These guidelines describe how to develop a design and monitoring framework (DMF) for an Asian Development Bank (ADB) project. The DMF communicates the planned performance of a project. As a link between project design, implementation, and evaluation, it provides the basis for the project performance management system. The purpose of these guidelines is to help improve the quality and consistency of DMFs across ADB.

Develop Effective Study Strategies

The ACSF provides a rich, detailed picture of real life performance

in the five core skills of learning, reading, writing, oral communication and numeracy. This framework outlines each core skill and its levels.

Training and Assessment - Theory and Practice, 1e covers all core units and essential elective units of TAE40116 Certificate IV in Training and Assessment. It takes both theoretical and pragmatic approaches to help learners gain essential knowledge and skills through solid and well-researched theories by respected authors. Each chapter is a self-contained unit that offers sufficient volume of learning and volume of assessment to support delivery of

training and assessment. Designed as part textbook/part workbook, the A4 spiral bound, full-colour format increases student engagement particularly for visual and experiential learners. A customisable premium Assessment Pack can be purchased separately to help institutions design, develop and administer assessments more effectively and efficiently.
