A mysterious and majestic white stallion, an angelic but unsophisticated village priest, gossips with scathing tongues, and a blacksmith with awesome strength are among the characters that populate the charming stories of Sabine Ulibarrí. Ulibarrí, a native of Tierra Amarilla, takes the reader back into his past, inside the church and adobe homes, through the forests and fields, across mountain meadows and canyons, revealing an enduring love of the Spanish American people who come alive in this book. First published in Spanish in 1964, this classic re-release is a bilingual presentation that offers delightful reading for anyone interested in the hues of Hispanic life in northern New Mexico. "A unique and important literary landmark--these stories penetrate the soul of a people."--Modern Language Journal

New York Times Bestseller "There is no writer quite like Dolly Alderton working today and very soon the world will know it." —Lisa Taddeo, author of #1 New York Times bestseller *Three Women* "Dolly Alderton has always been a sparkling Roman candle of talent. She is funny, smart, and explosively engaged in the wonders and weirdness of the world. But what makes this memoir more than mere entertainment is the mature and sophisticated evolution that Alderton describes in these pages. It's a beautifully told journey and a thoughtful, important book. I loved it." —Elizabeth Gilbert, New York Times bestselling author of *Eat, Pray, Love* and *City of Girls* The wildly funny, occasionally heartbreaking internationally bestselling memoir about growing up, growing older, and learning to navigate friendships, jobs, loss, and love along the ride When it comes to the trials and triumphs of becoming an adult, journalist and former Sunday Times columnist Dolly Alderton has seen and tried it all. In her memoir, she vividly recounts falling in love, finding a job, getting drunk, getting dumped, realizing that Ivan from the corner shop might just be the only reliable man in her life, and that absolutely no one can ever compare to her best girlfriends. *Everything I Know About Love* is about bad dates, good friends and—above all else— realizing that you are enough. Glittering with wit and insight, heart and humor, Dolly Alderton's unforgettable debut weaves together personal stories, satirical observations, a series of lists, recipes, and other vignettes that will strike a chord of recognition with women of every age—making you want to pick up the phone and tell your best friends all about it. Like *Bridget Jones' Diary* but all true, *Everything I Know About Love* is about the struggles of early adulthood in all its terrifying and hopeful uncertainty.

The pantheon of renowned melancholics—from Shakespeare's Hamlet to Walter Benjamin—includes no women, an absence that in Juliana Schiesari's view points less to a dearth of unhappy women in patriarchal culture than to the lack of significance accorded to women's grief. Through penetrating readings of texts from Aristotle to Kristeva, she illuminates the complex history of the symbolics of loss in Renaissance literature. The pantheon of renowned melancholics—from Shakespeare's Hamlet to Walter Benjamin—includes no women, an absence that in Juliana Schiesari's view points less to a dearth of unhappy women in patriarchal culture than to the lack of significance accorded to women's grief. Through penetrating readings of texts from Aristotle to Kristeva, she illuminates the complex history of the symbolics of loss in Renaissance literature. Schiesari first considers the development of the concept of melancholia in the writings of Freud and then surveys recent responses by such theorists as Luce Irigaray, Kaja Silverman, and Julia Kristeva. Schiesari provides fresh interpretations

of works by Aristotle, Hildegard of Bingen, and Ficino and she considers women's poetry of the Italian Renaissance, key works by Tasso and Shakespeare, and the writings of Walter Benjamin and Jacques Lacan. According to Schiesari, male melancholia was celebrated during the Renaissance as a sign of inspired genius, at the same time as public rituals of mourning led by women were suppressed. The Gendering of Melancholia will be stimulating reading for scholars and students in the fields of feminist criticism, psychoanalytic and literary theory, and Renaissance studies, and for anyone interested in Western cultural history.

"The revolutionary the dictatorship couldn't kill, the trickster poet favored by the gods." —Ben Ehrenreich, author of *The Way to Spring: Life and Death in Palestine* Poems of revolution by one of Latin America's most beloved poets One of Latin America's greatest poets, Roque Dalton was a revolutionary whose politics were inseparable from his art. Born in El Salvador in 1935, Dalton dedicated his life to fighting for social justice, while writing fierce, tender poems about his country and its people. In *Poemas clandestinos / Stories and Poems of a Class Struggle*, he explores oppression and resistance through the lens of five poetic personas, each with their own distinct voice. These poems show a country caught in the crosshairs of American imperialism, where the few rule the many and the many struggle to survive—and yet there is joy and even humor to be found here, as well as an abiding faith in humanity. In striking, immediate, exuberantly inventive language, Dalton captures the ethos of a people, as stirring now as when the book was first published nearly forty years ago. "I believe the world is beautiful," he writes, "and that poetry, like bread, is for everyone."

Apprenticed to the infamous Necromancer of Boston while on the brink of death, Daniel Macavoy has seen a lot of upheaval in his life since that fateful day. Rescued from an abusive father and the

monster he was once enslaved by, Daniel has struggled with the traumas that scarred his heart and mind. Yet with the love and support of his found family, Daniel has become stronger than he ever imagined. A capable sorcerer, he's been entrusted with the ancestral home of the Salvatores, the legendary site of the Massacre that brought an end to the centuries-long Blood Wars between the Salvatores and the Macavoyes. The huge Mansion is a testament to old-school magic, high sorcery, and comes with a history almost as impressive as the enigmatic fae warrior who calls the gardens home. A member of the nearly extinct High Court Sidhe, Rory remembers when humans climbed down from trees and learned to stand upright. After eons spent hand in hand with his twin, Cian, Rory was struck down by a near-fatal sword blow; he slept for centuries only to be resurrected by the Necromancer of Boston. Once awakened, Rory lost his twin to a mortal prison, sentenced for heinous crimes committed in an effort to save Rory while he slept. Once worshipped as a god, Rory Brennan is learning what it means to exist in a modern mortal world. Rory finds that for the very first time, true love has found its way into his immortal heart. Daniel and Rory grow closer, love springing to life in the narrowing space between them. But their nascent bond is threatened by strangers attempting to break into the Mansion, and by the ever-growing danger to Rory's twin Cian, locked in the depths of Blackguard Prison. With the danger increasing from all sides, Daniel and Rory struggle to balance surviving with falling in love. A dragon with a growth spurt isn't helping matters, and his mentor's watchful eye makes things both more awkward and potentially lethal. **LOVE SPRINGS ETERNAL** is the fifth book in the bestselling Beacon Hill Sorcerer series and should not be read as a stand-alone.

Can a single evening be perfect? It can if you ask a couple in love. The short story "On a Spring Evening" by Guy de Maupassant, who is widely considered the master of French Naturalism, is a picturesque tale of love set in the 19th century. Cousins Jeanne and Jacques are set to be married, much to the glee of their parents. As they take a stroll on a spring evening, their emotions seem to get the best of them. The story paints a vivid picture of a scenic night and how far a single act of kindness can go. Guy de Maupassant (1850-1893) was a prolific French writer considered a pioneer in modern short story writing. Maupassant was a protégé of French writer Gustave Flaubert and is known for novels such as *A Woman's Life* and short stories including "The Horla" and "The Dumpling." Maupassant's stories fall into the Naturalist movement, often depicting social entanglements and complex human fates. They have inspired countless film adaptations including the French-Belgian drama called *A Woman's Life* (2016).
