improve Education** World Bank Publications This country-by-country survey of educational systems provides detailed essays on the histories, legal foundations, and primary and secondary educational systems of 233 countries. This updated and expanded edition gives users up-to-date coverage of reorganized educational systems and high-interest topics such as technological advances. Report of the Northern
