The Princeton Review realizes that acing the GRE is very different from getting straight A's in school. We don't try to teach you everything there is to know about mathematics and essay writing--only the techniques you'll need to score higher on the exam. "There's a big difference. In "Cracking the GRE, we'll teach you how to think like the test writers and -Eliminate answer choices that look right but are planted to fool you -Raise your score by mastering the vocabulary words most often on the GRE -Use Process of Elimination, Ballparking and Aggressive Guessing to ace the exam -Master even the toughest sections: Analogies, Antonyms, Equations, and the new essay section This book gives you 120 practice test questions covering each section of the exam, plus a CD-ROM with four full-length practice GRE tests and instant score reporting. All of our practice questions are just like the ones you'll see on the actual GRE, and we fully explain every solution.
